Old county d't (incl.)	2,624,000	1,000,000

Note.—Under the charter the Municipal Assembly must appropriate $1,200,000 annually with which to pay debt and interest thereon. That portion of each annual appropriation not required for the payment of interest constitutes the sinking fund for redemption of debt existing Apr. 7 1890, and bonds issued in renewal thereof. On the basis of renewing the city's bonded debt at 4%, the debt for which this sinking fund was established will be extinguished in 1925. The sinking fund April 11 1921 was $7,790,626.
CONSTITUTIONAL AMENDMENTS.—By constitutional amendments adopted Nov. 1902, the city is empowered to exempt the county in debtedness of $1,000,000, and water works indebtedness, which now amounts to $2,621,000, in determining the limit of indebtedness V. 75, 1165 p.

TOTAL DEBT—				
Bonded debt	$2,367,300	$2,442,300	$412,000	$412,000

Of the above total (which includes bonds issued for State institutions), $175,000 are held by the common school fund and $2,267,300 by persons outside of State. The investments of the Permanent School Fund on June 30 1920 amounted to $2,267,300 On the same date the bonds held by other educational institutions amounted to $4,783,408. The cash on hand June 30 1920 amounted to $3,691,217.

The total investments of permanent school funds, including institution funds, on June 30 1920 were Bonds, $11,808,942; farm mortgages, $6,457,813 total $18,264 755

BONDS OF NORTH DAKOTA: MILL AND ELEVATOR SERIES AND REAL ESTATE SERIES.—The 1919 Legislature enacted laws providing for the issuance of $15,000,000 of bonds as follows: $5,000 000 Mill and Elevator series, $10,000,000 Real Estate series, $1,000,000 of the latter being authorized. The bonds bear 5% interest, payable semi-annually Jan. 1 and July 1. The legality of the bonds has been passed upon by the Supreme Court of North Dakota in the case of the State of North Dakota ex rel. William Langer, Atotney-General, vs. Thomas Hall, as Secretary of State, and by the United States District Court for the District of North Dakota in the case of John W. Scott et al. vs. Lynn J. Frazier, William Langer and John N. Hagan, acting as the Industrial Commission of North Dakota et al. The Supreme Court of the United States on June 1 1920 upheld the decision of the State Supreme Court. See "Chronicle" of July 3 1920, page 34. Numerous attempts by the State Industrial Commission and the Bank of North Dakota (a State institution) to sell these bonds proved fruitless. In October 1921 bonds totaling $6,100,000 were sold by the State Industrial Commission at par to the Bank of North Dakota, which in turn sold them below par. Exception was taken to this sale by a group of taxpayers, who filed a suit in the State Supreme Court contending that the sale violated the law which provides for the sale of bonds at par. The (Nonpartisan) Industrial Commission, before being obliged to relinquish office on Nov. 23 1921 (as the result of the recall election), signed a contract for the sale of all the remaining authorized bond issues at par. But the incoming Commission modified the arrangement through the negotiation of a new contract. By this new contract the amount of bonds sold was reduced from $12,300,000 to $6,200,000. The Supreme Court ruled on Dec. 22 1921 that the bonds of the State must be sold at par for cash and without a commission to the purchaser.

NON-PARTISAN LEAGUE.—A five-year experiment in State-wide Socialism terminated on Nov. 23, when the Non-Partisan League officials, consisting of Lynn J. Frazier, Governor; William Lemke, Attorney-General, and John N. Hagan, Commissioner of Agriculture, were succeeded by R. A. Nestos, Sveinbjorn Johnson and Joseph A. Kitchen, as a result of the recall election held Oct. 28. (V. 113, p. 2422.)

ASSESSED VALUATION.—The State's assessed valuation (about one-fourth actual value) has been as follows:

Years.	Real Estate.	Personal Property.*	Total Assessed Valuation.	State tax per $1,000
1921	$1,060,635,804	$317,279,862	$1,377,915,666	$3.38

*The assessed valuation of personal property as given above includes the valuation of railroad and street railway property, express companies and telegraph and telephone companies. In 1919 these amounted to $228,610,148; in 1918, $81,474,608; in 1917, $74,349,447; in 1916, $53,669,206; in 1915, $59,344,334; in 1914, $47,726,708, and in 1912, $44,829,471.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constitution as amended in 1918 and 1920. The provisions with reference to the matter are as follows:

SECTION 182. The State may issue or guarantee the payment of bonds, provided that all bonds in excess of $2,000,000 shall be secured by first mortgages upon real estate in amounts not to exceed one-half of its value; or upon real and personal property of State-owned utilities, enterprises or industries in amounts not exceeding its value, and, provided, further, that the State shall not issue or guarantee bonds upon property of State-owned utilities, enterprises or industries in excess of $10,000,000.

No future indebtedness shall be incurred by the State unless evidenced by a bond issue, which shall be authorized by law for certain purposes, to be clearly defined. Every law authorizing a bond issue shall provide for levying an annual tax, or make other provisions, sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax, or of such other provisions, to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax or other provisions discontinued until such debt, both principal and interest, shall have been paid. No debt in excess of the limit named herein shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war or to provide for the public defense in case of threatened hostilities.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed *five* (5) *per centum* upon the assessed value of the taxable property therein: provided that any incorporated city may, by a *two-thirds vote*, *increase* such indebtedness *three* (3) *per centum* on such assessed value *beyond said five* (5) *per cent* limit, *and a school district, by a majority vote may increase such indebtedness* 5% *on such assessed value beyond said* 5% *limit; provided also that any county or city by a majority vote may issue bonds upon any revenue producing utility owned by such county or city, or for the purchasing or acquiring the same or building or establishment thereof, in amounts not exceeding the physical value of such utility, industry or enterprise.* In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount, exclusive of the bonds upon said revenue-producing utilities, whether contracted prior or subsequent to the adoption of this constitution shall be included: provided, further, that any incorporated city may become indebted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, or for the purpose of constructing or purchasing water-works, for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers, and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county township, town, school district, or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185 (as amended by Article 18 of amendment). The State, any county or city may make internal improvements and may engage in any industry, enterprise or business not prohibited by Article 20 of the Constitution, but neither the State nor any political subdivision thereof shall otherwise loan or give its credit or make donations to or in aid of any individual, association or corporation except for reasonable support of the poor, nor subscribe to or become the owner of capital stock in any association or corporation.

Article 20 mentioned in the above paragraph prohibits the manufacture and sale of intoxicating liquors.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond of evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

BANK OF NORTH DAKOTA.—The 1919 Legislature passed an Act declaring the purpose of the State of North Dakota to engage in the banking business and establish a system of banking under the name of the "Bank of North Dakota," operated by the State. This Act was approved by the voters at a special election held June 26 1919 by a vote of 61,495 for to 48,239 against. The Act provided for the issuance of $2,000,000 of bonds, the proceeds of which were designated as the capital of the Bank. The Bank opened for business on July 28 1919

COUNTIES PERMITTED TO ISSUE BONDS FOR PURCHASE OF SEED AND FEED.—The State Attorney-General has given an opinion that counties may issue bonds for the purchase of seed and feed to be sold to farmers of the State at cost. V. 105, p. 2560.

TAXATION OF MONEY AND CREDITS.—The 1915 Legislature passed an Act (Chapter 255) making "money" and "credits" subject to an annual tax of two mills on the dollar. The Act is given in full in the "Chronicle" for Aug. 14 1915, page 542.

TAXATION OF MUNICIPAL BONDS.—Under date of Dec. 11 1911 the Secretary of State advised us that "there is no specific exemption with relation to the matter of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities. These evidences of indebtedness are held as representing the amount in dollars and cents for which the same may be executed."

SAVINGS BANK INVESTMENTS.—Section 5198 of the laws of North Dakota relating to State banks and savings banks, contains the provisions regulating the investment of funds of all savings banks. We publish Section 5198 in full below:

Section 5198. Investment of Funds.—A savings bank incorporated hereunder shall invest its capital, its deposits, its surplus and its profits only as follows:

First: In bonds of the United States.

Second: In bonds or evidences of debt in this State or in the bonds of other States in the Union.

Third: In bonds or warrants of any county in this State, or in the bonds or warrants of any city in this State, or any special improvement district therein, or in the bonds or warrants of any village, township, school district or drainage district in this State, issued pursuant to the authority of law, but not exceeding 30% of the assets of such savings bank shall be invested in such bonds and warrants.

Fourth: In notes or bonds secured by mortgage or deed of trust upon unincumbered real estate in this State, which real estate shall be worth, exclusive of all improvements, at least twice the amount loaned thereon, but, in addition thereto, there may be loaned 30% of an appraised value of any buildings on said real estate provided fire insurance policies are maintained and deposited as collateral to such mortgage.

Fifth: In the mortgage bonds of any railroad corporation, incorporated under the laws of any State of the United States, provided, that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment:

1. Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness.

2. Such railroad shall have paid in dividends in cash to its stockholders an amount of at least 4% per annum upon all its outstanding stock of every class.

Sixth: To the extent of 60% of the total demand deposits, in promissory notes due not more than one year from the date of loan, provided, that where there are pledged securities such as such corporation is by this chapter authorized to invest its funds, there may be loaned an amount not to exceed 80% of the value of such securities, and provided, further, that no such loan shall be made to a person in excess of 5% of the total demand deposits, and in no event more than 15% of the capital stock and surplus.

POPULATION OF STATE.—The population of North Dakota in 1920 (Census) was 646,872; in 1915, 636,956; in 1910 (Census), 577,056; in 1900, 319,146; in 1890, 190,983; in 1880, 36,909; in 1870, 14,181; in 1860, 4,837. The figures for 1860 and 1870 are for both North and South Dakota.

§ The State constitution requires that all property shall be assessed at full value, but until 1913 there was no real attempt to comply with this requirement. By virtue of the powers vested in the Tax Commission created by an Act passed at the 1913 Legislature (Chapter 352), a vigorous effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40% of the actual value.

TAX RATE.—The tax rate (per $1,000) for 1921 was $1.60.

DEBT LIMITATION.—South Dakota has incorporated into its constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XIII and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make any donations to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation: provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State, provided further (according to an amendment adopted in 1916) that the State or any county or two or more counties jointly may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of this State upon real estate security, in such manner and upon such terms and conditions as may be prescribed by general law. Nor shall the State engage in any work of internal improvement.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate $100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota limited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota.

Section 4 amended in 1896 and again in 1902, now reads as follows:

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision shall never exceed *five* (5) *per centum* upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred.

"In estimating the amount of the indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses, sewerage and other purposes; and

"Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred, for the purpose of constructing street railways, electric lights or other lighting plants:

"Provided, further, That no county, municipal corporation, civil township, district or subdivision shall be included within such district or subdivision without a majority vote in favor thereof, of the electors of the county, municipal corporation, civil township, district or other subdivision, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section provided, unless authorized by a vote in favor thereof by a majority of the electors of such county, municipal corporation, civil township, district or subdivision incurring the same."

SECTION 5. "Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid."

Section 9. This section was added to the constitution by the voters in November 1916 and provides as follows:

"The construction and maintenance of good roads and the supplying of coal to the people of the State from the lands belonging to the State are works of necessity and importance in which the State may engage but no expenditure of money for the same shall be made except by the vote of a two-thirds majority of the legislature."

TAXATION OF MUNICIPAL BONDS.—On Jan. 30 1919 the Supreme Court of South Dakota in the case of National Surety Co. vs. Starkey, County Treasurer, reversed the decision of the Circuit Court of Hughes County which had held that municipal bonds as "public securities" and "property" were taxable in that the Constitution does not expressly exempt them. In the opinion handed down in the case the Supreme Court said:

"To summarize in a few words our conclusion: If we were to consider the bonds before us merely as property and disregard the purpose for which they were issued—disregard the fact that they are governmental instrumentalities—we should hold them taxable; but, when we regard them, not merely as property but as governmental instrumentalities of a Sovereign State, superior intervening public policy grounded upon one of the Sovereign powers of the State compels us to the conclusion (there being no express language in the Constitution to the contrary) that the public securities of a State, and of its counties and municipalities were not intended to be included either in the term "property" or the term "bond" as such terms are used in that article of our Constitution relating to taxation."

Section 20 of Chapter 333, Laws of 1917, provides that all warrants or bonds issued by the State Highway Commission shall be free from all general taxes, State, county and municipal, and shall not be subject to State income tax. A similar Act was passed by the 1921 Legislature (Chapter 127), exempting the bonds issued by the State Highway Commission.

SAVINGS BANK INVESTMENTS.—There are no laws in this State specifying any particular securities for investment. Such investments, it appears, are made at the discretion of officials of savings banks.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. These figures were not reported for 1910. The number of Indians alone included in the population for 1910 and 1920 was 20,303 and 16,384, respectively.

LEGISLATURE meets biennially in odd years on the 1st Tuesday of January, and there is no limit to length of sessions. Members of the Legislature shall receive the sum of $800 for attendance at each regular session and $10 for each day in actual attendance at special sessions, but compensation for special session shall not exceed $100.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1893, page 119.

This State has no *bonded* indebtedness at present. The bonded debt which in 1892 amounted to $549,267, was gradually reduced until June 3 1900, when the last remaining $35,000 was paid off. The amount of the general fund on Oct. 1 1921 was $1,587,959.64.

PERMANENT SCHOOL FUNDS.—The investments of the school funds on Oct. 1 1921 amounted to $11,228,376, held as follows: Permanent School fund, $10,248,068; University fund, $262,716; Agricultural College endowment fund, $631,421; Normal College endowment fund, $82,520, and the Bessey Memorial endowment fund, $3,650.

The amount of cash on hand in these various funds on Oct. 1 1921 amounted to $9,167.

LAW RELATIVE TO FISCAL AGENTS.—Chapter 7 of the Laws of 1917, approved April 21 1917, published in full in V. 105, p. 1120, provides that thereafter all bonds and coupons issued by the State shall be payable at the State Treasurer's office, and those issued by any county or political subdivision thereof, shall be payable at the County Treasurer's office. The Act amends Sections 365 and 366, Revised Statutes of 1913, and repeals said original sections which made the State Treasurer the fiscal agent for the payment of *all* bonds and coupons issued throughout the State of Nebraska.

ASSESSED VALUATION.—The total assessed valuation and tax rate per $1,000 have been:

Years.	*Total Assessed Valuation.*	*Tax Rate per $1,000.*
1920	$762,284,909	$10.39
1919	570,283,169	13.00

1915	481,931,238	6.80
1914	471,933,972	7.80
1912	463,371,889	5.20
1910	$412,138,607	$5.00
1908	391,735,464	4.95
1906	313,060,301	7.00
1905	304,470,961	7.00
1900	171,747,593	7.25
1890	184,770,304	6.24
1880	90,499,618	4.00

In 1913 the Legislature passed a general revenue law—Chapter 73. Under this law property was assessed at 20% actual value, whereas in earlier years the proportion seems to have been much lower. In 1921 the Legislature changed this law so that now property is assessed at its actual value.

METHOD OF ASSESSING.—Section 1 of Chapter 133 of Article 2 of the Laws of 1921 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued and assessed at its actual value. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

DEBT LIMITATION.—Section 1 of Article XIII of the constitution of 1875, (now Section 1 of Art. XIII of the amended constitution, of 1919-20) contains the following regarding public indebtedness.

STATE indebtedness is restricted to $100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

As to city and other municipal indebtedness, this is left to the Legislature, except that it is provided by Sec. 2 of Article XIII. that no city, county, town, precinct, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law; *provided*, that such donations of a county with the donations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county, *provided, further*, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent (5%), in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received by us from the office of the Secretary of State under date of Dec. 9 1911.

SAVINGS BANK INVESTMENTS—POWERS—DEPOSITS.—Savings banks in Nebraska are governed as regards their investments of deposits by Section 36 of the Banking Laws, which reads:

Sec. 36. Savings Banks, Powers—Deposits.—Any corporation, designating its business as that of a savings bank, shall have power to carry on a savings bank business as prescribed and limited in this article. Any savings bank may receive deposits from the general public, and all deposits in any bank shall be paid to depositors, or their lawful representatives when required and at such time and with such interest and under such regulations as shall be prescribed by said bank and approved by the State Banking Board, which regulations shall be printed and conspicuously posted in some place accessible and visible to all persons in the business office of said bank. The loanable funds of any savings bank, except the reserve provided for in this article, shall be invested in bonds of the United States, or, of any State of the United States, or in the public debt or bonds of any city, county, township, village or school district of any State of the United States, which shall have been authorized by the legislature of the State, or, when approved by the State Banking Board, in other bonds of known marketable value, or shall be loaned on negotiable paper, secured by any of the above mentioned classes of security, or upon notes or bonds secured by mortgage lien upon unincumbered real estate: Provided, second mortgage loans may be made on improved farm lands, but no loans shall be made on such improved farm lands, or other real estate which, including the aggregate amount of incumbrance thereon, shall exceed 50% of the cash value thereof, or upon notes secured by collateral security of known marketable value, or held as cash, or shall be deposited in good solvent banks: Provided, chattel mortgages shall not be deemed collateral security and savings banks are hereby prohibited from investing their funds in them.

DEBT LIMITATION.—The Legislature at its 1909 session amended the law relating to the debt limitations of this city so that the provision now reads as follows:
Section 196. The bonded indebtedness of the city, exclusive of district grading bonds, district improvement bonds, public library bonds, renewal bonds, bonds issued for the purpose of funding or taking up and making payment of the floating indebtedness and liabilities of the city or bonds for the erection or purchase of a city hall, auditorium or fire engine houses, or the construction or purchase, or for the construction and maintenance, of subways and conduits, or for park purposes, or for the purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants shall not at any time exceed in the aggregate 5% of the actual value of the taxable property within the corporate limits of the city, such actual value to be determined by reference to the assessment of property in said city.
There are also other provisions and restrictions. The full text of the law as passed by the Legislature will be found in V. 88, p. 955.
VALUATION.—Chapter 133 of the Laws of 1921 requires that all property in the State not expressly exempt therefrom shall be subject to taxation, and shall be valued and assessed at its actual value instead of 1-5 of such value, as was heretofore required.

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days' service in the aggregate.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of April 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of $150,000. The Constitution of 1895 limited the debt-making power to $1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was $630,775, of which the State owned $28,650. In 1878 the total bonded debt was $1,181,975, of which the State owned $713,600. The bonded debt, which on Jan. 1 1916 amounted to $211,000, has all been retired. Permanent School Funds June 30 1920 amounted to $9,987,509.25.

SOLDIERS' BONUS BOND ISSUE PROPOSED.—The 1921 Legislature passed a bill proposing the issuance of $25,000,000 soldiers' bonus bonds. The proposition will be submitted to the voters at the general election to be held in 1922.

ASSESSED VALUATION.—

In 1920 the valuation of real estate amounted to $2,381,990,794, personal property $1,007,849,064 and public service corporations $469,675,056.

*The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Railroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors, county commissioners and county boards of equalization, under penalty of forfeiture and removal from office as such assessors or boards, to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87, p. 1189.

DEBT LIMITATION.—Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed $1,000,000. This limit, however, has two exceptions. *First*, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. *Second*, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

Debts, annual tax; proceeds For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed $1,000,000, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal thereof, when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts.—No debt shall be contracted by the State except as herein provided unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election, and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement, except (as amended in 1920, V. 111, p. 2155) to aid in the construction of roads and highways and the reimbursement for the cost of permanent improvements of roads and highways constructed after March 1 1919; but such aid and reimbursement shall not be granted in any county for more than 25% of the cost of such road or highway, nor for more than ten thousand dollars per mile, nor for more than one hundred miles in any one county; except that in counties having an assessed valuation of more than one hundred million dollars such aid and reimbursement may be granted for not more than one hundred and fifty-miles of road or highway; and the restrictions and limitations of Sections 5 and 6 of Article XI of the constitution, relating to debts and internal improvements, shall not be construed to limit the authority retained or conferred by this amendment.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages:

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing, the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. All the provisions fixing the limit of indebtedness which may be incurred by cities of the first, second and third classes will be found in the General Statutes of Kansas, 1915. In 1909 the Legislature passed an Act, which is now Section 1422 of the General Statutes of 1915, limiting the creation of indebtedness in counties, cities, &c. That portion of the Act relating to cities having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, *including* special improvement bonds, shall not exceed 10% of the assessed value. The Legislature in 1917 enacted a new law authorizing cities of the second class to issue bonds for the erection of buildings up to 7% of the assessed valuation.

As regards the indebtedness that may be incurred by school districts, the Legislature in 1917 passed an Act authorizing boards of education in cities of the first class having a population of 53,000 or more, and an assessed valuation of $65,000,000, to issue bonds up to 2½% of the value of the taxable property in such city. Previously the limit was placed at 1% of the assessed value, and applied only to boards of education in cities of the first class having more than 70,000 population. Boards of education of cities of the second class are allowed under the new law to incur an indebtedness up to 3¾% (as amended by Chapter 55, Laws of 1920) of the authorized valuation of the territory within the jurisdiction of said board o education. School districts in Kansas having a valuation of not less than $1,500,000 and not more than $1,700,000, are authorized to vote bonds not in excess of 3% of the assessed valuation for the erection of school buildings. The issuance of bonds by high school districts is limited to 1% of the assessed valuation. For full particulars of the changes made in 1917, see V. 105, p. 1726

ISSUANCE OF BONDS FOR CONSTRUCTION OF COMBINED WATER AND LIGHT PLANT UPHELD BY STATE SUPREME COURT.—In a decision handed down June 8 1918 by the State Supreme Court in a suit brought to enjoin the city of Palco from issuing bonds for the construction of a combined water and electric-light plant, it was declared that certain cities in Kansas may vote such bonds without a separate bond issue covering each class of utility. V. 107, p. 525.

BONDS TAX FREE.—By Section 15 of Chapter 408, Laws of 1907, all bonds or other evidences of indebtedness hereafter issued by this State, of any county, city or school district contained therein, are exempt from taxation.

COMMISSION GOVERNMENT.—In 1917 an Act was passed by the Legislature and approved by the Governor on Feb. 17 1917, permitting any city in the State to adopt the commission plan of government, providing certain provisions are complied with. V. 104, p. 1305.

COUNTIES CANNOT USE TAX LEVIES INTENDED FOR CURRENT EXPENSES TO PAY OLD DEBTS.—See item under Leavenworth County in "Chronicle" of June 3, page 2094.

MORTGAGE TAX LAW.—The 1915 Legislature passed a measure substituting a registration fee in lieu of taxation of mortgages. V. 100, p. 1371

SAVINGS BANK INVESTMENTS.—The State Banking Department, under date of Sept. 27 1917, advised us that "Kansas has no savings bank law, and therefore, strictly speaking, no savings banks. We think we can safely say that nine-tenths of the banks of Kansas have a savings department, however."

The Legislature in 1917 passed an Act amending Section 5209 of the General Statutes of Kansas, 1915, relating to investment of funds of any life insurance, trust or loan company, so as to provide for the investment, in addition to county, city, township, village or school district bonds, in Federal Farm Loan bonds, or in bonds issued by any other nation, or subdivision or district therein. See V. 105, p. 1461.

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on Nov. 30 1920 was $1,329,900. The warrants outstanding on the same date were $2,680,619. The Capitol Building bonds given below are issued against a land grant; they amounted to $774,000 on Nov. 30 1920. The cash on hand on Nov. 30 1920 amounted to $1,272,015.43. The permanent school fund on Sept. 30 1920 held cash and securities amounting to $8,667,981.71, and other permanent funds on hand aggregated $3,339,882.77.

The voters on Nov. 2 1920 approved the issuance of $5,000,000 State School bonds (V. 111, p. 2246). The constitutionality of the $5,000,000 State School bond issue was upheld by the State Supreme Court on Feb. 4 1921 (V. 112, p. 673). A proposition to issue $4,500,000 soldiers' bonus bonds will be submitted to the voters in Nov. 1922 (V. 112, p. 1183).

The State Supreme Court on May 2 1921 upheld the law passed by the special session of the 1921 Legislature, providing for the issuance of $3,000,000 in State Treasury note certificates for the purpose of payment of outstanding claims and accruing claims, etc. The Court ruled that these notes do not create an indebtedness under Section 2 of Article 13 of the State Constitution (V. 112, p. 2214).

ASSESSED VALUATION.—Assessed valuation for 1916 was $487,898,353. For 1917 the total assessed valuation was $582,286,529, of which real estate and personal property was $433,863,891, live stock $65,865,652 and railroads $82,745,986. For 1918 the total assessed valuation was $592,692,780, of which real estate and personal property was $434,208,568, livestock $75,000,516 and railroads $83,483,696. For 1919 the total assessed valuation was $1,701,390,523, of which real estate and personal property was $1,305,530,136, livestock $160,026,565 and railroads $235,833,822. The State tax rate (per $1,000) in 1916 was $2.80, 1917 $2.80, 1918 $3.05, 1919, $4.97, and 1920 $4.97 on total valuation. The State tax on livestock in 1916 was $3; 1917, $3; 1918, $3, and 1919, 67 cts.

DEBT LIMITATION.—The constitution of Montana was adopted by popular vote Oct. 1 1889. Article XIII of the constitution of Montana, in relation to Public Indebtedness, is as follows:

Sec. 1. Neither the State, nor any county, city, town, municipality, nor other subdivision of the State shall ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or a joint owner with any person, company or corporation, except as to such ownership as may accrue to the State by operation or provision of law.

Sec. 2. The Legislative Assembly shall not in any manner create any debt except by law which shall be irrepealable until the indebtedness therein provided for shall have been fully paid or discharged; such law shall specify the purpose to which the funds so raised shall be applied and provide for the levy of a tax sufficient to pay the interest on, and extinguish the principal of such debt within the time limited by such law for the payment thereof; but no debt or liability shall be created which shall singly, or in the aggregate with any existing debt or liability exceed the sum of one hundred thousand dollars ($100,000) except in case of war, to repel invasion or suppress insurrection, unless the law authorizing the same shall have been submitted to the people at a general election and shall have received a majority of the votes cast for and against it at such election.

Sec. 3. All moneys borrowed by or on behalf of the State or any county, city, town, municipality, or other subdivision of the State, shall be used only for the purpose specified in the law authorizing the loan.

Sec. 4. The State shall not assume the debt, or any part thereof, of any county, city, town or municipal corporation.

Sec. 5. No county shall be allowed to become indebted in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate, exceeding five (5) per centum of the (value of the) taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county

shall be void. No county shall incur any indebtedness or liability for any single purpose to any amount exceeding ten thousand dollars ($10,000) without the approval of a majority of the electors thereof, voting at an election to be provided by law.

Sec. 6. No city, town, township or school district shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding three per centum of the value of the taxable property therein, to be ascertained by the last assessment for the State and county taxes previous to the incurring of such indebtedness and all bonds or obligations in excess of such amount given by or on behalf of such city, town, township or school district shall be void Provided, however, that the Legislative Assembly may extend the limit mentioned in this section, by authorizing municipal corporations to submit the question to a vote of the taxpayers affected thereby, when such increase is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt.

[The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clark County case holding that money cannot be borrowed by counties on refunding bonds by a sale thereof without a vote of the people See V. 104, p. 2570.]

In a decision which had to do with the adjustment of the indebtedness between Custer and Fallon counties, the State Supreme Court on Dec 19 1916 ruled that bridges are not county property, but public property. See V. 103, p. 2445.]

COUNTY UNIT SYSTEM.—The Legislature in 1919 passed an Act (Chapter 211, Laws 1919) providing for the creation of a Rural School District in each county of the State, composed of all Third Class districts and parts thereof as a unit for the purpose of taxation and issuance of bonds; for the creation of sub-districts of rural districts for the purpose of local administration and control. The Act provides for boards of trustees for rural school districts and prescribes the manner of election, number, terms, powers and duties of said boards. Under Section 3 of this Act any county in the State may adopt the county unit system for rural schools.

COUNTY FUNDING AND REFUNDING BONDS VALIDATED BY ACT OF LEGISLATURE.—At the special session of the Montana Legislature in 1918 an Act was passed (Chapter 5) legalizing and validating bonds issued by counties for the purpose of funding or refunding outstanding indebtedness issued by counties without the question of issuing the same or funding or refunding such indebtedness, having been submitted to and approved by the electors. V. 106, p. 1257.

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 22 1911 that there is no legislative enactment expressly exempting such securities from taxation.

SAVINGS BANK INVESTMENTS.—Section 33 of the laws of Montana, relating to banks and banking corporations, reads:

Sec. 33. No commercial bank shall purchase, agree to purchase, or underwrite any bond issue in excess of 10% of its assets, except bonds of the United States, of the State of Montana, of the cities, towns, counties, or school districts of this State.

* The water-works bonds are a direct obligation of the city, but the interest and bonds are paid entirely from the operation of the plant, and no tax levy is made for this purpose. A one-half mill levy was made in 1913 for the betterment of the plant. The total amount of bonds issued was $600,000, but $345,000 have been redeemed.
INTEREST on water-works bonds and judgment-funding bonds at Harris, Forbes & Co., N. Y.; all others at Kountze Bros., N. Y.
A compromise was reached with the holders of $190,000 or $200,000 city warrants issued between 1893 and 1897 to accept 75% of face value without interest. See "State and City Supplement" for May 1911, and also V. 93, p. 423. Bonds were issued for this purpose and up to Oct. 1 1921, $8,800 were outstanding.

TAX RATE.—The total State tax (per $1,000) in 1918 is $3.70.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909 Legislature passed an Act (Chapter 66, Laws of 1909) creating the office of Commissioner of Taxation. This official is appointed by the Governor with the advice and consent of the Senate. The new Commissioner is given power and authority to exercise general supervision over the administration of all assessment and tax laws, over all county, town and city tax assessors and boards of equalization, levy and assessment, to the end that taxation of all property, real, personal and mixed, shall be made relatively just and uniform, and at its true and full cash market value. Assessors of boards failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Previously property in the State is understood to have been assessed at 33 1-3% of its actual value. V. 88, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the constitution with respect to debt contraction and limitation are all found in Article 16 of that instrument and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, or any subdivision thereof, are limited to 2% on the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. By Sec. 5 of Article 16, as amended in 1919, school districts are permitted to create additional indebtedness of 4% for the purpose of enlargement of school buildings. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation. We give the provisions in full below.

Section 1. *Limitation of State Debt.*—The State of Wyoming shall not, in any manner, create any indebtedness exceeding 1% of the assessed value of the taxable property in the State, as shown by the last general assessment for taxation, preceding; except to suppress insurrection or to provide for the public defense.

Sec. 2. *Creation of State Debt Restricted.*—No debt in excess of the taxes for the current year shall in any manner be created in the State of Wyoming, unless the proposition to create such debt shall have been submitted to a vote of the people and by them approved; except to suppress insurrection or to provide for the public defense.

Sec. 3. *Limitation of County Debt.*—No county in the State of Wyoming shall in any manner create any indebtedness exceeding 2% on the assessed value of taxable property in such county, as shown by the last general assessment preceding; provided, however, that any county, city, town, village or other sub-division thereof in the State of Wyoming may bond its public debt existing at the time of the adoption of this constitution, in any sum not exceeding 4% on the assessed value of the taxable property in such county, city, town, village or other sub-division, as shown by the last general assessment for taxation.

Sec. 4. *Creation of Municipal Debt Restricted.*—No debt in excess of the taxes for the current year shall, in any manner, be created by any county or sub-division thereof, or any city, town or village, or any sub-division thereof in the State of Wyoming, unless the proposition to create such debt shall have been submitted to a vote of the people thereof and by them approved.

Sec. 5. *Limitation of Municipal Debt.*—No city, town or village, or any subdivision thereof, or any sub-division of any county of the State of Wyoming, shall, in any manner, create any indebtedness exceeding 2% on the assessed value of the taxable property therein; provided, however, that any city, town or village may be authorized to create an additional indebtedness not exceeding 4% on the assessed value of the taxable property therein as shown by the last preceding general assessment, for the purpose of building sewerage therein; and provided further, that any school district may be authorized to create an additional indebtedness not exceeding 4% on the assessed value of the taxable property therein as shown by the last preceding general assessment for the purpose of the erection or enlargement of school buildings therein; debts contracted for supplying water to such city or town are excepted from the operation of this section.

Sec. 6. *Donations Prohibited.*—Neither the State nor any county, city, township, town, school district or any other political sub-division shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation. The State shall not engage in any work of internal improvement unless authorized by a two-thirds vote of the people.

Sec. 8. *Indebtedness Must Have Certificate Endorsed Thereon.*—No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political sub-division, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Auditor or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act exempting municipal bonds from taxation provided certain conditions are complied with. The Act follows:

CHAPTER 17, LAWS OF 1905.—*Be It Enacted, Etc.:* "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt'."

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortgages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortgaged property, whether real or personal, shall be taxed at its true value in money. V. 93, p. 1054.

SAVINGS BANK AND LOAN AND TRUST COMPANY INVESTMENTS—DEPOSITS—INVESTMENTS.—Savings associations in the State of Wyoming are permitted to invest their deposits as prescribed in Section 4052 of the Banking Laws of that State, which read as follows:

Sec. 4052. *Deposits—Investments.*—The board of directors of such savings association may invest 80% of the deposits made with them, in the bonds of this State, or in the bonds of the United States, or in the bonds of any city, county, town or school district in the State legally authorized to issue said bonds, or loan the same upon notes or bonds secured by mortgage or trust deed upon unencumbered real estate or chattels worth at least double the amount loaned; and from the remainder of said deposits, temporary deposits may be made by said board, in any national bank, or in any of the banks of this State, which may be incorporated under the general banking laws; such deposits not to exceed $25,000 in any one bank, or they may keep the whole or any part of the said remainder to meet the current payments of such bank and which may be kept by them on deposit, interest or otherwise, or in such suitable form as the directors may direct. Each savings bank shall at all times hold either in its own keeping or on deposit (subject to call), with some national bank, or with other banks organized under general laws, at least 10% of the savings deposit of such bank or association, and no part of the capital, deposits, investments or loans shall be divided among the shareholders until all the depositors shall be paid in full, and the stock of any savings bank shall not be taken as collateral security for any loan made by the bank issuing the stock.

TOTAL DEBT, ETC.—The total bonded debt on Oct. 1 1921 was $4,045,500. Cash balance Oct. 1 1921 was $2,585,323.

HIGHWAY BONDS.—An issue of $2,000,000 Highway bonds was approved by the voters on Nov. 2 1920. The State Supreme Court on May 21 1921 held that the $2,000,000 State highway bonds are valid, that the Act of the Legislature providing for the employment of a fiscal agent to dispose of the bonds is constitutional (V. 112, p. 2443).

ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature of 1913 passed practically a new revenue law (Chapter 58) which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property, the actual cash value of which was $1,000 would be assessed for $1,000, but only $400 would be taken as a basis of making the levy. V. 97, p. 1149.

DEBT LIMITATION.—Sections 1 and 2 of Article 8 of the Constitution as amended by the voters in Nov. 1912 and 1920 reads:

The Legislature shall not in any manner create any debt or debts, liability or liabilities which shall, singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Boise, Idaho, and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million dollars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votes cast for or against it at such election; and all moneys raised by the authority of such laws shall be applied only to specified objects therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county or city, and county, if one be published therein, throughout the State for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law, by the people, if no debts shall have been contracted in pursuance thereof, repeal the same.

No county, city, town of other subdivision shall incur indebtedness "exceeding in that year the income and revenue provided for it for such year" without the assent of two-thirds of the qualified electors voting at an election. The credit of the State or any sub-divison shall not be loaned to any individual, association, municipality or corporation.

Section 2.—The credit of the State shall not, in any manner, be given, or loaned to, or in aid of, any individual, association, municipality or corporation; nor shall the State directly or indirectly become a stockholder in any association or corporation. Provided, That the State itself may control and promote the development of the unused water power within this State.

Section 2315 of the Revised Codes of Idaho, as amended by an Act approved March 10 1915 (Chapter 44, Laws of 1915) limits the borrowing capacity of cities, towns and villages to 6% and specifies for what purposes bonds may be issued. In this section was again amended in 1917 (Chapter 16, Laws of 1917), but no substantial change or alteration was made, aside from certain provisions regarding the issuance of water bonds. The law as it now reads follows:

Sec. 2315. (a) Every city, town or village, incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds not to exceed at any time, in aggregate six (6) per cent of the assessed full cash valuation of the real estate and personal property in said city, town or village, according to the assessment of the preceding year, for any or all of the following purposes:

1. To provide for the laying, constructing, equipment and maintenance of sewers and drains.

2. To provide for the grading, paving, curbing, sidewalking or otherwise improving streets and alleys, building or constructing of sewers, drains, grading, curbing, sidewalks, crossings and cross walks, or otherwise improving the intersections of streets and alleys, constructing and laying out of streets and alleys, and the construction or aid in construction of bridges, across streams within or contiguous to or within one (1) mile of the exterior limits of any such city, town or village.

3. To provide for the funding, refunding, purchase and redemption of the outstanding indebtedness of such city, town or village.

4. To provide for the establishment and maintenance of hospitals, pest houses and cemeteries either within or without the corporate limits of such city, town or village.

5. To provide for the purchase, improvement, equipment and maintenance of lands for the use of public parks, either within or without the corporate limits of such city, town or village.

6. To provide for the purchase, erection, construction and furnishing of public buildings and building sites for the use of such city, town or village.

7. To provide for the establishment, equipment and maintenance of a fire department and for the purchase of suitable and necessary apparatus and buildings and building sites for the use thereof and for all other necessary public improvements.

Bonds may be issued under the third (3d) subdivision of this section for the purpose of funding, refunding, purchase or redemption of the outstanding indebtedness o fany such city, town or village, when the same can be done to the profit and benefit of such city, town or village, and without incurring any additional liability without the submission of the question of issuance of such bonds to the electors of the city, town or village.

(b) Every city, town or village, incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds in a sufficient amount to acquire, by purchase or otherwise, a water-works plant for such municipality and a water supply therefor, and to construct, enlarge, extend, repair, alter and improve such plant. The issuance of bonds for the purposes aforesaid or any of such purposes, shall be authorized as provided in Section 2316 of the Revised Codes of Idaho 1909, and acts amendatory thereof, and one or more bond elections may be called in the manner provided by said statute or amendatory Acts. In order to submit to the qualified electors who are tax payers, the question as to whether bonds shall issue in such amount as the City Council, at the time such election is called, shall deem to be necessary for the purposes aforesaid or any of them. All bonds authorized at any municipal election heretofore held as provided in said Section 2316 or Acts amendatory thereof, for the purpose of acquiring an adequate water system, by purchase or otherwise, by acquiring additional water and by enlarging, extending, repairing, altering and improving any municipal water-works plant shall be deemed to have been authorized for all or any of the purposes for which such bonds may hereafter be issued under this Act, and all such bonds which, at such an election have been heretofore authorized, when issued and sold, are hereby declared to be legal and binding obligations of such municipality, provided all requirements of law have been fully complied with, and the same are hereby declared to be of like force and effect as if the municipality, at the time such election was called and held, had possessed all the powers herein granted and conferred.

(c) Every city, town or village, incorporated under the laws of the Territory of Idaho or of the State of Idaho, shall have power and authority to issue municipal coupon bonds in a sufficient amount to acquire, by purchase or otherwise, a light and power plant for such municipality.

The amount for which bonds may be issued for acquiring light and power plants, or either, as herein provided, shall be determined by the council or board of trustees and stated in the ordinance therefor.

LEGISLATURE meets biennially in odd years on the first Monday after the first day of January following election, and the length of sessions is limited to 60 days.

DEBT HISTORY.—Idaho as a Territory always kept its debt within moderate limits. When it became a State the bonded debt of the Territory was $146,715.06. Of that amount $46,715.06 was issued to pay floating debt, $80,000 to pay for Capitol building and $20,000 for an asylum. The condition of the State's debt now is set out with all the details below:

TAXATION OF MUNICIPAL BONDS.—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness

SAVINGS BANK AND TRUST COMPANY INVESTMENTS.—The law regulating the investments by savings banks and trust companies in Idaho was amended in 1917 so as to make it legal to invest their deposits in Federal Farm Loan bonds. The section regulating the investments of savings banks follows:

Sec. 23. It shall be lawful for any savings bank to invest its savings deposits only as follows and not otherwise:

1. In bonds or interest-bearing notes or certificates of the United States, including bonds issued by Federal Farm Loan Banks.

2. In bonds or interest-bearing evidence of indebtedness of this State.

3. In bonds or warrants or local improvement bonds or warrants of any city, town, county, school district or irrigation district of this State, issued pursuant to authority of law, but not exceeding fifty (50) per cent of the capital and surplus of any savings bank, shall consist of bonds or warrants of any one city, town, county, school district or irrigation district.

4. In bonds or warrants of any State in the Union or any city, town, county, school or irrigation district of any such State that has not for three (3) years previous to such investment being made defaulted in payment of the interest on its legal funded debt, but not exceeding fifty (50) per cent of the capital and surplus of any such bank shall be invested in the bonds of any one State or of any county or municipality outside of this State.

5. In notes or bonds secured by mortgages to such savings bank or by mortgage or deed of trust to any trust company under the laws of this State upon unencumbered real estate worth at least double the amount loaned thereon. Whenever buildings are included in the valuation of any real estate upon which a loan shall be made by such savings bank they shall be insured by the borrower for the benefit of such savings bank in some reliable company and such policy of insurance shall be assigned to such savings bank, and it shall be lawful for such savings bank to renew such policy of insurance form year to year, in case the borrower neglects to do so, and charge the same to him.

6. In real estate subject to the provisions of Section 38 of this Act, except that no savings bank hereafter established shall have more than fifty (50) per cent of its capital invested in the lot and building in which the business of such savings bank may be carried on.

7. In dealing in exchange by purchasing and selling sight and time drafts and notes.

8. While awaiting opportunity for the judicious investment of funds deposited with such savings bank to loan the moneys so deposited upon well-secured commercial paper or upon the security of stocks and other securities not exceeding eighty (80) per cent of the cash market value thereof.

The trust company section reads:

Sec. 3. It shall be lawful for such trust company to invest its savings deposits only as follows, and not otherwise:

1. In bonds or interest-bearing notes or certificates of the United States, including bonds issued by Federal Farm Loan Banks.

2. In bonds or interest-bearing evidences of indebtedness of this State.

3. In bonds or warrants or local improvement bonds or warrants of any city, town, county, school district or irrigation district in this State, issued pursuant to authority of law but not exceeding forty per cent (40%) of the capital and surplus and not exceeding twenty per cent (20%) of the savings deposits of any such trust company shall consist of bonds or of warrants of any one city, town, county, school district or irrigation district.

4. In bonds or warrants of any State in the Union or any city, town, county, school or irrigation district of any such State that has not for three (3) years previous to such investment being made defaulted in payment of the interest on its legal funded debt, but not exceeding forty per cent (40%) of the capital and surplus and not exceeding twenty per cent (20%) of the savings deposits of any such trust company shall be invested in the bonds of any one State or of any county or municipality outside of this State.

5. Inn otes or bonds secured by mortgage to such trust company or by mortgage or deed of trust to any trust company under the laws of this State upon unencumbered real estate worth at least double the amount loaned thereon. Whenever buildings are included in the valuation of any real estate uponwhich a loan hall be made by such trust company they shall be insured b y the borrowe for the benefit of such trust company in some reliable company and such policy of insurance shall be assigned to such trust company, and it shall be lawful for such trust company to renew such policy of insurance from year to year, in case the borrower neglects to do so, and charge the same to him.

6. In real estate subject to the provisions governing such investments by savings banks organized under the State Banking Law. But no such trust company or corporation shall have more than fifty per cent (50%) of its capital invested in the title plant, abstract books and lot and building in which the business of such trust company may be carried on.

7. While awaiting opportunity for the judicious investment of funds deposited with such trust company, to loan the 'moneys so deposited upon well-secured commercial paper or upon the security of stocks and other securities, not exceeding eighty per cent (80%) of the cash market value thereof.

POPULATION OF STATE.—

1920	431,866	1900	161,772	1880	32,610
1910	325,594	1890	88,548	1870	14,999

In 1870-80 increase was 17,611, or 117.41%; in 1880-90, 55,938, or 171.54%. In 1890-1900 the increase was 73,224, or 82.70%, a part of which is due to the fact that the 1900 aggregate embraced Indians and whites on Indian reservations not theretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons. No report was made in 1910 of the Indians and whites. In 1900-10 the increase in population was 163,822, or 101.3%. The number of Indians alone included in the 1910 population was 3,988. In 1910-1920 the increase was 106,232, or 32.6%. The number of Indians alone included in the 1920 population was 3,098.

*Under the Revenue Law of 1901 property is required to be assessed at its true value. In 1913 this law was amended to provide for assessment at "true and full cash value." This accounts for the large increase in values of 1901 and 1913, as property was assessed at a very much lower basis in earlier years.
In addition to the tax rate as above, there is a poll tax of $1.00 per capita. In 1880 and prior to that date this poll tax was 50 cents per capita.
The State Supreme Court in an opinion handed down April 3 1916 upholds the increase in assessed valuations ordered by the Colorado Tax Commission and State Board of Equalization. See item under "Denver" in "Chronicle" of April 15 1916, page 1461; also V. 98, p. 249. A proposed amendment to the constitution abolishing the Colorado Tax Commission was defeated at the November 1916 election. V. 104, p. 677.

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article 11 of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the constitution concerning the debt *limitation* of the State was amended Nov. 8 1910 and again in 1920 and now reads as follows

SECTION 3. The State shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the State, suppress insurrection, defend the State, or, in time of war, assist in defending the United States and the amount of the debt contracted in any one year to provide for deficiencies of revenue shall not exceed one-fourth of a mill on each dollar of valuation of taxable property within the State, and the aggregate amount of such debt shall not at any time exceed three-fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred millions of dollars, and thereafter such debt shall not exceed one hundred thousand dollars, and the debt incurred in any one year for erection of public buildings shall not exceed one-half mill on each dollar of said valuation, and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt. Provided, That, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this State during and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897, said debt to be evidenced by registered coupon interest-bearing funding bonds to an amount not exceeding $2,115,000, or so much thereof as may be necessary to pay said warrants and interest thereon. For remainder of this section, as amended, see V. 89, p. 1363.
An amendment in 1920 for State highway construction added the following paragraph to Section 3:
"And provided, further, that, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of creating a fund to be expended as provided by law, by the State Highway Commission for the construction and improvement of public highways in the State of Colorado; said debt to be evidenced by registered coupon interest-bearing bonds to an amount not exceeding five million dollars."
Counties are prohibited from contracting debt by loan in any form, except for public buildings, roads and bridges, and such indebtedness is not to exceed in any one year $1.50 on each $1,000 in counties where the assessed valuation exceeds $5,000,000, and $3 on each $1,000 in counties the assessed valuation of which is less than $5,000,000; the aggregate indebtedness of any county for all purposes (exclusive of debts contracted before the adoption of the constitution) may not exceed twice the amount of the above limit, unless the question incurring such indebtedness shall be submitted to the qualified tax-paying electors; "but the bonds if any be issued therefor, shall not run less than ten years, and the aggregate amount of debt so contracted shall not at any time exceed twice the rate upon the valuation last herein mentioned." Originally counties with a valuation of less than $1,000,000 were not entitled to this privilege. The constitution also provides that, with the approval of the tax-paying electors, counties might issue bonds in liquidation of certain indebtedness existing prior to Dec. 31 1886.
School districts cannot incur debt without first submitting the proposition to the tax-payers; otherwise there is no limit given in the State constitution in their case. In April 1909 an Act was approved providing that the bonded indebtedness of any school district of the first or second class shall never in the aggregate exceed 5%, or of any school district of the third class 3½%, of the assessed value of the property in such district for the year next preceding the date of said bonds.
Districts containing a school population of 1,000 or more are of the first class, districts of less than 1,000 and more than 350 are second class, and districts having a population of 350 or less are of the third class.
In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less than 10 years. No debt can be created unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from the limit.
The provisions of the law relating to public revenue and limiting the levy of taxes in the several taxing districts of the State are contained in Sections 1 to 16, inclusive, of Chapter 137, Laws of 1913, as amended in 1915 and again in 1917. See V. 105, p. 1726, for changes made in 1917. The sections referred to read:

Sec. 1. The power of the board of commissioners of each of the several counties of the State to fix rates of levy annually for the creation of funds out of which to meet and defray the ordinary county expenses, including the support of the poor, and for the purpose of raising a fund to meet any unforeseen contingency expenses of the county is hereby limited as follows;

Sec. 2. In any county which has an assessed valuation for the current tax year of $1,000,000 or less, the levy shall not exceed 6 mills on the dollar of such valuation.

Sec. 3. In any county which has an assessed valuation for the current tax year of more than $1,000,000 and not in excess of $2,000,000, the levy shall not exceed 5 mills on the dollar of such valuation.

Sec. 4. In any county which has an assessed valuation for the current tax year of more than $2,000,000 and not in excess of $3,000,000, the levy shall not exceed 4 mills on the dollar of such valuation.

Sec. 5. In any county which has an assessed valuation for the current tax year of more than $3,000,000 and not in excess of $4,000,000, the levy shall not exceed 3½ mills on the dollar of such valuation.
In any county which has an assessed valuation in any amount in excess of $4,000,000, up to and including $10,000,000, the maximum levy shall be determined by reducing the levy of 3½ mills allowed upon a valuation of $4,000,000 one-tenth of one mill for each $1,000,000 in excess of $4,000,000 and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 6. In any county which has an assessed valuation for the current tax year of more than $10,000,000 and not in excess of $11,000,000, the levy shall not exceed two and seventy-eight hundredths mills on the dollar of such valuation.
In any county which has an assessed valuation in any amount in excess of $11,000,000 up to and including $50,000,000, the maximum levy shall be determined by reducing the levy of two and seventy-eight hundredths mills allowed upon a valuation of $11,000,000, two hundredths of one mill for each $1,000,000 dollars in excess of $11,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 7. In any county which has an assessed valuation for the current tax year of not more than $50,000,000 and not in excess of $51,000,000, the levy shall not exceed one and ninety-one hundredths mills on the dollar of such valuation.
In any county which has an assessed valuation in any amount in excess of $50,000,000 up to and including $100,000,000, the maximum levy shall be determined by reducing the levy of one and ninety-nine hundredths mills allowed upon a valuation of $51,000,000, one-hundredth of one mill for each $1,000,000 in excess of $51,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 8. In any county which has an assessed valuation for the current tax year of more than $100,000,000 and not in excess of $101,000,000, the levy shall not exceed one and four hundred and ninety-eight thousandths of one mill on the dollar of such valuation.
In any county which has an assessed valuation in any amount in excess of $101,000,000 up to and including $300,000,000, the maximum levy shall be determined by reducing the levy of one and four hundred and ninety-eight thousandths mills, allowed upon a valuation of $101,000,000, two one-thousandths of one mill for each one million in excess of $101,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 9. In any county which has an assessed valuation for the current tax year of more than $300,000,000 and not in excess of $301,000,000, the levy shall not exceed one and ninety-nine one-thousandths mills on the dollar of such valuation.
In any county which has an assessed valuation in any amount in excess of $301,000,000 up to and including $400,000,000, the maximum levy shall be determined by reducing the levy of one and ninety-nine one thousandths mills, allowed upon a valuation of $301,000,000, one thousandth of one mill for each $1,000,000 in excess of $301,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 10. In any county which has an assessed valuation for the current tax year in excess of $400,000,000, the levy shall not exceed one mill on the dollar of such valuation.

Sec. 11. All statutory rates making provision for fixing the limit of indebtedness of any school district or incorporated town shall be computed

upon seventy per cent (70%) of the assessed valuation of such school district or incorporated town, instead of being computed upon the full assessed valuation as provided in the various statutes fixing such limitations.

Except as herein otherwise provided, all statutory rates, making provision for the general revenues of the State and for State institutions, schools, towns, cities and for all other purposes (except to provide for the payment of bonds and interest thereon), are hereby reduced as to prohibit the levying of a greater amount of revenue for any year hereafter than was levied the preceding year, plus 5%.

Except as herein otherwise provided, the exercise of the taxing power by the General Assembly and by every taxing body to which authority has been delegated by the General Assembly to exercise the power of taxation, is hereby limited (except to provide for the payment of bonds and interest thereon), so as to prohibit the levying of a greater amount of revenue for any year hereafter than was levied the preceding year, plus 5%.

Sec. 12. If any board of levy or any officer that is charged with the duty of levying a tax in any taxing district, except the State, shall be of the opinion that the amount of tax limited by this Act will be insufficient for the needs of such taxing district for the current year, the question of an increased levy may be submitted to the Colorado Tax Commission and it shall be the duty of the Colorado Tax Commission to examine into the needs of such taxing district and ascertain from such examination the financial condition thereof and if, in the opinion of the Colorado Tax Commission, such taxing district is in need of additional funds, the said Commission may recommend an increased levy for such taxing district above the limits hereinbefore applied, and such taxing district is authorized to make such excess levy not exceeding five mills on the dollar of the valuation of such district; Provided, that in case the Colorado Tax Commission refuses or fails to recommend such increased levy or that the excess levy not exceeding five mills is insufficient to meet the required needs of such taxing district, the question may be submitted to the voters of such taxing district at a general or at a special election called for the purpose and in the manner provided by law for calling special elections in such taxing district; any such question of increasing the levy shall be submitted at any election as before set forth, due notice thereof shall be given for at least thirty days in advance of such election by publication in some newspaper published in such taxing district, except school districts, and in school districts, notice shall be given by posting a notice of such election at the school house in such district. If three-fourths of the votes cast at any such election shall be in favor of the increased levy as named in said election notice, then the officers charged with levying taxes may make such increased levy for the year voted upon and thereafter the limitation of this Act shall apply unless an increased levy for the particular year shall be voted at another election in like manner.

Sec. 13. Any levy which may be certified to the county assessor in excess of the limitations placed by this Act, shall be unlawful and in any such case it shall be unlawful for the county assessor of any county within the State to enter upon the tax roll of the county any such excessive levy and in case of any such excess in any levy it is hereby made the duty of the county assessor and he is hereby required to reduce such levy and to extend upon the tax roll only such a part thereof as will comply with the provisions of this Act.

Sec. 14. This Act shall in no way limit the amount of any levy necessary to be made for the purpose of paying any bonded indebtedness and interest thereon lawfully incurred, or any judgment against any county, city, town or school district, or the interest on such judgment, or for special assessments for local improvements, in any town, city or city and county.

Sec. 15. Any officer of any taxing district or any county assessor who shall violate any provision of this Act, shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not more than $1,000, and shall also be liable to removal from office as provided by law.

Sec. 16. Each section of this Act and every part of each section are hereby declared to be independent sections and parts of sections, and the holding of any section or part thereof to be void or ineffective for any cause shall not be deemed to affect any other section or any part thereof.

TAXATION OF MUNICIPAL BONDS.—The Legal Department of the State advised us under date of Jan. 22 1912 that there is no law specifically exempting from taxation bonds issued by the State or any of its municipalities, "in case the same are found in the hands of individuals as owners."

COLORADO IRRIGATION DISTRICTS.—Bondholders' protective committee waives interest upon irrigation district bonds held by it. See Denver Reservoir Irrigation Co. item on page 925 of the "Chronicle" for Sept. 18 1915.

SAVINGS BANK INVESTMENTS—LOANS ON REAL ESTATE—INVESTMENT OF SAVINGS DEPOSITS.—Loans on real estate and investments and loans of savings banks in the State of Colorado are governed by Sections 30 and 31 of the laws in relation to State banks and banking, 1913. These sections follow:

Sec. 30. No bank, except savings banks, shall make, or purchase loans secured by mortgage or trust deed on real estate in excess of twenty-five per cent of its total interest-bearing securities; nor, except in the case of savings banks, shall any such loan be for a longer period than three years. Banks may make, purchase and hold loans for not to exceed five years upon first trust deeds or first mortgages on real estate, worth at least double the amount of the loan, to the extent of fifty per cent of their savings deposits. No bank shall make or purchase loans on real estate unless such loans are secured by first trust deeds or first mortgages, except as additional security to loans previously made by such bank.

Sec. 31. Except as permitted by Sec. 30 hereof, savings deposits shall not be loaned or invested except upon or in the following evidences of indebtedness, to-wit: Securities of the United States, of the several States of the United States, counties, cities, towns, irrigation districts, school districts, first class commercial paper, negotiable paper secured by collateral having an actual cash market value in excess of the loan so secured and first mortgage bonds of steam or street railway, water, light, gas and industrial corporations which have earned at least four per cent net per annum on their capital stock during the five years immediately preceding the date of such loan or loans and have not defaulted in the payment of the principal or interest of any debt during such period.

INVESTMENT OF TRUST FUNDS IN BONDS OR STOCK OF PRIVATE CORPORATIONS PROHIBITED.—Section 36 of Article 5 of the Colorado constitution provides that "No Act of the General Assembly shall authorize the investment of trust funds by executors, administrators guardians or other trustees in the bonds or stock of any private corporation."

DENVER.
Denver is situated in Denver Co Incorp. Nov. 7 1861. All bonds are taxable. Under Rush Amendment to constitution (Chap. 46, Laws of 1901), adopted Nov. 1902, this city and various suburban towns have been united to form what is known as City and County of Denver. V. 76 p. 554. New Counties of Adams and South Arapahoe (the latter is now known as Arapahoe Co.) were formed out of portions of old county of Arapahoe not incl. in new city and co. of Denver. State Supreme Ct. on Feb 27 1903 upheld constitutionality of Rush Amendment. OnMay 10 1916 an amendment to the city charter was adopted doing away with the commission government and substituting the mayoralty form of government. V. 102 p. 1913.
Water Works.—The $8,000,000 municipal water plant bonds were upheld by U. S. Supreme Court Oct. 15 1917; V. 105, p. 1726. These bonds will not be issued, however, we are informed, except possibly to amount of $100,000 for which the city had obligated itself in the building of a new plant. A deal was consummated with the Denver Union Water Company, whereby the city purchased that company's plant and issued in payment the $10,806,000 bonds below.—V. 107, p. 919.
The $3,000,000 Moffat Tunnel bonds voted Feb. 17 1914 were declared void by the State Supreme Court on July 8 1914. V. 99, p. 137.
Supreme Court on Apr. 3 1916 upheld increase in assessed valuation See "Chronicle" of Apr. 15 1916, page 1461.

SAN ARROYA IRRIG. DIST.
This district (P. O Fort Morgan) is in Morgan Co. Bonds in default. In the latter part of October 1921, Mr. Arlington Taylor, attorney-at-law, of Fort Morgan, advised us that there has been "no board of directors in existence for years" and that "no levies have been made." "Efforts," he said, "have fruitlessly been made to get all bonds martialed and settled for a few cents on a dollar, but no success has been made along this line." He seems to think that the bonds are a "total loss."

All bonds are non-taxable.

INTEREST on all bonds payable at the First National Bank, New York City; National Copper Bank, Salt Lake City; or at State Treasurer's office, at option of holder.

BONDED DEBT October 1921 was $9,910,000. Sinking fund October 1921, $738,000.

The temporary loan debt October 1921 amounted to $500,000.

TAX VALUATION.—Beginning with 1916, property has been assessed on a full cash basis. The assessed value for 1921 is $688,000,000; in 1920, $716,937,465; in 1919 it was $696,587,514; in 1917 it was estimated at $590,000,000; in 1916 it was $531,000,000; in 1915 the final figure *on the old basis* was $228,096,737; in 1914, $221,611,412; in 1912, 200,299,207; in 1910, $186,354,505; in 1908, $166,019,855; in 1906, $145,995,949; in 1904, $132,994,247; and in 1900, $105,629,041. The State tax (per $1,000) for 1921 is $6.09.

DEBT LIMITATION.—The indebtedness of this State is limited by its constitution. The sections relating to State debt are found in Article XIV of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below

SECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding [as amended in 1910] in the aggregate at any one time an amount equal to one and one-half per centum of the value of the taxable property of the State, as shown by the last assessment for State purposes previous to the incurring of such indebtedness. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof of any county, city, town or school district.

Title 47, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cities, Towns, &c.—The constitutional provisions relating to the debt of counties, cities, towns, school districts and other municipal corporations will be found in Sections 3, 4, 5 and 7 of Article XIV. Section 5 is quoted above. We give Sections 3, 4 and 7 below.

SECTION 3. No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof, in this State, unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein in the year preceding such election, and a majority of those voting thereon shall have voted in favor of incurring such debt.

SECTION 4. When authorized to create indebtedness as provided in Section 3 of this Article, no county shall become indebted to an amount including existing indebtedness, exceeding 2%. No city, town, school district or other municipal corporation shall become indebted to an amount including existing indebtedness, exceeding 4% of the value of the taxable property therein, the value to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided, that no part of the indebtedness allowed in this section shall be incurred for other than strictly county, city, town or school district purposes; provided further, that any city of the first and second class, when authorized as provided in Section 3 of this Article, may be allowed to incur a larger indebtedness, not to exceed four per centum and any city of the third class, not to exceed [as amended in 1910] eight per centum additional, for supplying such city or town with water, artificial lights or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted, in accordance with the laws of Utah Territory, by any county, city, town or school district or to prevent the contracting of any debt or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect.

Section 308 of the Compiled Laws of Utah, 1907, which provides for the incurring of indebtedness by cities and towns for the supply of water, artificial light, or sewers, was amended in 1917 and now stands as follows (V. 105, p. 1330):

Sec. 308. Any city or town in this State is hereby authorized to incur an indebtedness not exceeding in the aggregate, with all other indebtedness, 8% of the value of the taxable property therein for the purpose of supplying such city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, provided that cities of the third class, and towns, may become indebted to an amount not exceeding in the aggregate, with all other indebtedness, 12% of the value of the taxable property for the purpose of supplying such city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, when the proposition to create such debt shall have been submitted to the vote of such qualified electors as shall have paid a property tax in the year preceding such election and a majority of those voting thereon shall have voted in favor of incurring such debt.

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues ($260,000 road and bridge and $300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State. In 1921 the Legislature passed an Act providing for the issuance of $1,000,000 bonds for road construction and another for $500,000 for general fund deficit. Both these Acts carry clauses exempting the bonds from taxes within the State. Title 47 of the Revised Statutes, which provides for the creation of a State Board of Loan Commissioners to refund outstanding territorial bonds also provides that these bonds are not to be taxed within the State for any purpose.

SAVINGS BANK INVESTMENTS.—There are no stipulated securities for investment by Utah savings banks. Section 429 of Chapter 9, Title 14, Compiled Laws of Utah, 1907, prescribes the bonds which are legal investments for loan, trust and guaranty associations.

INTEREST on the bonds of 1899, 1 01, 1903, 1904, 1907, 1908 and armory bonds of 1913 and 1915 is payable at the National Bank of Commerce, New York; on the bonds of 1909 at Harris, Forbes & Co., New York; on bonds of 1912, 1913 and 1921 at Seaboard National Bank, New York, or at State Treasurer's office in Santa Fe.

TOTAL DEBT.—The total bonded debt Nov. 30 1920, $4,291,500. Sinking fund on same date, $102,800.

ASSESSED VALUATION.—The assessed valuation for 1918 was $357,062,508.94; in 1920 it was $403,046,652, and in 1921 $367,828,374.

STATEHOOD.—On Aug. 21 1911 the President signed the joint resolution passed by Congress admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V. 94, p. 148. The proclamation admitting New Mexico to Statehood was signed by the President on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX. of constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of $200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years. A new section (Sec. 16) was added to Art. IX in 1921, which provides for the extension of the debt limitation in an amount not to exceed at any one time $2,000,000 for highway construction. The new section reads as follows:
Sec. 16. Laws enacted by the Fifth Legislature authorizing the issue and sale of State highway bonds for the purpose of providing funds for the construction and improvement of State highways and to enable the State to meet and secure allotments of Federal funds to aid in construction and improvement of roads, and laws so enacted authorizing the issue and sale of State highway debentures to anticipate the collection of revenues from motor vehicle licenses and other revenues provided by law for the State road fund, shall take effect without submitting them to the electors of the State, and notwithstanding that the total indebtedness of the State may thereby temporarily exceed one per centum of the assessed valuation of all the property subject to taxation in the State. Provided, that the total amount of such State highway bonds payable from proceeds of taxes levied on property outstanding at any one time shall not exceed two million dollars. The Legislature shall not enact any law which will decrease the amount of the annual revenues pledged for the payment of State highway debentures, or which will divert any of such revenues to any other purpose so long as any of the said debentures issued to anticipate the collection thereof remain unpaid.
No *school district* shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment.
The 1915 Legislature passed an Act on March 12, now known as Chapter 54, Laws of 1915, creating a State Tax Commission and also providing that the indebtedness of a county, incorporated city, town or village (except debts created by a city, town or village for the construction or purchase of a water or sewer system) shall not exceed one and one-third per centum of the actual value of taxable property. Previously the limit was four per centum on the value of the taxable property. The section giving the limitations as regards counties, cities, &c., now reads as follows:
SECTION 13. No county or incorporated city, town or village, shall ever become indebted to an amount in the aggregate, including existing indebtedness, exceeding one and one third per centum on the actual value of the taxable property within such county, city, town or village, as shown by the last preceding assessment roll, and all bonds and obligations issued or contracted in excess of such amount, after the time this Act shall go into

effect, shall be void; but such limitation shall not apply to indebtedness for the construction or purchase of a system for supplying water of a sewer system for such city, town or village.

All the provisions of this Article IX. in full will be found on page 141 of the "Chronicle" for Nov. 18 1911.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111.

SAVINGS BANK INVESTMENTS.—Section 56 of the Banking Laws of New Mexico, 1917, contains the provisions regulating the investments of the deposits of savings banks in this State. Below we publish Section 56 in full:

Sec. 56. Except as permitted by Section 34 hereof, savings deposits shall not be loaned or invested except upon or in the following evidences of indebtedness, to wit: Securities of the United States, of the several States of the United States, counties, cities, towns, irrigation districts, school districts, first-class commercial paper, negotiable paper secured by collateral having an actual cash market value in excess of the loan so secured, and first mortgage bonds of steam or street railways, water, gas, light and industrial corporations which have paid at least 4% net per annum on their capital stock during each of the five years immediately preceding the date of such loan or loans and have not defaulted in the payment of the principal or interest of any debt during such period.

Section 34, referred to above, reads as follows:

Sec. 34. No bank, except savings banks, shall make, or purchase loans secured by first mortgages on real estate in excess of 30% of its total deposits; nor shall any such loan be for a longer period than five years. Banks may make, purchase and hold loans for not to exceed five years upon first mortgages on real estate, to the extent of 50% of the savings deposits. Trust companies may make, purchase and hold loans for not to exceed five years upon first mortgages on real estate, to the extent of 50% of their general deposits. No bank shall accept real estate as security, for a greater amount than 50% of its value, as appraised by at least three of its directors. Provided, That nothing herein contained shall prevent any bank from taking additional security upon previous existing loans made in good faith.

POPULATION.—The population of New Mexico has been as follows in the years named. The totals for 1900, 1910 and 1920 include Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 6,589 and in 1880 23,452.

1920	360,350	1900	195,310	1880	119,565	1860	*87,034

SANTA FE COUNTY.
County seat is Santa Fe.
The present debt is $479,000, consisting of what are known as Refunding Bonds of the State of New Mexico, Series "B," Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe County is responsible for the interest, which is at 4¼%, payable semi-ann. (M. & S.), and is also responsible for the principal, but in case of default upon the part of the county, the State would have to take care of them, having recourse then on the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unpaid coupons, and possibly a judgment or so. The amount of these latter is estimated at $21,000. Over $1,000,000 of the old debt represented by bonds issued in aid of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse on the county, the U. S. Congress having made a large land donation to the State for the ultimate payment of these bonds. The assess. val. in 1913 was $3,110,797; the total State and county tax (per $1,000), in 1913, was about $70. Pop. '10 (Census), 14,770; '20, 15,030

do do cou..1921	6	----	Sept. 15 1922	1,000.000

INTEREST is payable in gold at the office of the State Treasurer and at Guaranty Trust Co., N. Y. City.

TOTAL DEBT, &c.—The State debt June 30 1921 was $869.972; plus amount of county and city funded indebtedness, $2 098 303; total debt, $2 968.275. Cash in general fund June 30 1921, $344 556.34. On June 30 1921 there was in the sinking fund for the redemption of Terri orial indebtedness $478 015.31.

The 1921 Legislature enacted a law (Chapter 68, Laws of 1921) authorizing the State Loan Commissioners to anticipate the collection of taxes levied for State purposes by issuing bonds payable solely from the proceeds of such taxes. The bonds may not exceed 90% of the amount of taxes for the fiscal year and must be payable within one year at a rate of interest not in excess of 8%. The act is exempted from the operation of the referendum provisions of the State Constitution by Sec. 10, which declares that an emergency exists and that an early operation of the Act is required to preserve the public peace, health and safety. Joseph S. Jencks, Judge of the Superior Court, refused to sustain a suit brought by the Bankers Trust Co. of Denver to stop the State Loan Commission from selling $1,000,000 of these bonds on Sept. 10. The company gave notice of appeal to the State Supreme Court, but up to time of going to press we have not been advised of any further action. (V. 113, p. 1270).

ASSESSED VALUTAION.—The total assessed valuation in 1921 is $830.000,000; in 1920 was $884.455.682.50; in 1919 it was $855.224.720; in 1918 it was $834.020.532; in 1917 it was $697.526 619; in 1916, *$486,406,519; in 1915, $420.532.412; in 1914, $407,267,393; in 1913, $375,862.415 in 1912, $140.338.191; in 1911, $98,032,709; in 1910, $86,126,226; in 1908, $80,687,542; in 1906, $62,227,634.

*[We are advised by the secretary State Tax Commission that that body ordered the assessors to assess all property at its "full cash value," which has always been the law, but was never carried out prior to 1913.]

TAX RATE.—The tax rate (per $1,000) for 1921 is $7.30.

STATEHOOD.—The President on August 21 1911 signed the joint resolution passed by **Congress admitting the** Territories of Arizona and New Mexico **into the Union** This resolution provided that the voters of Arizona must exempt judicial officers from the recall provision of their constitution before Statehood is granted. V. 93, p. 546. On Dec. 13 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for an amendment to the constitution *extending* the recall to all public officers of the State, either by appointment or election. This amendment was favorably voted at the general election Nov. 5 1912. The State was admitted by proclamation of the President on Feb. 14 1912.

DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 3, 5, 6, 7 and 8 of Article IX. and by Section 2 of this same article such debt, when evidenced by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds

of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 3. The Legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the State for each fiscal year. And for the purpose of paying the State debt, if there be any, the Legislature shall provide for levying an annual tax sufficient to pay the annual interest and the principal of such debt within 25 years from the final passage of the law creating the debt. No tax shall be levied except in pursuance of law, and every law imposing a tax shall state distinctly the object of the tax, to which object only it shall be applied. All taxes levied and collected for State purposes shall be paid into the State treasury in money only.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts the State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the payment of the debt thereby created. No money shall be paid out of the State Treasury, except in the manner provided by law.

Sec. 6. Incorporated cities, towns and villages may be vested by law with power to make local improvements by special assessments, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality. In Nov. 1912 an amendment to this section was adopted so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town without the assent of the voters for municipal water, light or sewer works is increased from 5% to 15% of the taxable value.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 340; V. 87, p. 111.

SAVINGS BANK INVESTMENTS.—Sub-division 6 of Section 2123 of the Revised Statutes of Arizona, 1913, relating to savings and loan corporations, states that "no corporation must purchase, hold or convey bonds, securities or evidences of indebtedness, public or private, except bonds of the United States, the Territory of Arizona or State of Arizona, and of the counties of this State and of the incorporated cities therein, unless such corporation has a capital stock or reserve fund paid in of not less than $100,000."

POPULATION.—Population of Arizona has been as follows in the years mentioned. The total for 1900 and since includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 28,623 and in 1880 18,706.

1920	334,162	1900	122,931	1870	9,658
1910	204,354	1890	59,620	1860	*6,482
		1880	40,440		

*This was population when Arizona was simply a county of New Mexico.

LEGISLATURE.—The first session of the Legislature convened on Dec. 2 1907 and was limited to 160 days. The regular sessions occur biennially in odd years on the first Tuesday after the first Monday in January. Members receive only one-third the regular pay per day after 60 days.

TOTAL DEBT.—The bonded debt of Oklahoma Territory, which on July 1 1903 amounted to $48.000, was paid off in March 1904. The entire direct obligations of the State at the present time are represented by the $3,972,900 funding bonds described below. The money on hand in the State Treasury Sept. 30 1920 amounted to $7,574,989.91. The amount on hand in the State Treasury and official depositary—moneys not distributed to the various funds and belonging to the State, amounted to $2 695,030.19. Cash on hand, public school funds, amounted to $1,497,622.20. Receipts from gross production of gas and oil at 3% for the fiscal year July 1919 to June 1920 amounted to $3,352,829.46.

ASSESSED VALUATION for the State of Oklahoma in 1921 is $1,739,835,008; in 1919-20 it was $1,664,448,745; in 1918-19 it was $1,695,797,187; in 1916-17 it was $1,248,811,724; in 1915 it was $1,194,390,852; in 1914 it was $1,184,948,176; in 1913 it was $1,177,079,420; in 1912, $1,193,655,846; in 1911, $1,326,840,833; in 1910, $916,343,830. In 1921 the valuation of real estate and personal property is $1,435,019,469, and public service corporations $304,815,599. Tax rate (per $1,000) in 1920-21 was $2.00. Property is assessed at full value.

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision was made for the union of the Territory of Oklahoma and of Indian Territory; the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, p. 745 and 1289.

DEBT LIMITATION.—Article X. of the constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed $400,000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, for any purpose, to an amount exceeding, in any year the income and revenue provided for such year, without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount including existing indebtedness, in the aggregate exceeding 5% of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness; provided, that any county, city, town, township, school district or other political corporation or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 27.—*Public Utilities.*—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesaid, shall have the power to provide for, and, before or at the time of incurring such indebtedness, shall provide for, the collection of an annual tax in addition to the other taxes provided for by this constitution, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 28. Counties, townships, school districts, cities and towns shall levy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payment of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bonds or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney-General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that said bond or evidence of debt is issued pursuant to law, and that said issue is within the debt limit.

SECTION 30. The Legislature shall require all money collected by taxation, or by fees, fines and public charges of every kind, to be accounted for by a system of accounting that shall be uniform for each class of accounts, State and local, which shall be prescribed and audited by authority of the State.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. 11 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111, and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney-General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 98, p. 423.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the State Bank Commissioner wrote us that "our law does not direct how savings shall be invested. This is a new State and we have no exclusive savings banks. Some of our commercial banks have savings departments. We also have building and loan associations which are mutual companies."

POPULATION.—Population of State in 1920 (Census) 2,028,283, in 1910 (Census) 1,657,155; in 1907 (Census) 1,414,177. The population of the Territory in 1890 was 61,834; in 1900, 398,331.

CITIES, COUNTIES AND TOWNS IN THE STATE OF OKLAHOMA.

* These bonds are held by State School Fund and $751,000 by University fund.

INTEREST is payable at the office of the Treasurer in Sacramento and National City Bank, New York City.

TOTAL DEBT.—The total bonded debt of the State Oct. 1 1921 a †$56,953,000. The warrant debt on Oct. 1 1921 was $2,186,247.37. Cash in treasury on Oct. 1 1921 amounted to $1,484,534.49. The sinking fund Oct. 1 1921 amounted to $10,035. The $2,000,000 sea-wall bonds ($350,000 now outstanding) and the $11,000,000 harbor improvement bonds issued for San Francisco are not included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners.

The bonds of 1873 ($2,277,500) matured in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Oct. 1 1921 held bonds aggregating $9,064,387 for the benefit of the State School Fund; this includes $1,526,500 of the funded debt bonds of 1873. The State Treasurer also holds $12,235,750 for the benefit of State funds other than the School Fund. This includes $751,000 of the funded debt bonds of 1873 held in trust for the University Fund referred to above.

†This does not include funded debt, which bonds the State owns.

x Value of operative property included in 1921 is $647,792,450; in 1920 it was $586,769,817; in 1919 it was $484,292,790; in 1918 it was $511,888,846; in 1917 it was $546,139,433; in 1916 it was $504,284,748; in 1915 it was $365,591,083; in 1914 it was $351,511,804.

* The large increase in the 1920 valuations extends to virtually all properties, namely real estate, improvements, personal property, solvent credits and corporate properties, and is due, the State Board of Equalization informs us, to the better prices realized for agricultural products, to the growth in business activity and the general prosperity enjoyed by the entier population of the State.

§ There is now no general tax, revenue being derived from taxation in accordance with Sec. 14 of Art. 13 of the constitution, from taxation of public service and other corporations, banks and insurance companies. The amount of tax placed upon these corporations by the State Board of Equalization for 1911 was $10,454,125.46; 1912, $10,922,405.72; 1913, $12,971,541.80; 1914, $13,580,773; 1915, $15,036,700; 1916, $15,678,219; 1917, $16,346,596.78; 1918, $17,640,243.76; 1919, $19,531,528.22; 1920, $29,804,761 66; 1921, $33,954,544.85.

CONSTITUTIONAL AMENDMENTS.—Pursuant to a constitutional amendment adopted Nov. 8 1910 to Article XI of the Constitution by adding a new section (Section 8a), the city of San Francisco voted and issued $5,000,000 bonds, the proceeds to be used by the Panama Pacific International Exposition Co. to celebrate the opening of the Panama Canal. Another amendment, approved in November 1910, was for the purpose of creating a State fund of $5,000,000 for the use, establishment, maintenance and support of the Panama-Pacific International Exposition. Still another amendment adopted provided for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92 p. 202. In November 1914 an amendment to Section 18 of Article XI of the constitution was adopted, providing for the issuance by Alameda County of not exceeding $1,000,000 bonds, the proceeds to be used, as in the case of the city of San Francisco, by the Panama-Pacific International Exposition Co.

BOND PROPOSITIONS.—Propositions providing for the issuance of $18,000,000 highway (all outstanding, see table of bond above), $1,500,000 San Diego sea-wall, $1,000,000 India Basin and $9,000,000 harbor-improvement (all outstanding, see table of bonds above) 4% bonds for the city and county of San Francisco, were adopted at the general election on Nov. 8 1910 V 92, p. 202. V. 98, p. 538. On May 23 1912 Judge Seawell dismissed an order to show cause why an injunction should not be issued restraining the sale of the $1,000,000 4% India Basin bonds. V. 94, p. 1519. No offering of the bonds was made until April 19 1917, when $625,000 were sold. V. 104, p. 1723. During 1918 $65,000 were sold and in 1919 $163,000 were sold, making the total out tanding $853,000.

Various bond propositions were voted upon at the Nov. 1914 election, but only four carried. They were (1) Initative measure providing for the issuance of $1,800,000 bonds for the completion of the University of California in Berkeley; (2) $3,000,000 bonds for State buildings in Sacramento; (3) $1,000,000 bonds for State buildings in San Francisco and (4) $10,000,000 San Francisco harbor bonds. V. 100, p. 67 and 490.

At the general election in Nov. 1916 the voters authorized the issuance of $15,000,000 bonds for the construction of the uncompleted portions of the system of State highways prescribed by the State Highways Act of 1909 and extensions thereof. V. 103, p. 2171.

At a special election on July 2 1919 the voters approved an issue of $40,000,000 highway bonds by a vote of 105,333 to 15,484. V. 109, p. 192.

VETERANS' WELFARE ACT.—An Act passed by the 1921 Legislature proposing to authorize the State to become indebted in an amount not to exceed $10 000 000 will be submitted to the people of the State at the general election in Nov. 1922 V. 113, p. 1790).

DEBT LIMITATION.—The limitations fixed in the constitution of California with reference to the creation of State debt, debts of counties, cities towns, &c., are as follows:

ARTICLE 16. Section 1. *State Indebtedness.*—The Legislature shall not in any manner create any debt or debts, liability or liabilities, which shall, singly or in aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within seventy-five years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same.

ARTICLE 12. Section 13. *State Not to Loan Its Credit, &c.*—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 4. Section 31.—*Legislature Prohibited from Loaning Credit, &c., of State, City, County, &c.*—The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or sub-division of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof in any manner whatever for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift, or authorize the making of any gift, or any public money or thing of value to any individual, municipal or other corporation whatever; *provided*, that nothing in this section shall prevent the Legislature granting aid pursuant to *section twenty-two* of this Article; and it shall not have power to authorize the State or any political sub-division thereof, to subscribe for stock, or to become a stockholder in any corporation whatever: *Provided, further*, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system situated in a foreign country.

The exception provided in Section 22 of Article 4 (referred to in the last clause of the above) permits merely the granting of aid by the State and by cities, &c., to institutions for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances.

ARTICLE 11. Section 8a.—*San Francisco Charter—Amendment in Aid of Panama-Pacific Exposition.*—The charter of the city and county of San

Francisco may be amended, in addition to the method and the times provided in Section 8 of Article XI of the Constitution, in the following particulars:

(*a*) Authorizing the City and County of San Francisco, a municipal corporation, by its legislative authority, to incur a bonded indebtedness in an amount not exceeding $5,000,000 and to issue municipal bonds therefor, and to grant and turn over to the Panama-Pacific International Exposition Company (a corporation organized under the laws of the State of California Mar. 22 1910) the proceeds of said bonds, the same to be used and disbursed by said exposition company for the purpose of an exposition to be held in the City and County of San Francisco to celebrate the completion of the Panama Canal; said bonds, so issued, to be of such form and to be redeemable, registered and converted in such manner and amounts, and at such times not later than *forty years* from the date of their issue, as such legislative authority shall determine; the interest on said bonds to not exceed 5% per annum, and said bonds to be exempt from all taxes for State and municipal purposes, and to be sold for not less than par at such times and places, and in such manner, as shall be determined by said legislative authority; the proceeds of said bonds, when sold, to be payable immediately by the treasurer of said city and county to the treasurer of said Panama-Pacific International Exposition Company, upon the demand of said treasurer of said exposition company, without the necessity of the approval of such demand by other authority, the same to be used and disbursed by said Panama-Pacific International Exposition Company for the purposes of such exposition, under the direction and control of such exposition company;

(*b*) Providing that any bonded indebtedness incurred for the purposes aforesaid shall be exclusive of the bonded indebtedness of the said city and county limited by Section 9 of Article XII of said charter;

(*c*) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control, of that portion of Golden Gate Park in the city and county of San Francisco westerly from Twentieth Avenue, as extended, for such exposition purposes, such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

(*d*) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control for such exposition purposes, of any lands held by the board of education of the city and county of San Francisco, and by the city and county of San Francisco, not in actual use, such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

(*e*) Authorizing said Panama-Pacific International Exposition Company to temporarily close streets in the city and county of San Francisco westerly from Twentieth Avenue, for such exposition purposes, and to have the exclusive possession and use, together with the management and control, of said streets for such exposition purposes, such possession and use, also management and control of said streets, to terminate not later than one year after the closing of such exposition.

Proposals to amend the charter of the city and county of San Francisco in the foregoing particulars may be submitted by the legislative authority of said city and county to the electors of said city and county, at any general or special election (and a special election may be called therefor) held in said city and county, after the publication of such proposals in a newspaper of general circulation in said city and county, for such time as shall be determined by said legislative authority. Upon the ratification of any such proposed amendment by a majority of the electors of said city and county voting at such election on such proposed amendment, said proposed amendment receiving such majority vote shall become operative immediately as an amendment to said charter, without the necessity of approval thereof by the Legislature.

Any Act of the legislative authority of the city and county of San Francisco, in submitting to the electors of said city and county, at any general or special election, proposals to amend the charter of said city and county in the foregoing particulars, including any notice by publication or otherwise of such proposals, and of such election, and the holding of such election, in accordance with the provisions hereof, before the adoption of this amendment, are hereby validated in all respects as if performed subsequent to the adoption of this amendment. The disbursement of all funds obtained from said bonds shall be accounted for by said Panama-Pacific International Exposition Company by an itemized statement thereof to be filed with the Auditor of the City and County of San Francisco.

ARTICLE 11. Section 18.—*Counties, Cities and Towns, &c., Debt Restrictions.*—No county, city, town, township, board of education or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed *forty years* from the time of contracting the same; *provided, however*, that the City and County of San Francisco may at any time pay the unpaid claims, with interest thereon at the rate of five per cent per annum, for materials furnished to and work done for said city and county during the forty-first, forty-second, forty-third, forty-fourth and fiftieth fiscal years, and for unpaid teachers' salaries for the fiftieth fiscal year, out of the income and revenue of any succeeding year or years, the amount to be paid in full of said claims not to exceed in the aggregate the sum of five hundred thousand dollars, and that no statute of limitations shall apply in any manner to these claims; *and provided further*, that the City of Vallejo, of Solano County, may pay its existing indebtedness, incurred in the construction of its water-works whenever two-thirds of the electors thereof, voting at an election held for that purpose, shall so decide, and that no statute of limitations shall apply in any manner. Any indebtedness or liability incurred contrary to this provision, with the exceptions hereinbefore recited, shall be void.

The City and County of San Francisco, the City of San Jose and the Town of Santa Clara may make provision for a sinking fund, to pay the principal of any indebtedness incurred, or to be hereafter incurred by it, to commence at a time after the incurring of such indebtedness of no more than a period of one-fourth of the time of maturity of such indebtedness, which shall not exceed *seventy-five years* from the time of contracting the same. Any indebtedness incurred contrary to any provision of this section shall be void; *and Provided, further*, that the County of Alameda may, upon the assent of two-thirds of the qualified electors thereof voting at an election to be held for that purpose, incur a bonded indebtedness of not to exceed $1,000,000, and the legislative authority of said County of Alameda shall issue bonds therefor and grant and turn over to the Panama-Pacific International Exposition Company, a corporation organized under the laws of the State of California, Mar. 22 1910, the proceeds of said bonds for stock in said company or under such other terms and conditions as said legislative authority may determine, the same to be used and disbursed by said exposition company for the purposes of an exposition to be held in the City and County of San Francisco to celebrate the completion of the Panama Canal; said bonds, so issued, to be of such form and to be redeemable, registered and converted in such manner and amounts, and at such times not later than *forty years* from the date of their issue as the Legislative authority of said County of Alameda shall determine; the interest on said bonds not to exceed 5% per annum, and said bonds to be exempt from all taxes for State, county and municipal purposes, and to be sold for not less than par at such times and places, and such manner, as shall be determined by said legislative authority; the proceeds of said bonds, when sold, to be payable immediately upon such terms or conditions as said legislative body may determine, to the Treasurer of said Panama-Pacific International Exposition Company, upon demands of said treasurer of said exposition company, without the necessity of the approval of such demands by other authority, than said legislative authority of Alameda County, the same to be used and disbursed by said Panama-Pacific International Exposition Company for the purposes of such exposition, under the direction and control of said exposition company; and the legislative authority of said County of Alameda is hereby empowered and directed to levy a special tax on all taxable property in said county each year after the issue of said bonds to raise an amount to pay the interest on said bonds as the same become due, and to create a sinking fund to pay the principal thereof when the same become due.

An amendment to Section 18 of Article 11 was submitted to the voters and was adopted at the general election on Nov. 5 1918, relating to limitations upon county, municipal and district indebtedness, by adding proviso authorizing city of Venice to pay all its indebtedness incurred during years 1914 to 1916 inclusive exceeding the income and revenue therefor, amount not to exceed in the aggregate $60,000, whenever two-thirds of voters thereof so decide at election held for that purpose, and declaring that no statute of limitations shall apply in any manner. V. 107, p. 1760. The City Clerk of Venice, under date of Dec. 31 1919, advised us that an election for the issuance of bonds to pay off back indebtedness of the city was held on March 24 1919, but the issue was defeated.

COUNTY & MUNICIPAL DEBT RESTRICTIONS.—By Section 4088 of the Political Code of California, all counties are restricted to the issuance of bonds running not longer than *forty* years.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city, town or municipal corporation.

This new law was given in full in the "Chronicle." Aug. 10 1901, p. 303.

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State constitution was favorably voted upon. V. 74, p. 916; V. 75, p. 1366.

SECTION 1¼. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State shall be free and exempt from taxation. See editorial article in "State and City Supplement" of October 1902.

DECISION CONCERNING IRRIGATION DISTRICT BONDS.—State Supreme Court rendered decision defining the obligation of the irrigation district towards a holder of its bonds. See "Chronicle" of Aug. 12 1916, page 599.

RECLAMATION DISTRICT BONDS.—In the "Chronicle" of July 28 1917, page 410, we published a digest of the reclamation district laws of California prepared by Blyth, Witter & Co. of San Francisco.—V. 105 p. 410.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendments voted Nov. 8 1910 is one repealing Section 4 of Article 13 of the State constitution, changing Section 1 so that hereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This section, as it now reads, is given in V. 91, p. 974.

SAVINGS BANK INVESTMENTS.—Investments by savings banks are regulated by the Bank Act of 1909 (Sections 61 and 67) as amended by Chapter 500, Laws of 1917, and Chapter 337, Laws of 1919. Another Act was passed by the 1917 Legislature (Chapter 114, Laws of 1917) relating to municipal water district bonds, and prescribing under what conditions such bonds shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the State school funds (see "Chronicle" of Sept. 29 1917, pages 1327 and 1328). The 1921 Legislature passed an act (chapter 780) amending the "Bank Act," which, in the case of Sections 61 and 67, amounted to a general revision and rearrangement. We publish below the full text of Sections 61 and 67. The changes made in 1921 are printed in *italics*.

Sec. 61. Any savings bank may purchase, hold *or sell* real or personal property, as follows:

1. The lot and building in which the business of the bank is carried on; furniture and fixtures, vaults and safe deposit vaults and boxes *and other personal property such as may be* necessary or proper to carry on its banking business; such lot and building, furniture and fixtures, vaults and safe deposit vaults and boxes shall not, in the aggregate, be carried on the books of such bank as an asset to an amount exceeding its paid-up capital and surplus; and hereafter, the authority of a two-thirds vote of all of the directors shall be necessary to authorize the purchase of such lot and building, or the construction of such building.

2. Such as may have been mortgaged, pledged or conveyed to it in trust for its benefit in good faith, for money loaned in pursuance of the regular business of the corporation.

3. Such as may have been purchased at any sales under pledge, mortgage or deed of trust made for its benefit for money so loaned and such as may be conveyed to it by borrowers in satisfaction and discharge of loans made thereon.

4. *Gold or silver bullion, and United States Mint certificates of ascertained value.*

5. *Bonds and other securities of the following classes:*

(*a*) Bonds or interest-bearing notes or obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest;

(*b*) Bonds of *the State of California*, or those for which the faith and credit of the State of California are pledged for the payment of principal and interest, or those of any county, city and county, city or school district of this State;

(c) Bonds or stocks or notes of any State in the United States, *other than the State of California*, that has not, within *twenty-five* years previous to making such investment by such bank, defaulted in the payment of any part of either principal or interest, or those of any county, city and county, city or town, *or school district*, in any State *in* the United States other than the State of California, issued under authority of any law of such State, which county, city and county, city or town, *or school district*, had, as shown by the Federal or State census next preceding such investment, a population of more than twenty thousand inhabitants; provided, however, that the entire bonded indebtedness of such county, city and county, city or town, *or school district*, including such issue of bonds or stocks or notes, does not exceed fifteen per centum of the value of the taxable property therein as shown by its last equalized assessment roll; and provided, further, that such county, city and county, city or town, *or school district*, or the State in which it is located has not defaulted in payment of any part of either principal or interest due upon any legally authorized bond or stock or note issue within *twenty-five* years next preceding such investment;

(*d*) Bonds of any district organized under the laws of the State of California which are required to be and are investigated and approved by a commission now or hereafter authorized by a law of this State to conduct such investigation and give such approval and by authority of which approval said bonds are declared to be legal investments for savings banks.

(*e*) Notes or bonds secured by mortgage or deed of trust, payment of which is guaranteed by a policy of mortgage insurance, and mortgage participation certificates, issued by a mortgage insurance company in accordance with the provisions of chapter eight of title two of part four of division first of the Civil Code.

6. *Bonds and other securities of the following classes; provided, that such bonds or securities shall first have been certified by the Superintendent of Banks after an investigation as provided for under section sixty-one a of this Act;*

(*a*) Bonds or interest-bearing notes or obligations *of any foreign country or government*, or those for which the faith and credit of any *foreign country* are pledged for the payment of principal and interest;

(*b*) Bonds of any district organized under the laws of *any State in the United States other than the State of California for the purpose of irrigating lands within such district, which are required to be and are investigated and approved by a commission now or hereafter authorized by a law of said State to conduct such investigation and give such approval; provided, that the entire indebtedness of such district, including the bonds under consideration, and all prior liens, within the meaning of section fifty-seven a of this Act, do not exceed fifty per centum of the aggregate market value of the lands within said district, and of the irrigation system owned or to be acquired by said district with the proceeds of said bonds;*

(*c*) *Bonds of any district organized under the laws of the State of California not otherwise provided for in this section;*

(*d*) (1) *Bonds of any railroad corporation, as the same is defined in the "Public Utilities Act," incorporated under the laws of any State in the United States and operating exclusively in the United States; Provided, that said corporations shall have had net earnings for either its fiscal year or twelve consecutive months in the fourteen months next preceding application for certification of said bonds under the provisions of section sixty-one a of this Act, amounting to at least one and one-half times the interest on all bonded indebtedness outstanding at the time of said certification, and on all additional bonds then proposed to be issued; or,*

(2) Bonds on any railroad corporation, the payment of which *is* guaranteed, both as to principal and interest, by a railroad corporation *whose bonds are a legal investment for savings banks in this State.*

(*e*) (1) *Bonds of any other public utility corporation, as the same is defined in the "Public Utilities Act," incorporated under the laws of any State in the United States and operating exclusively in the United States; provided, that said corporation shall have had net earnings for either its fiscal year or twelve consecutive months in the fourteen months next preceding application for certification of said bonds under the provisions of section sixty-one a of this Act, amounting to at least one and one-half times the interest on all bonded*

indebtedness outstanding at the time of said certification, and on all additional bonds then proposed to be issued; or,

(2) Bonds of any similar public utility corporation, the payment of which is guaranteed, both as to principal and interest, by a public utility corporation other than a railroad corporation, whose bonds are a legal investment for savings banks in this State.

In determining the income of any *railroad or other public utility* corporation *mentioned herein*, there shall be included the income of any corporation or corporations out of which it shall have been formed through consolidation or merger, and of any corporation the entire business and income-producing property of which the corporation issuing such bonds has wholly acquired.

All bonds *issued by a railroad or other public utility corporation* must be secured by a mortgage or deed of trust which at the time of said certification is: either

I. A closed first mortgage or deed of trust; or,

II. A first mortgage or deed of trust containing provisions restricting the issuance of further bonds until such time as the income of said corporation shall have been at least sufficient, during the twelve months next preceding the issuance of any additional bonds, to meet the earning requirements *heretofore* specified in *either paragraph (d) or (e) of subdivision 6 of this section* applicable to such corporation after including the additional bonds then proposed to be issued; or,

III. A refunding mortgage or deed of trust providing for the retirement of all prior lien mortgage debts of said corporation and restricting the issuance of further bonds until such time as the income of said corporation shall have been at least sufficient, during the twelve months next preceding the issuance of any additional bonds, to meet the earning requirements *of such corporation* after including the additional bonds then proposed to be issued; or,

IV. An underlying or divisional closed mortgage or deed of trust of property which forms a part of the operating system of the corporation then owning said property. In the case of bonds secured by an underlying or divisional closed mortgage or deed of trust, the net income required by this section shall be based exclusively upon the income, maintenance charges, operating expenses, taxes and mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust or, if such income, maintenance charges or operating expenses can not be definitely ascertained, on the proper proportionate share of such property in the general income, maintenance charges, operating expenses and taxes of the corporation then owning such property and on the mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust.

(*f*) Notes or bonds secured by first mortgage or deed of trust or other first lien upon real estate, improved or unimproved; provided, that the entire note or bond issue shall not exceed sixty per centum of the market value of such real estate, or such real estate with improvements, taken as security; and provided, further, in case the said note or bond issue is created for a building loan on real estate, that at no time shall the entire outstanding note or bond issue exceed sixty per centum of the market value of the real estate and the actual cost of the improvements thereon taken as security; *and provided, also, in case said real estate is located outside of this State, that the provisions of this paragraph shall be subject to the limitations and modifications contained in section fifty-seven a of this Act; and provided, also, that no such notes or bonds shall be disqualified as investments for savings banks for the reason that the payment thereof is guaranteed by a policy of mortgage insurance.*

In determining the market value of any real estate under the provisions *of the preceding* paragraph where such real estate, improved or unimproved, consists of oil or other mineral or timber land, the value represented by such oil or other mineral or timber shall not be included in fixing such market value. Nothing herein contained shall prevent savings banks from making loans secured by mortgage or deed of trust upon lands wherein redwood timber is included in fixing the market value thereof.

Any bank, however, may, without such certification by the Superintendent of Banks, purchase any note or bond or issue of notes or bonds provided for in said paragraph (f) of subdivision six of this section, whenever such purchase constitutes the entire amount of notes or bonds executed by the makers thereof and secured by the same real estate; provided, that no savings bank shall hold any such notes or bonds unless such holding constitutes the entire issue thereof at any time outstanding; and provided, also, that nothing in this paragraph shall be construed to permit savings banks to invest in notes or certificates evidencing participation in any mortgage on real estate unless by law specifically authorized, or in or on any form of obligation secured by any undivided interest in real estate designed to distribute the obligation so secured.

(*g*) Collateral trust bonds or notes when secured by either:

(1) Deposit of *notes or* bonds authorized for investment by this section of a market value at least fifteen per centum in excess of the par value of the collateral trust bonds or notes issued; or,

(2) Deposit of *notes or* bonds authorized for investment by this section and other securities of a combined market value at least twenty per centum in excess of the par value of the collateral trust bonds or notes issued; provided, that the par value of said collateral trust bonds or notes shall in no case exceed the market value of that portion of the security represented by *notes or* bonds authorized for investment by this section.

(*h*) *Railroad equipment trust certificates or obligations issued or guaranteed by a corporation to which a loan or loans for the construction, acquisition, purchase or lease of railroad equipment has or have been made with the approval of the Inter-State Commerce Commission; provided, that the entire issue shall not exceed sixty per centum of the cost of such equipment and shall mature serially not later than fifteen years from date of issue; provided, further, that said certificates or obligations must be secured by or be evidence of a prior lien upon or reservation of title to such equipment, or by an assignment of or prior interest in the rent or purchase notes given for the hiring or purchasing of said equipment.*

(*i*) *Acceptances issued by a discount, acceptance or investment corporation formed under the Federal statute commonly known as the "Edge Act" or under the "Investment Companies Act" of New York, or by a corporation of identical character and capacity, organized under the laws of any State of the United States.*

The legality of investments heretofore lawfully made pursuant to the provisions of this section, or of any law of this State as it existed on and subsequent to July 1 1909, shall not be affected by any amendments to this section or this Act; nor shall any such amendments require the changing of investments once lawfully made under this Act.

Any bonds authorized by this section as a legal investment for savings banks may be carried on the books of said bank at their investment value, based on their market value at the time they were originally bought, unless the Superintendent of Banks shall require any or all of the bonds which may thereafter have a market value less than the original investment value to be written down to such new market value which shall be done gradually if practicable and in such manner as he may determine or he may, by a plan of amortization to be determined by him, require such gradual extinction of premium as will bring such bonds to par at maturity.

When it shall be necessary to prevent loss to any savings bank on an obligation owned or on a debt previously contracted in good faith, it may, with the previous written consent of the Superintendent of Banks, purchase or acquire bonds of any railroad corporation incorporated under the laws of the State of California and operated exclusively therein, notwithstanding such bonds do not conform to the requirements in this section contained; provided, any bonds so purchased or acquired must be sold for the best price obtainable by any bank within five years after such purchase or acquisition.

No savings bank shall hereafter purchase or loan money upon any bond, note or other evidence of indebtedness, issued by any "public utility," subject to the jurisdiction, regulation or control of the Railroad Commission of this State under the provisions of the "Public Utilities Act," approved December 23 1911, and Acts amendatory thereof or supplemental thereto, unless each such bond, note or other evidence of indebtedness was either:

(*a*) Issued prior to the taking effect of the "Public Utilities Act"; or,

(*b*) Issued under authority of the Railroad Commission in accordance with the provisions of said Act, or,

(*c*) A note issued for a period not exceeding twelve months, in accordance with the provisions of subdivision (*b*) of Section fifty-two of said Act.

Sec. 67. 1. No savings bank shall loan money except on adequate security of real or personal property, and no such loan shall be made for a period longer than ten years. No such loan shall be made on unsecured notes; provided, that a savings bank may discount or purchase bankers' acceptances of the kind and character and maturities defined and made eligible for rediscount with a Federal Reserve bank; provided, also, that *such bankers' acceptances* are accepted or endorsed without qualification by a bank or trust company, which bank or trust company has a paid-in capital of at least one million dollars; and provided, also, that a savings bank may discount or purchase a bill, *or a participating interest in a bill, evidenced by a participation certificate issued by a State or national bank in this State*, which must comply with the following requirements:

(*a*) It must be a bill issued by a solvent individual or firm or corporation engaged in mercantile or manufacturing business in the United States that makes statements of its condition duly ascertained and certified to by a public accountant. Copy of such a certified statement shall be on file in the office of the savings bank discounting or purchasing such bill in a file maintained for such purpose. Said statement shall have been issued within the preceding fourteen months and shall be the latest issued by said individual or firm or corporation. Said statement shall consist of a balance sheet showing quick assets, slow assets, permanent or fixed assets, current liabilities and accounts, short-term loans, long-term loans, capital and surplus. Accompanying said balance sheet shall be a copy of a statement from the borrower or public accountant concerning the following:

(1) The nature of the business.

(2) All contingent liabilities such as endorsements or guarantees.

(3) Particulars respecting any mortgage debts and whether there is any lien on current assets.

(4) The maximum and minimum liabilities of the individual, firm or corporation during the twelve months previous to the date of audit.

(*b*) It must be issued by an individual, firm or corporation whose net worth is not less than two times the amount of its outstanding liabilities including any contingent liabilities arising from the rediscount of bills receivable or other accommodation endorsements, nor less than three hundred thousand dollars. The quick assets of said individual, firm or corporation, consisting of merchandise, finished, raw, and in the process of manufacture, accounts receivable, bills receivable, bonds or obligations of the Government of the United States at the then market value of said bonds or obligations and cash, shall not be less than two times its outstanding quick liabilities including any contingent liabilities arising from the rediscount of bills receivable or other accommodation endorsements, as shown by said statement.

(*c*) It must have a maturity of not more than six months.

(*d*) It must have arisen out of actual commercial transactions; that is, be a bill which has been issued or drawn for industrial or commercial purposes or the proceeds of which have been or are to be used for such purposes.

No bill shall be eligible for discount or purchase by a savings bank, the proceeds of which have been used or are to be used for any of the following purposes:

(1) For investments of a merely speculative character whether made in goods or otherwise.

(2 Must not have been issued for carrying or trading in stocks, bonds or other investment securities, except bonds of the Government of the United States, and must not cover merely investments.

(3 Must not be a bill of any individual, firm or corporation which has under pledge or hypothecation any of its personal assets.

The word "bill," when used in this section, shall be construed to include notes, drafts, or bills of exchange, and the word "goods" shall be construed to include goods, wares or merchandise.

Any savings bank purchasing or discounting such paper shall have in a file maintained for the purpose, letters from banks and merchants or mercantile reports bearing upon the credit and standing of the person, firm, co-partnership or corporation whose paper is under discount.

No savings bank shall at any time acquire or hold, directly or indirectly, by discount or purchase, *any such bills of any one person, firm, co-partnership or corporation in any amount which shall exceed five per centum of the capital and surplus or reserve of such savings* bank, nor shall any savings bank at any time acquire or hold, directly or indirectly, by discount or purchase, an amount of bills, of the character defined and limited by this section, greater than twelve and one-half per centum of the deposits of such bank.

No savings bank shall at any time acquire or hold, directly, or indirectly, by discount or purchase, any such bankers' acceptances from any one acceptor in *any* amount *equal at any time in the aggregate to more than ten per centum of its paid-up* capital and surplus or reserve, unless the said acceptance is secured either by attached documents or by some other actual security growing out of the same transaction as the acceptance; *provided, however, that any savings bank may, irrespective of any such security, acquire and hold acceptances equal to twenty-five per centum of its capital and surplus or reserve, of any one acceptor having a paid-in capital of not less than three million dollars.*

No savings bank shall at any time acquire or hold, directly or indirectly, by discount or purchase, a combined total amount of bankers' acceptances and bills of the character defined and limited by this section, greater than twenty per centum of the deposits of such bank; provided, however, that any savings bank may acquire and hold bankers' acceptances in the amount of two thousand five hundred dollars.

2. No savings bank shall invest or loan an amount greater than fifty per centum of its actual paid-up capital and surplus in or on any one note or bond issue of the class specified in paragraph (*f*) of subdivision *six* of section sixty-one of this Act, *or in or on mortgage participation certificates* issued by *a* mortgage insurance company *pursuant to the provisions of chapter eight of title two of part four of division first of the Civil Code*, nor more than five per centum of its assets *in or* on any one issue of bonds *or notes or obligations* of any other class, except bonds of the United States, or interest-bearing notes or obligations of the United States, or bonds of the State of California, bonds for which the faith and credit of the United States or of the State of California are pledged, or bonds of any county, city and county, city or school district in this State, or bonds of any irrigation district in this State such as are legal for investment by savings banks.

3. No savings bank shall loan money:

(*a*) On bonds of the character specified in paragraph (*a*), (*b*), (*c*) and (*d*) of subdivision *five* of section sixty-one of this Act, or on bonds of the character specified in paragraph (*c*) of subdivision *six* of section sixty-one of this Act, unless such bonds shall have a market value at least ten per centum in excess of the amount loaned thereon; or,

(*b*) On bonds or notes *or obligations* of the character specified in paragraphs (*d*), (*e*), (*g*), (*h*) *and* (*i*) of subdivision *six* of section sixty-one of this Act, when eligible as investments for savings banks pursuant to said sections, unless such bonds or notes shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or,

(*c*) On bonds *or equipment trust certificates* legal for investment by savings banks in the States of New York or Massachusetts, unless such bonds *or equipment trust certificates* shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or,

(*d*) On notes or bonds of the character specified in paragraph (*f*) of subdivision *six* of section sixty-one of this Act when certified as legal investments for savings banks under the provisions of section sixty-one *a* of this Act, or on securities *issued by a mortgage insurance company pursuant to the provisions of chapter eight of title two of part four of division first of the Civil Code* eligible for investment by savings banks, unless such bonds, notes or securities shall have a market value at least ten per centum in excess of the amount loaned thereon; or,

(*e*) *On notes or bonds of the character specified in paragraphs (a) and (b) of subdivision six of section sixty-one of this Act when certified as legal investments for savings banks in this State, unless such notes or bonds shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or,*

(*f*) On personal property unless such personal property shall have a market value at least fifty per centum in excess of the amount loaned thereon; or,

(*g*) On other bonds, or on capital stock of any corporation, unless such bonds or stock shall have a market value at least fifty per centum in excess of the amount loaned thereon; provided, however, that no loan shall be made upon the capital stock of any bank unless such bank has been in existence at least two years and has earned and paid a dividend on its capital stock.

4. No savings bank shall make any loan on security of real estate, *unless* it be a first lien, and in no event to exceed sixty per centum of the market value of any real estate taken as security except for the purpose of facilitating the sale of property owned by such savings bank *or except under the conditions specified in section fifty-seven a of this Act:* provided, that a second lien may be accepted to secure the repayment of a debt previously contracted in good faith; and provided, also, that any savings bank holding a first mortgage or deed of trust on real estate may take or purchase and hold or loan upon another and immediately subsequent mortgage or deed of trust thereon, but all such loans shall not exceed in the aggregate sixty per centum of the market value of the real estate securing the same; provided, further, that a savings bank may loan not to exceed ninety per centum of the face value of a mortgage which constitutes a first lien upon real estate, but in no event shall any such loan exceed ninety per centum of sixty per centum of the market value of the real estate covered by said mortgage or deed of trust.

5. No savings bank shall loan to any one borrower on the security of the capital stock of any corporation an amount exceeding ten per centum of the capital stock and surplus of such savings bank; provided, that all loans on the capital stock of any one corporation shall not exceed in the aggregate twenty-five per centum of the capital stock and surplus of such savings bank.

6. No savings bank shall purchase, invest or loan its capital, surplus or the money of its depositors, or any part of either, in mining shares or

stock and any president or managing officer who knowingly consents to a violation of any provision of this paragraph shall be guilty of a felony.

MUNICIPAL WATER DISTRICT BONDS LEGAL INVESTMENTS UNDER CERTAIN CONDITIONS.—Chapter 114 of the Laws of 1917 referred to above reads as follows:

Section 1. All bonds heretofore or hereafter issued by any municipal water district under and in pursuance of the provisions of an Act, entitled "An Act to provide for the incorporation and organization and management of municipal water districts, and to provide for the acquisition or construction by said districts of water-works, and for the acquisition of all property necessary therefor, and also to provided for the distribution and sale of water by said districts," approved May 1 1911, as subsequently amended, shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commecial and savings, and trust companies, and for the State school funds, and whenever any moneys or funds may, by law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such moneys or funds may be invested in the said bonds of municiapl water districts; *provided, however*, no bank shall invest or loan more than 5% of its assets on any one such bond issue.

Sec. 2. This Act is intended to be, and shall be considered, the latest enactment upon the matters herein contained, and is supplemental to any and all other Acts regulating, relating to and declaring what shall be legal investments.

LOCAL IMPROVEMENT.—The 1919 Legislature of California passed an Act to provide for local improvements in or upon streets on rights of way within or belonging to municipalities within the State. Under this Act the city council of any municipality is empowered to establish and change the grades of streets, &c., and may in its discretion order that any part of the cost be paid out of the treasury of the municipality or by the ssuance of bonds at interest not to exceed 6%.

LOS ANGELES.
County seat of Los Angeles Co. Commission government rejected Dec. 3 1912. All bonds are exempt from taxation in California. City founded Sept. 4 1781; incorp. Apr. 4 1850. In Aug. 1909 voted to consolidate with the city of Wilmington (V. 89, p. 427) and with the city of San Pedro (V. 89, p. 488). Early in 1910 city of Hollywood was consolidated (V. 90, p. 391). Since additional territory has been annexed the present area of the city is 366.17 square miles.
Ten amendments to City Charter were adopted Oct. 24 1916. V. 103, p. 1807.
The District Court of Appeals on June 12 1915 upheld validity of $6,500,000 power bonds voted May 8 1914. V. 100, p. 2025. Up to June 30 1920 $1,264,000 remains unsold. City purchases certain water lines. See V. 100, p. 2025. The legality of $11,000,000 bonds to buy the Southern California Edison Co.'s distributing system in the city and $2,500,000 bonds to build a power plant and make other betterments to the city's system, which were voted June 3 1919, was upheld by the State Supreme Court on Mar. 30 1921 (V. 112, p. 1779).

SAN FRANCISCO.
San Francisco is in San Francisco County. Financial statement given below is for both city and county
Question of purchasing certain properties of Spring Valley Water Co. for $34,500,000 was defeated Apr. 20 1915. V. 100, p. 1526.
A plan to issue $38,000,000 bonds to purchase the Spring Valley Water Co. was defeated on Mar. 8 1921 (V. 112, p. 1183).
The Board of Supervisors on Jan. 5 1914 passed an ordinance formally accepting the water supply and power rights in the Hetch-Hetchy Valley, granted in the bill passed by Congress in 1913. V. 97, p. 1838, and V. 98, p. 250. Board of Supervisors upheld Mayor in vetoing resolution offering for sale $43,287,000 Hetch-Hetchy water supply bonds. See "Chronicle" of Dec. 11 1915, p. 1998.
The $4,000,000 5% exposition bonds given in table below are the remaining outstanding portion of an issue of $5,000,000. These bonds, which were voted Nov. 15 1910, are not figured in the 15% debt limit. See remarks under State of California for constitutional amendments giving authority to issue these and other bonds.

Dupont Street bonds, 7s, amount outstanding... 285,000
Both the Dupont St. and the Montgomery Ave. bonds have long been in default, but they were not obligations of the municipality.
Holders of Montgomery Ave. bonds brought suit against the State to recover the face value and int. aggregating $2,000,000. The Superior Court holds that the State is not liable. V. 78, p. 1565; V. 79, p. 925, 1659, and V. 80, p. 483, 1070; V. 81, p. 1449. Appeal was taken, which up to July 1 1916 was still pending.
INTEREST is payable in gold in San Francisco.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, sections 2 and 5 to 11 inclusive, Article XI.a, Sections 1 to 11, inclusive and Article XI.b Sections 1, 9 and 11 of the Constitution as amended in 1910, 1912, 1916, 1919 and 1920. A new article (Article XI-c) was added in 1921 which permits the incurring of indebtedness in an amount not to exceed 3% of the assessed valuation of the State for the payment of a "Soldiers' bonus." We quote these sections in full.

ARTICLE XI., SECTION 5.—*Restrictions upon Municipal Corporations.*—Acts of Legislative Assembly incorporating towns and cities shall restrict their power of taxation, borrowing money, contracting debts and loaning their credits.

SECTION 6.—*State not to be Stockholder in Company.*—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 7.—*Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.*—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection, or (according to an amendment of 1912) to build and maintain permanent road s; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities to build and maintain permanent roads which shall singly or in the aggregate, with previous debts or liabilities incurred for that purpose, exceed (according to an amendment of 1920) four per cent. of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8.—*State not to Assume County Debt, Except in What Case.*—The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection or defend the State in war.

SECTION 9.—*Prohibition upon Municipal Corporations.*—No county, city, town or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association whatever or raise money for or loan its credit to, or in aid of, any such company, corporation or association: provided (according to an amendment adopted in 1917) that any municipal corporation designated as a port under any general or special law of the State of Oregon, may be empowered by statute to raise money and expend the same in the form of a bonus to aid in establishing water transportation lines between such port and any other domestic or foreign port or ports, and to aid in establishing water transportation lines on the interior rivers of this State, or on the rivers between Washington and Oregon, or on the rivers of Washington and Idaho reached by navigation from Oregon's rivers; any debts of a municipality to raise money created for the aforesaid purpose shall be incurred only on approval of a majority of those voting on the question, and shall not, either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed 1% of the assessed valuation of all properties in the municipality.

It will be seen from the above that the power to limit the indebtedness of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act. Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes:—

"The common council," of incorporated cities and towns, "shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum."

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants. See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed $100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

SECTION 10.—*Limitation upon Powers of County to Contract Debts.*—No county shall create any debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion, or (according to constitutional amendment of 1910) to build and maintain permanent roads within the county; and debts for permanent roads shall be incurred only on approval of a majority of those voting on the question, and (according to an amendment adopted in 1912) shall not either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed (according to an amendment adopted on June 3 1919) six per cent of the assessed valuation of all the property in the county. The Oregon Supreme Court on Dec. 14 '20 held that the constitutional amendment providing that counties may issue bonds for permanent highway improvements up to 6% of their assessed valuation, is valid. (See "Chronicle" of Dec. 25, 1920.)

An amendment to Article XI of the Constitution, to be known as Section 2, was adopted by the voters in Nov. 1916 and provides as follows:

Section 2. Unless specifically authorized by a majority of the legal voters voting upon the question, neither the State nor any county, municipality, district or body to which the power to levy a tax shall have been delegated shall in any year so exercise that power as to raise a greater amount of revenue for purposes other than the payment of bonded indebtedness or interest thereon than the total amount levied by it in the year immediately preceding for purposes other than the payment of bonded indebtedness or interest thereon plus 6% thereof, provided, whenever any new county, municipality or other taxing district shall be created and shall include in whole or in part property theretofore included in another county, like municipality or other taxing district, no greater amount of taxes shall be levied in the first year by either the old or the new county, municipality or other taxing district upon any property included therein than the amount levied thereon in the preceding year by the county municipality or district in which it was then included plus 6% thereof; provided, further, that the amount of any increase in levy specifically authorized by the legal voters of the State, or of a county, municipality or other district, shall be excluded in determining the amount of taxes which may be levied in any subsequent year.

The prohibition against the creation of debts by counties prescribed in Section 10 of Article XI. of this constitution shall apply and extend to debts hereafter created in the performance of any duties or obligations imposed upon counties by the constitution or laws of the State, and any indebtedness created by any county in violation of such prohibition and any warrants for or other evidences of any such indebtedness and any part

of any levy of taxes made by the State or any county, municipality, or other taxing district or body which shall exceed the limitations fixed hereby shall be void.

ARTICLE XIa, Section 1.—*May Incur Indebtedness for Loans to Farmers.*—(Adopted in Nov. 1916, proclaimed in effect Dec. 5 1916.)—Notwithstanding the limitations contained in Section 7 of Article XI. of this constitution, the credit of the State may be loaned and indebtedness incurred to an amount not exceeding 2% of the assessed valuation of all the property in the State for the purpose of providing funds to be loaned upon the security of farm lands within the State, subject to the limitations herein contained.

Section 2. The Governor, Secretary of State and State Treasurer shall constitute the State Land Board, which Board is hereby authorized and directed to issue and sell or pledge bonds in the name of the State to be known as Oregon farm credit bonds in an amount not to exceed said 2% of the assessed valuation of all the property in the State, and to place the proceeds in the State Treasury in a fund to be known as the "Rural Credits Loan Fund."

Section 3. Said bonds shall be issued in denominations of $25, $100, $500 and $1,000, and shall be issued in series of $50,000 or multiples thereof, drawn to mature in not more than thirty-six years. They shall bear interest at the rate of 4% per annum and shall be exempt from all taxes levied by the State of Oregon, or any of its subdivisions.

Section 4. Said State Land Board is authorized and directed to loan the moneys in said Rural Credits Loan Fund to owners of farm lands in Oregon upon notes secured by mortgages or deeds of trust constituting first liens on such farm lands in amounts which shall not exceed 50% of the value of such lands, nor $50 per acre on such lands, nor less than $200 nor more than $5,000 to any individual. If pending application shall at any time exceed the funds available, preference shall be given to loans not exceeding $2,000 in amount.

Section 5. Such loans shall not be made except to owners who operate and occupy the lands mortgages, and shall be made only for the following purposes: (a) The payment for lands purchased; (b) the purchase of livestock and other equipment, and the making of improvements which, in the judgment of said Board, will increase the productivity of such lands or add to their value as a farm home in a degree to justify such expenditure; and (c) for the satifsaction of emcumbrances upon such lands which, in the judgment of said Board, were incurred or assumed by said applicant for the aforesaid purposes.

Section 6. Every applicant for a farm loan shall state clearly in his application the purposes for which such loan is desired, and upon its approval by the Board this statement shall be deemed a part of the note or contract under which the loan is granted. But no failure to apply such funds to the purposes stated in such application or enumerated herein shall invalidate a loan when once made, nor shall anything herein contained be deemed to prevent any farm owner from selling or leasing lands subject to such encumbrance; but if he shall violate his said contract by applying the moneys borrowed to purposes other than those stated in his application or enumerated herein, or if he shall lease such lands or sell them to any person not fulfilling the conditions and purposes provided for herein, said Board is authorized and directed to require the repayment of said loan upon six months' notice, and said note or contract shall contain a clause providing therefor.

Section 7. Such loans shall be repaid with interest accruing in semi-annual or annual installments on the amortization plan, such installments being fixed at such sums as will cover the interest rate and will liquidate the debt in a period to be agreed on between said Board and the applicant, such period to be not less than ten nor more than thirty-six years; but any debtor may liquidate any part or all of his indebtedness in amounts of $50 or multiples thereof upon any amortization payment date.

Section 8. The rate of interest on loans shall be 5% per annum, provided that in case any series of said farm credit bonds is sold at an average of less than par, the Board may charge upon such farm loans as are made from the proceeds of the series so sold below par a rate of interest in excess of 5%, but which shall not exceed by more than 1% the rate which the State must pay for the funds actually obtained from the disposal of its said bonds. The Board, however, shall require each applicant to pay an initial charge of 1% of the loan granted, the minimum charge to be $10, to cover the cost of appraisal and examination of title.

Section 9. All surplus funds accruing from the operation of the system of rural credits herein provided for, after paying interest accruing on the aforesaid bonds, and all operating and other expenses arising from the administration of said system of rural credits, shall be placed in the State Treasury and become a part of a fund to be known as the "Rural Credits Reserve Fund." Said Rural Credits Reserve Fund shall be loaned on farm lands in the manner herein provided for the Rural Credits Loan Fund, and the interest accruing from loans made from said Rural Credits Reserve Fund shall be added to it and become part of it. The said Rural Credits Reserve Fund shall be irreducible except that it may be drawn upon to reimburse the State for loss incurred in the administartion of said system of rural credits.

Section 10. The Legislative Assembly shall provide in such detail as it shall deem advisable for the carrying out and administering of the provisions of this amendment and shall provide adequate safeguards against the use of such loans as an aid to the purchasing and holding of lands for purposes of speculation. Such safeguards shall include clear definitions of the terms "operate" and "occupy" used herein. In the absence of such legislation, and subject to the same after its enactment, the State Land Board shall proceed to administer said system of rural credits under rules and regulations provided by itself, but subject to the provisions herein contained.

Section 11. The provisions of the constitution and laws of Oregon in conflict with this amendment are hereby repealed in so far only as they conflict herewith. The provisions of this amendment shall be self-executing, and shall take effect and be in operation sixty days after their approval and adoption by the people of Oregon.

ARTICLE XI *b*, Section 1.—*State Bond Payment of Irrigation and Drainage District Bond Interest.*—(Adopted June 3 1919, proclaimed in effect June 23 1919.—Notwithstanding the limitations contained in Sec. 7 of Article XI of the constitution, the credit of the State may be loaned and indebtedness incurred to an amount not exceeding two (2) per cent of the assessed valuation of all property in the State, for the purpose of providing funds for the payment by the State of interest for a period not exceeding five (5) years on bonds heretofore, or hereafter issued by irrigation and drainage districts, organized, or to be organized, under the laws of the State of Oregon.

SECTION 9. Whenever an agreement shall be entered into by and between the State and a district for the payment of such interest by the State, excepting when the directors of any such district shall have notified the State Treasurer on or before ninety days prior to any interest due date that it will not avail itself of said moneys for the payment of any single installment of interest under its agreement with the State, the district shall, ninety days before the due date of said interest payment, forward an "interest certificate of indebtedness" for the amount of interest to fall due on said due date to the Treasurer of the State of Oregon, and said Treasurer of the State of Oregon shall sixty days prior to such interest due date call for bids for bonds of the State of Oregon which shall be general obligations of the State and shall be known as "district interest bonds," series ———.

SECTION 11. The money arising from the sale of each issue of bonds shall be deposited in the State Treasury, to the credit of a special fund to be designated as district interest fund, and ten days prior the the interest due date of each of said districts shall be delivered by the State Treasurer to the treasurer of such districts and be used by the treasurer of said district in the payment of interest in accordance with the stipulation of outstanding bonds of said district, interest on which is to be paid by the State under the provisions hereof.

ARTICLE XIc, Section 1—Notwithstanding the limitations contained in Section 7 of Article XI of the constitution, the credit of the State of Oregon may be loaned and indebtedness incurred to an amount not exceeding 3 per cent of the assessed valuation of all the property in the state for the purpose of creating a fund to be loaned or to be paid to residents of the State of Oregon who served in the army, navy or marine corps of the United States between April 6 1917, and November 11 1918, and were honorably discharged from service, which fund shall be known as the "world war veterans' state aid fund."

Bonds of the state of Oregon containing a direct promise on behalf of the state to pay the face value thereof with the interest therein provided for, may be issued to an amount authorized in Section 1 hereof for the purpose of creating said world war veterans' state aid fund. Said bonds shall be a direct obligation of the state and shall be in such form and shall run for such periods of time and bear such rates of interest as shall be provided for by statute. No person shall be eligible to receive money from said fund except the following:

Any male or female who was enlisted, inducted, warranted, or commissioned after June 3 1915, and who has served honorably inactive duty in the army, navy or marine service of the United States at any time between the sixth day of April, 1917, and the eleventh day of November, 1918, and who at the time of entering into such service was a resident of the State of Oregon and who has been honorably separated or discharged from said service or has been furloughed to a reserve, shall be entitled to receive from the proceeds of such bonds as a cash bonus the sum of $15 for each month or major fraction thereof that such person was in active service between the sixth day of April, 1917, and the eleventh day of November, 1919, not exceeding a total of $500, or shall be entitled to borrow from said funds not to exceed $4,000, which loan shall be secured by a mortgage upon real estate in an amount not exceeding 75 per cent of the appraised value of said estate but which loan may be reduced by statute. The legislative assembly may provide that the bonus to which any deceased person would have been entitled hereunder, had he or she lived, shall be paid to any relative of such deceased person.

VETERANS' STATE AID AND LOAN ACT.—The validity of the Veterans' State Aid and Loan Act was upheld on Oct. 22 1921 by the Multnomah County Circuit Court (V. 113, p. 1790 and 1907). On Dec. 31 1921 the State Supreme Court affirmed the decision of the lower Court. See "Chronicle" of Dec. 24 1921, page 2740.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we were advised Dec. 12 1911, by the Board of State Tax Commissioners, exempting from taxation bonds or other obligations of the State or its counties and municipalities.

SAVINGS BANK INVESTMENTS.—Investments by any savings bank maintaining a savings department are regulated by subdivision *d* of Section 44 of the Oregon laws, relating to banking, revision of 1917 amended in 1921, and which reads as follows:

SECTION 44.—(*d*) The savings deposits of any bank maintaining a savings department may be invested in the following classes of securities and not otherwise; provided, that the reserve required in Section 6209 shall be maintained:

First. In interest-bearing bonds, notes or obligations of the United States of America, or of those of which the faith of the United States is pledged for the payment of the principal and interest, or in bonds acceptable to the United States Government to secure postal savings deposits.

Second. In the bonds, notes or warrants of this State, or of any of the States of Washington, Idaho or California, or of any country, school district or municipal corporation in this State, or in any of the States of Washington, Idaho or California, or in the bonds of any other of the United States or any country school district or municipal corporation of any of such states; provided, the bonds or warrants are issued in compliance with the constitution and laws of the several States above enumerated; provided further, that the state, county or municipal corporation has not defaulted in the payment of either principal or interest on any of its obligations within five years previous to making such investment.

Third. In the mortgage bonds of any steam or electric railroad company incorporated in any of the United States whose road is located wholly or in part therein, and which owns and operates not less than one hundred miles of standard gauge road, exclusive of sidings, the income of which, for the three years last preceding the investment, has been sufficient to pay all the operating expenses, fixed charges and interest.

Fourth. In notes or bonds secured by mortgage or deed of trust upon unencumbered real estate in this State, or any of the States of Washington, Idaho or California, the actual cash market value of which real estate shall be at least twice the amount loaned thereon, and in loans secured by a pledge of such notes or bonds as collateral; provided, such loans do not exceed the market or par value of the notes or bonds securing them.

Fifth. In the notes of any individual, firm or corporation, with a pledge as collateral of securities or personal property, the actual cash market value of which shall be at least 25% more than the amount of such loan.

Sixth. In real estate subject to the provisions and restrictions of Section 6204.

Seventh. In loans or in commercial or business paper arising out of commercial, industrial or agricultural transactions having a maturity not longer than six months from the date of discount or purchase, the aggregate amount of which shall not exceed 40% of the total savings deposits of the bank.

While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

*These bonds were issued to provide water for the cities of Oregon City and West Linn, which latter city pays $125,000 of the cost by issuing its bonds and turning them over to Oregon City (under special legislative Act), where they are held as additional security to this issue. West Linn has an assessed valuation of $2,435,574 and a total debt of $200,000. This arrangement makes the actual total indebtedness of Oregon City only $390,000, including water debt.

BOND PROPOSITIONS.—The voters on Nov. 2 1920 approved the Soldier's Bonus measure, which authorizes the issuance of State bonds to the amount of $11,000,000. On the same day the proposition to issue $30,000,000 highway bonds was defeated. (V. 111, p. 2442.) The validity of the Bonus Act was sustained by the State Supreme Court on Jan. 3 1921. (V. 112, p. 281.) The State Finance Board on Oct. 9 1921 authorized the sale of $1,500,000 additional "Bonus" bonds.

DEBT LIMITATION.—The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts in the aggregate shall not at any time exceed $400,000. The State may also incur debts to repel invasion, suppress insurrection or to defend the State in time of war. Otherwise the State shall not contract any debt except the same shall be authorized by law, and provision must be made for the payment of the annual interest on the same and also for the payment of the principal within 20 years. All such propositions must first receive the approval of the voters.

As regards counties, cities, towns, school districts or other municipal corporations, no debt is to be incurred by them in an amount exceeding 1½% of the taxable property without the assent of 3-5 of the voters therein, nor in cases requiring such assent shall the total indebtedness at any time exceed 5% of the taxable property. It is further provided that "any city or town," with the required assent of the voters, may be allowed to become indebted to a larger amount but not exceeding 5% additional for supplying such city or town with water, light and sewers, when the works for the same shall be owned and controlled by the municipality. The constitutional provisions in full will be found below:

1. *Limitation on State Debt.*—The State may, to meet casual deficits or failure in revenues or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed $400,000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debts so contracted, and to no other purpose whatever.

2. *Powers Extended in Certain Cases.*—In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, and to no other purpose whatever.

3. *Special Indebtedness, How Authorized.*—Except the debt specified in sections 1 and 2 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some single work or object to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of the contracting thereof. No such law shall take effect, until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election, and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people.

Section 4. *Moneys Disbursed Only by Appropriations.*—No moneys shall ever be paid out of the treasury of this State, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law; nor unless such payment be made within two years from the first day of May next after the passage of such appropriation act, and every such law making a new appropriation, or continuing or reviving an appropriation, shall distinctly specify the sum appropriated, and the object to which it is to be applied, and it shall not be sufficient for such law to refer to any other law to fix such sum.

Section 5. *Credit Not to be Loaned.*—The credit of the State shall not, in any manner, be given or loaned to or in aid of any individual, association, company, or corporation.

6. *Limitations Upon Municipal Indebtedness.*—No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding 1½% of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of 3-5 of the voters therein voting at an election to be held for that purpose, nor in cases requiring such assent shall the total indebtedness at any time exceed 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebtedness, except that in incorporated cities the assessment shall be taken from the last assessment for city purposes: Provided, that no part of the indebtedness allowed in this section shall be incurred for any purpose other than strictly county, city, town, school district, or other municipal purposes: Provided further, that any city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding 5% additional for supplying such city or town with water, artificial light, and sewers, when the works for supplying such water, light, and sewers shall be owned and controlled by the municipality.

Section 7. *Credit Not to Be Loaned.*—No county, city, town, or other municipal corporation shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association, company, or corporation, except for the necessary support of the poor and infirm, or become directly or indirectly the owner of any stock in or bonds of any association, company, or corporation.

The 1917 Legislature passed an Act (Chapter 141) amending Section 9211 of Remington & Ballinger's Annotated Codes and Statutes of Washington. 1915, limiting the expenditure of the revenues for certain counties and cities. This section now reads:

Section 9211. It shall be unlawful for the county commissioners, or any city council or city commission, or any public officer or employee of a county or city, to contract indebtedness or incur any liability in behalf of his or their county or city during any current fiscal year more than 2% in excess of the revenues provided for such year at the public hearing held as required by Section 9210 of Rem. & Bal. Code unless authorized by a majority vote of the electors of the city of county at a general or special election, and any indebtedness contracted or liability incurred in violation hereof shall be void: *Provided*, That nothing herein contained shall be held to modify or change the limitations prescribed by Sections 5590-5 of Rem. & Bal. Code, or by any law limiting the debts of any taxing district to an amount based on a percentage of the assessed valuation thereof.

Sec. 2. None of the requirements of Section 1 of this Act shall apply to any city having a population of over 104,000, according to the Federal Census, or to a city having similar current revenue charter provisions.

DONOHUE ROAD ACT.—The State Supreme Court in May 1921 ruled that bonds issued under the "Donohue Road Act" constitute general obligations of the issuing counties. (V. 112, p. 2216.)

EXEMPTION FROM TAXATION.—Act of Legislature, approved Feb. 28 1907, exempted mortgages, credits, notes, municipal securities, &c., from all taxation as personal property. V. 84, p. 949. Act upheld by State Supreme Court in 1908. V. 87, p. 558.

SAVINGS BANK INVESTMENTS—INVESTMENT OF DEPOSITS—The 1921 Legislature passed an Act (Chapter 156, Laws of 1921) repealing Section 11 of the Banking and Trust Company Law of the State of Washington, relative to the provision governing the investments of mutual savings banks, as amended in 1919 and substituted in lieu thereof a similar law, re-sectioned and with a few changes and additions. The new law reads as follows:

Sec. 11a. A mutual savings bank may invest the moneys deposited therein, the sums credited to the guaranty fund thereof, and the income derived therefrom, in the following property and securities, and no others, and subject to the following restrictions, numbered 11-a, 11-b, 11-c, 11-d, 11-e, 11-f, 11-g, 11-h, 11-i, 11-j, 11-k, 11-l, 11-m, 11-n, 11-o, 11-p and 11-q:

Sec. 11-a. *Public Funds.*—The bonds or interest-bearing notes or obligations of the United States or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia.

Sec. 11-b. The bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of this State.

Sec. 11-c. The bonds or interest-bearing obligations of any other State of the United States upon which there is no default, and upon which there has **been no default for more than ninety days: Provided, That within ten years immediately preceding the investment such State has not been in default for more than ninety days in the payment of any part of principal or interest of any debt duly authorized by the Legislature of such State to be contracted by such State since Jan. 1 1878.**

Sec. 11-d. The valid bonds of any city, town, county, school district or port district in the State of Washington, issued pursuant to law, and for the **payment of which the faith and credit of such municipality, county or district is pledged, or valid warrants of such municipality, county or district drawing interest, and for which payment such municipality, county or district is liable.**

Sec. 11-e. The bonds of any incorporated city, county, village or town situated in one of the States of the United States which adjoins the State of Washington. If at any time the indebtedness of any such city, town or village, togthether with the indebtedness of any district or other municipal corporation ot subdivision, except a county, which is wholly or in part included within the boundaries or limits of said city, town or village less its water debt and sinking fund, or the indebtedness of any such county, less its sinking fund, shall exceed 7% of the valuation of said city, county, town or village for the purposes of taxation, its bonds shall thereafter, until such indebtedness shall be reduced to 7% of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks.

Sec. 11-f. Bonds of any incorporated city situated in any other State of the United States: Provided, Such city has a population as shown by the Federal census next preceding the investment, of not less than 45,000 inhabitants, and was incorporated as a city at least twenty-five years prior to the making of the investment, and has not since Jan. 1 1907 defaulted for more than ninety days in the payment of any part of principal or interest of any bond, note or other indebtedness, or effected any compromise of any kind with the holders thereof. If at the time the indebtedness of any such city, together with the indebtedness of any district (other than local improvement district) or other municipal corporation or subdivision, except a county, which is wholly or in part included within the bounds or limits of said city, less its water debt and sinking fund, shall exceed 7% of the valuation of such city for purposes of taxation, its bonds shall thereafter, and until such indebtedness shall be reduced to 7% of such valuation, cease to be an authorized investment of the moneys of mutual savings banks.

Sec. 11-g. Bonds of any commercial waterway district in this State: Provided, The total obligations of such district by bonds, warrants or otherwise do not exceed 10% of the assessed valuation of the lands and improvements within such district: And provided further, That this authorization does not extend to the 30% in amount of such bond issue last callable for payment.

Sec. 11-h. Bonds of any local improvement district of any city or town in this State (except bonds for an improvement consisting of grading only) and bonds of any irrigation, diking, drainage, diking improvement or drainage improvement district of this State, unless the total indebtedness of the district after the completion of the improvement for which the bonds are issued, plus the amount of all other assessments of a local or special nature against the land assessed or liable to be assessed to pay the bonds, exceed 50% of the value of the benefited property, exclusive of improvements, at the time the bonds are purchased or taken by the bank, according to the actual valuation last placed upon the property for general taxation. Before any such bonds are purchased or taken as security the condition of the district's affairs shall be ascertained and the property of the district examined and appraised by at least two trustees, who shall report in writing their findings and recommendations; and no bonds shall be taken unless such report be favorable, nor unless the executive committee of the board of trustees after careful investigation is satisfied of the validity of the bonds and the validity and sufficiency of the assessment or other means provided for payment thereof: Provided, That no city or town local improvement bonds failling within the 25% in amount of any issue last callable for payment, shall be acquired or taken as security.

Sec. 11-i. *The Following Bonds of Railroad Corporations.*—The mort**gage bonds of any railroad corporation incorporated under the laws of the United States or any of the States thereof which actually owns in fee not less than 500 miles of standard gauge railway, exclusive of sidings, within the United States: Provided, That at no time within five years next preceding the date of any such investment such railroad corporation shall have failed regularly and punctually to pay the matured principal and interest of all its mortgaged indebtedness, and in addition thereto regularly and punctually to have paid in dividends to is stockholders during each of said five years, an amount at least equal to 4% upon all its outstanding capital stock; And provided further, That during said five years the gross earnings in each year from the operations of said company, including therein the gross earnings of all railroads leased and operated, or controlled and operated by said company, and also including in said earnings the amount received directly or indirectly by said company from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable during that year upon its entire outstanding indebtedness, and the rentals for said year of all leased lines: And provided further, That all bonds authorized for investment by this paragraph shall be secured by a mortgage which is at the time of making such investment, or was at the date of the execution of said mortgage (one) a first mortgage upon not less than 75% of the railway owned in fee by the company issuing such bonds, exclusive of sidings, at the date of such mortgage, or (two) a refunding mortgage issued to retire all prior lien mortgages debts of such company outstanding at the time of such investment and covering at least 75% of the railway owned in fee by such company at the date of such mortgage. But no one of the bonds so secured shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of such company, after deducting therefrom in case of a refunding mortgage the bonds reserved under the provisions of such mortgage to retire prior debts at maturity, shall exceed three times the outstanding capital stock of such company at the time of making such investment. And no mortgage is to be regarded as a refunding mortgage under the provisions of this section unless the bonds which it secures mature at a later date than any bond which it is given to refund, nor unless it covers a mile age at least 25% greater than is covered by any one of the prior mortgages so to be refunded.**

Sec. 11-j. Any railway mortgage bonds which would be a legal investment under the provisions of Section 11-i, except for the fact that the railroad corporation issuing such bonds actually owns in fee less than 500 miles of road: Provided, That during five years next preceding the date of any such investment the gross earnings in each year from the operations of said corporation, including the gross earnings of all lines leased and operated or controlled and operated by it, shall not have been less than $1,000,000.

Sec. 11-k. The mortgage bonds of a railroad corporation described in the foregoing sections 11-i and 11-j or the mortgage bonds of a railroad owned by **such corporation assumed or guaranteed by it by endorsement on such bond: Provided, Such bonds are prior to and are to be refunded by a general mortgage of such corporation, the bonds secured by which are made a legal** investment under the provisions of said sections 11-i and 11-j: And provided further, That said general mortgage covers all the real property upon which the mortgage securing such underlying bonds is a lien.

Bonds which have been or shall become legal investments for mutual savings banks under any of the provisions of this and the two preceding sections shall not be rendered illegal as investments though the property upon which they are secured has been or shall be conveyed to another corporation, if the consolidated or purchasing corporation shall assume the payment of such bonds, and shall continue to pay regularly interest or dividend or both upon the securities issued against, or in exchange for or to acquire the stock of the company consolidated to an amount at least equal to 4% upon the capital stock (outstanding at the time of such consolidation or purchase) of the corporation which has issued or assumed such bonds.

Not more than 25% of the assets of any savings bank shall be loaned or invested in railroad bonds, and not more than 5% of the assets of any savings bank shall be invested in the bonds of any one railroad corporation. In determining the amount of the assets of any savings bank under the provisions of this section, its securities shall be estimated in the manner prescribed by section 26 of this Act.

Street railroad corporations shall not be considered railroad corporations within the meaning of this Act.

Sec. 11-l. *Loans on Personal Security.*—Promissory notes payable to the order of the savings bank upon demand, secured by the pledge or assignment of any of the bonds, warrants or interest-bearing obligations lawfully purchased by a savings bank, or secured by pledge or assignment of one or more real estate mortgages of the class described in section 11-m, but no such loan shall exceed 90% of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value after the making of such loan, the savings bank shall require an immediate payment of such loan, or of a part thereof, or additional security therefore, so that the amount loaned thereon shall at no time exceed 90% of the market value of the securities so pledged for such loan.

Sec. 11-m. Promissory notes made payable to the order of the savings bank within ninety days from the date thereof, secured by the pledge and assignment of the passbook of any mutual savings bank in the State of Washington as collateral security for the payment thereof. No such loan shall exceed ninety per centum of the balance due the holder of such passbook as shown therein.

Sec. 11-n. *Real Estate Mortgage Loans.*—Investments may be made in loans secured by first mortgage on real estate subject to the following restrictions:

In all cases of loans upon real property, a note or bond secured by a mortgage on the real estate upon which the loan is made, together with a complete abstract of title for such real estate signed by the person or corporation furnishing such abstract of title (which abstract shall be examined by a competent attorney-at-law, selected by the bank, and his opinion furnished approving the title and showing that the mortgage is a first lien), or a policy of title insurance of a reliable title insurance company authorized to insure titles within this State or a duplicate certificate of ownership issued by a registrar of titles, shall be furnished to the savings bank by the borrower.

The real estate subject to such first mortgage must be improved to such extent that the net annual income thereof, or reasonable annual rental value thereof in the condition existing at the time of making the loan, is sufficient to pay the annual interest accruing on such loan in addition to taxes and insurance, and all accruing charges and expenses. No loan on real estate shall be for an amount greater than 50% of the value of such real estate including improvements. The mortgage shall contain provisions requiring the mortgagor to maintain insurance on the buildings on the mortgaged premises to such reasonable amount as shall be stipulated in the mortgage, the policy to be payable in case of loss to the savings bank, and to be deposited with it. A loan may be made on real estate which is to be improved by a building or buildings to be constructed with the proceeds of such loan, if it is arranged that such proceeds will be used for that purpose and that when so used the property will be improved to the extent required by this section.

Not more than 75% of the assets of any savings bank shall be invested in mortgage loans.

No mortgage loan or renewal or extension thereof shall be made except upon written application showing the date, name of applicant, amount of loan requested, and the security offered, nor except upon the written report of at least two members of the board of investment of the bank certifying on such application according to their best judgment the value of the property to be mortgaged and recommending the loan, and the application and written report thereon shall be filed and preserved with the savings bank records. Every mortgage and every assignment of a mortgage taken or held by a savings bank shall be taken and held in its own name, and shall immediately be recorded in the office of the county auditor of the county in which the mortgaged property is located.

Sec. 11-o. *Real Estate as Follows*

(1) A tract of land wheron there is or may be erected a building or buildings suitable for the convenient transaction of the business of the savings bank, from portions of which not required for its own use a revenue may be derived The investment in such tract of land to be subject to the conditions prescribed in section 12 of this Act

(2) Such as shall be conveyed to such savings bank in satisfaction of debts previously contracted in the course of its business.

(3) Such as it shall purchase at sales under judgments, decrees or mortages held by it.

Sec. 11-p. *Acceptances of the Kind and Character following*

(1) Bankers' acceptances and bills of exchange of the kind and maturities made eligible by law for rediscount with Federal Reserve banks, provided the same are accepted by bank or trust company incorporated under the laws of this State, or under the laws of the United States.

(2) Bills of exchange drawn by the seller on the purchaser of goods and accepted by such purchaser, of the kind and maturities made eligible by law for rediscount with Federal Reserve banks, provided the same are indorsed by a national bank or by a bank or trust company incorporated under the laws of this State. Not more than twenty per cent of the assets of any mutual savings bank shall be invested in such acceptances. The aggregate amount of the liability of any bank or trust company or of any national bank to any mutual savings bank whether as principal or indorser, for acceptances held by such savings banks and deposits made with it, shall not exceed twenty-five per cent of the paid-up capital and surplus of such bank or trust company or national bank, and not more than five per cent of the aggregate amount credited to the depositors of any mutual savings bank shall be invested in the acceptance of or deposited with a bank or trust company or a national bank of which a trustee of such mutual savings bank is a director.

Sec. 11-q. In equipment obligations or equipment trust certificates which comply with the following requirements:

(a) They must mature not later than fifteen years from their date.

(b) They must be issued or guaranteed by a corporation to which a loan or loans for the construction, acquisition, purchase or lease of equipment have been made or approved by the Inter-State Commerce Commission, under authority conferred by Act of Congress of the United States of America.

(c) They must be the whole or part of any issue maturing serially, annually, or semi-annually.

(d) They must be secured by or be evidence of a prior or preferred lien upon or interest in, or of reservation of title to the equipment in respect of which they have been issued or sold, and or by an assignment of or prior interest in the rent or purchase notes given for the hiring or purchase of such equipment.

(e) The total amount of principal of such issue of equipment obligations or trust certificates shall not exceed sixty per centum of the cost or purchase price of the equipment in respect of which they were issued:

(f) The remaining forty per centum of said cost or purchase price shall be paid by or for the account of the railroad so constructing, acquiring, purchasing or leasing said equipment, or by funds loaned or advanced for the purpose by the Government of the United States or one of its agencies or instrumentalities and subordinated in the event of default, in respect of the lien or interest thereof, upon or in such equipment and or in such equipment or rent or purchase notes, to the lien or interest of said prior or preferred equipment obligations or equipment trust certificates.

Not more than twenty-five per centum of the assets of any savings bank, less the amount invested in said bank in railroad bonds, shall be invested in said equipment obligations or certificates. In determining the amount of the assets of any savings bank under the provisions of this section the value of its securities shall be estimated in the manner prescribed for determining the per centum of par value surplus by section twenty-six of this Act.

In addition to the bonds given above, there are also outstanding $1,933,000 5% (J.-J.) coup. Cedar River water bonds due Jan. 1 1922-'26. These bonds are a lien on a certain portion of the revenues of the Water Dept., and are not a general municipal indebtedness.
There is likewise an issue of $15,000,000 5% utility bonds which was given in exchange for all the street railway property in the city limits of the Puget Sound Traction, Light & Power Co. on April 1 1919.
* Issued in payment for water systems by Ballard prior to annexation. They were then made part of the water plant of this city, and although they are a general indebtedness, the interest and redemption are being paid from the water fund.
INTEREST is payable as follows: Funding bonds due 1931 and 1933, and water-extension bonds of 1917 at fiscal agency in N. Y. City or at City Treas. office; library-site bonds at City Treasurer's office or fiscal agency, N. Y. City; municipal-light and power-plant bonds (series A and B), State Treasurer's office; municipal-light and power-plant-extension and park bonds due July 1 1932 at City Treasurer's office, and fiscal agency, New York City; park bonds due 1931, the refuse-disposal-plant bonds and bonds of 1912 at fiscal agency in N. Y. City (Equitable Trust Co.). All the other bonds, except those of the annexed cities, at City Treasurer's office or at fiscal agency in New York. Interest on the annexed cities' bonds is payable as follows: On refunding bonds, the water-works bonds due 1924 and on the general municipal bonds, at the fiscal agency in New York City; on the funding bonds of Ballard at the Harris Trust & Savings Bank, Chicago; on the water works bonds due 1922 at the State Treasurer's office, and on 5s of 1918 and on bridge bonds of 1919 at Seattle or New York, at option of purchaser.

DEBT LIMITATION.—An amendment to Section 3, Article IX of the constitution was adopted by the voters at the general election on Nov. 7 1916 changing the limit of State debt from $300,000 to 1% of assessed valuation of property in the State. V. 103, p. 862. Section 3 now reads as follows:

ARTICLE IX., Section 3. (*State Debt Limited.*)—The State may contract public debts, but such debts shall never in the aggregate exclusive of interest, exceed one per cent of the assessed valuation of the State, as shown by the reports of the county assessors to the State Comptroller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within twenty years from the passage of such law, and shall especially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, to provide for the public defense.

Section 4. (*State Prohibited from Assmuing Debts of Cities, &c.,* The State shall never assume the debt of any county, town, city or other corporation whatever, unless such debts have been created to repel invatsion, suppress insurrection or to provide for the public defense.

ARTICLE VIII., Section 9. (*State Shall Not Loan Its Money or Credit, &c.*) The State shall not donate or loan money or its credit, subscribe to or be interested in the stock of any company, association or corporation, except corporations formed for educational or charitable purposes.

ARTICLE XVII., Section 7.(*State to Assume Debts of the Territory.*) All debts and liabilities of the Territory of Nevada lawfully incurred, and which remain unpaid at the time of the admission of this State into the Union, shall be assumed by and become the debt of the State of Nevada. *Provided*, That the assumption of such indebtedness shall not prevent the State from contracting the additional indebtedness as provided in Section 3 of Article 9 of this constitution.

Counties, towns, cities, &C., cannot become stockholders in any company, or loan their credit, &c. But other than that the constitution omits to put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to follow:

ARTICLE VIII., Section 10. (*County, City, Town, &c., Not to Be Stockholders, &c.*)—No county, city, town or other municipal corporation shall become a stockholder in any joint-stock company ,corporation or association whatever, or loan its credit in aid of any such company, corporation or association, except railroad corporations, companies or associations.

Section 8. (*Cities and Towns to Be Restricted by General Laws.* The Legislature shall provide for the organization of cities and towns by general laws; and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, except for procuring supplies of water.

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebtedness of State, county or municipalities are not assessed in Nevada.

TAXATION OF MORTGAGES.—See V. 97, p. 540, for an Act passed by the 1913 Legislature making provision for the taxation of mortgages, deeds of trust, &c.

SAVINGS BANK INVESTMENTS—FUNDS—HOW INVESTED.—The regulations governing the investment of funds of savings banks in Nevada are prescribed in Section 6 of the Banking Law of that State, as amended by chapter 69 of the laws of 1919. This section reads as follows:

Section 6. Any banking corporation designating its business as that of a savings bank shall have power to carry on a savings bank business as prescribed and limited in this act. Any savings bank may receive deposits, and such deposits shall be repaid to the depositors or their lawful representatives at such time and with such interest and under such regulations, assented to by the depositors, as shall be prescribed by said bank and approved by the state banking board, which regulations shall be printed and conspicuously posted in some place accessible and visible to all persons in the business office of said bank. The funds of any savings bank, except the reserve provided for in this act, shall be invested in bonds of the United States, or of any state of the United States, or in the public debt or bonds of any city, county, township, irrigation district, village or school district of any State of the United States which shall have been lawfully issued; or may be loaned on negotiable paper secured by any of the above-mentioned classes of security; or upon notes or bonds secured by mortgage lien upon unincumbered real estate; *provided*, that second mortgage loans may be made upon improved farm lands, but no loans shall be made upon such lands or other real estate which, including the aggregate amount of all incumbrances, shall exceed 50% of the cash value thereof; or upon notes secured by collateral security of known marketable value; or shall be deposited in good solvent banks or held as cash; *provided*, *also*, that chattel mortgages shall not be deemed collateral security and savings banks are prohibited from investing their funds in them, except with the written consent of the State Bank Examiner.

POPULATION OF STATE.—In 1900 and since, figures include persons on Indian reservations not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880. The number of Indians alone included in the 1900, 1910 and 1920 totals were 8,321, 6,192 and 4,907 respectively.

LEGISLATURE meets biennially in even years on the second Wednesday in January, and sessions are limited to 60 days, but may be extended for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

DEBT LIMITATIONS.—A new Constitution went into effect in July 1902. Section 127 of Article 8 fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

Section 184 of Article 13 prohibits the contraction of debts and issue of evidences of indebtedness by the State with certain exceptions and Section 185 of the same article prohibits the lending of credit to, or subscription to stock of, corporations or persons by State, county, city or town; and that the State shall become interested in no work of internal improvement except public roads. Exceptions are made as to counties, cities and towns. All the provisions regulating the incurring of indebtedness follow:

Sec. 127.—Article 8. No city or town shall issue bonds or other interest-bearing obligations for any purpose, or in any manner, to an amount which, including existing indebtedness, shall at any time exceed 18% of the assessed valuation of the real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes; provided, however, that nothing above contained in this section shall apply to those cities and towns whose charters existing at the adoption of this Constitution authorize a larger percentage of indebtedness than is authorized by this section; and provided further that in determining the limitation of the power of a city or town to incur indebtedness, there shall not be included the following classes of indebtedness:

(*a*) Certificates of indebtedness, revenue bonds or other obligations issued in anticipation of the collection of the revenue of such city or town for the then current year, provided that such certificates, bonds or other obligations mature within one year from the date of their issue, and be not past due, and do not exceed the revenue for such year.

(*b*) Bonds authorized by an ordinance enacted in accordance with Section 103, and approved by the affirmative vote of the majority of the qualified voters of the city or town voting upon the question of their issuance, at the general election next succeeding the enactment of the ordinance, or at a special election held for that purpose, for a supply of water or other specific undertaking from which the city or town may derive revenue; but from and after a period to be determined by the council, not exceeding five years from the date of such election, whenever and for so long as such undertaking fails to produce sufficient revenue to pay for cost of operation and administration (including interest on bonds issued therefor, and the cost of insurance against loss by injury to persons or property), and an annual amount to be covered into a sinking fund sufficient to pay, at or before maturity, all bonds issued on account of said undertaking, all such bonds outstanding shall be included in determining the limitation of the power to incur indebtedness, unless the principal and interest thereof be made payable exclusively from the receipts of the undertaking.

Contraction of debts and issue of evidence of indebtedness by State prohibited with certain exceptions.

Sec. 184, Article 10.—No debt shall be contracted by the State except to *construct or reconstruct public roads*, [words in italics added by amendment adopted in 1920] meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war. No scrip, certificate, or other evidence of State indebtedness shall be issued except for the transfer or redemption of stock previously issued, or for such debts as are expressly authorized in this Constitution.

Sec. 185. Neither the credit of the State, nor of any county, city, or town, shall be directly or indirectly, under any device or pretence whatsoever, granted to or in aid of any person, association, or corporation; nor shall the State, or any county, city, or town subscribe to or become interested in the stock or obligations of any company, association or corporation, for the purpose of aiding in the construction or maintenance of its work; nor shall the State become a party to or become interested in any work of internal improvement, except public roads, or engaged in carrying on any such work; nor assume any indebtedness of any county, city, or town, nor lend its credit to the same; but this section shall not prevent a county, city or town from perfecting a subscription to the capital stock of a railroad company authorized by existing charter conditioned upon the affirmative vote of the voters and freeholders of such county, city, or town in favor of such subscription; provided, that such vote be had prior to July 1 1903.

Sec. 186. All taxes, licenses, and other revenue of the State shall be collected by its proper officers and paid into the State treasury. No money shall be paid out of the State treasury except in pursuance of appropriations made by law; and no such appropriation shall be made which is payable more than two years after the end of the session of the General Assembly, at which the law is enacted authorizing the same; and no such appropriation shall be made which is payable more than two years after the end of the session of the General Assembly, at which the law is enacted authorizing the same; and no appropriation shall be made for the payment of any debt or obligation created in the name of the State during the war between the Confederate States and the United States. Nor shall any county, city, or town pay any debt or obligation created by such county, city, or town in aid of said war.

Sec. 187. The General Assembly shall provide and maintain a sinking fund in accordance with the provisions of Section 10 of the Act approved Feb. 20 1892, entitled "an Act to provide for the settlement of the public debt of Virginia not funded under the provisions of an Act entitled an Act to ascertain and declare Virginia's equitable share of the debt created before, and actually existing at the time of the partition of her territory and resources, and to provide for the issuance of bonds covering the same, and the regular and prompt payment of the interest thereon, approved Feb. 14 1882." Every law hereafter enacted by the General Assembly, creating a debt or authorizing a loan, shall provide for the creation and maintenance of a sinking fund for the payment or redemption of the same.

Sec. 188. No other or greater amount of tax or revenue shall, at any time, be levied than may be required for the necessary expenses of the Government, or to pay the indebtedness of the State.

HIGHWAY BONDS ISSUED BY COUNTIES TO AID STATE HELD VALID.—The Virginia Supreme Court on April 1 1921 rendered an opinion holding that counties wishing to issue bonds for the purpose of building parts or links of highways may legally do so. These bonds may be issued by the county with the understanding that the sum is later to be reimbursed by the State when there are sufficient funds available to do so in order that any particular community will not have to wait until the entire system of highways contemplated is finished. (V. 112, p. 1780.)

TAXATION OF MUNICIPAL BONDS.—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

Under an Act of the Legislature approved Mar. 13 1912 (Chapter 229) Boards of Supervisors of the several counties and councils of the several cities and towns of the Commonwealth of Virginia, are authorized to exempt from local taxation, obligations issued by such counties, cities and towns for the purposes of building or improving the public roads or bridges therein.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April 1893, pages 151 and 152.

On Sept. 30 1921 Virginia's debt stood as shown below:

Riddleberger Bds., Act of 1882.		Century Bonds, Act of 1892.	
3s J-J $4,857,154	July 1 1932 (Subject to call after 1900.)	3s J-J $21,928,438.81	July 1 1991

The Literary Fund on Oct. 1 1921 held $930,400 Century bonds, $6,500 school and college certificates and $1,579,927.28 of Riddlebergers; total, $2,516,827.28. These being held alive in the Fund, form part of the out standing amounts in the table.

Of the $14,177,926.24 Century bonds, $3,840,000 are coupon, $10,337,100 registered and $826.24 fractional certificates; of the $4,857,154.16 Riddlebergers, $1,087,000 are coupon, $3,769,500 are registered and $654.16 are fractional certificates.

The interest on the Century bonds was 2% for the first 10 years (or until July 1 1901) and 3% thereafter. Both issues are exempt from taxation.

Total amount of outstanding bonds issued under Act of Feb. 20 1892:		
To Bondholders' Committee		$16,359,860.00
Deposited with Commissioners of Sinking Fund		1,741,223.50
		$18,101,083.50
Canceled		3,923,157.26
Total outstanding, Act of Feb. 20 1892		$14,177,926.24
Total, Act of Feb. 14 1882		4,857,154.16
Total debt Oct. 1 1921		$19,035,080.40
School and College debt (additional)—6s	$2,384,805 85	
School and College debt (additional)—5s	82,800 00	$2,467,605 85
Old unfunded bonds (additional)		425,752.56

Note.—The school and college debt here mentioned does not represent any obligations outstanding in the hands of the public. It consists entirely of amounts owing the educational institutions, and is evidenced by certificates of indebtedness issued under Chapter 344, Laws of 1892. These certificates are redeemable at pleasure of the State and are non-transferable.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is $15,239,370 out of the total debt of $45,718,112.23. To represent, therefore, West Virginia's share of bonds funded, West Virginia "deferred certificates" were issued. West Virginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on June 14 1915 decided that West Virginia should assume liability for a debt of $12,393,929 50, of which the principal is $4,215,622.28 and interest $8,178,307.22. See "Chronicle" for June 19 1915, page 2099, and editorial on page 2037 of the same issue. Also see "Chronicle" for Oct. 23 1915, page 1394. For further steps in litigation see V. 106, p. 2358. On Feb. 20 1919 the West Virginia Legislature enacted a law for the settlement of the debt, and in 1920 distribution of the new securities was effected. For details see West Virginia Debt.

x The State tax rates (per $1,000) for 1921 were as follows: real estate, $2.50; tangible personal property, $2.50; intangible personal property (except capital, money and shares of bank stocks), $8.00; capital, $8.50; money, $2.00; shares of bank stocks, $2.50; and rolling stock (railway and canal corporations and lumber and mining companies), $16.80.

SAVINGS BANK INVESTMENTS.—The Banking Division of the State Corporation Commission advised us under date of Sept. 25 1917 that "there is no law in Virginia regulating the way in which savings institutions are permitted to invest their funds."

POPULATION.—The population of Virginia has been as follows:

1920	2,309,187	1870	1,225,163	1820	*1,065,116
1910	2,061,612	1860	*1,596,318	1810	*974,600

State Capital---Charleston
Governor (term expires Mar. 4 1925)--Ephraim F. Morgan
Sec'y of State (term exp. Mar. 4 1925)--Houston G. Young
Treasurer (term expires Mar. 4 1925)---Wm. S. Johnson
Auditor (term expires Mar. 4 1925)---John C. Bond
Attorney-General---E. T. England

LEGISLATURE meets biennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

BONDED DEBT.—The State's bonded debt on Oct. 1 1921 amounted to $26,450,000, consisting of $11,450,000 3½s J.-J. "Virginia Debt Bonds," due Jan. 1 1939 (issued in connection with the Virginia-West Virginia Debt Settlement), and $15,000,000 5s J.-J. Highway Bonds, dated July 1 1921, due $750,000 annually on July 1 from 1927 to 1946, incl.

(The State is compelled to retire at least one-twentieth (or $675,000) "Debt Bonds," of the total issue each year until the final payment in 1939 is made.)

In the settlement of the Virginia debt, the United States Supreme Court on June 14 1915, after lengthy litigation, decided that West Virginia should assume liability for a debt of $12,393,929.50, of which the principal was $4,215,622.28 and interest $8,178,307.22. See "Chronicle" of June 19 1915, page 2099; and editorial on page 2037 of the same issue. Also see "Chronicle" for October 23 1915, page 1394. The petition of the State of Virginia for execution of judgment against West Virginia was denied by the U. S. Supreme Court in June 1916 on the ground that the West Virginia Legislature had not met in special session since the judgment was entered. The Legislature met in regular session in January 1917 but no provision whatever was made for the payment of the judgment Shortly after the Legislature had convened mandamus proceedings were begun in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment either by a bond issue or the levying of a tax. The court in April 1918, however, held that it would not force payment now believing that as a sovereign State West Virginia would take steps to meet the judgment. For a summary of the court's ruling see V. 106, p. 2358. The West Vriginia Legislature on Feb. 20 1919 adopted a resolution providing for the settlement of the debt. V. 108, p. 797. The terms of the settlement were that West Virginia pay Virginia $1,100,000 in cash and $13,400,000 in 3½% bonds, less $1,000,000 in bonds to be held in the West Virginia Treasury against certain certificates which have been lost. The bill was signed by Governor John J. Cornwall on April 1 1919.

The first payment to Virginia Debt Commission was made in Washington on April 18 1919, where the State Treasurer, W. S. Johnson, met the Commission and delivered $1,070,662 55 in checks and warrants payable to Virginia through the Commission. On July 2 1919 $12,366,500 of bond certificates representing the greater part of the debt, were delivered to Judge William F. Rhea, Chairman of the Commission. The Richmond Circuit Court on July 21 1920 entered a decree providing for the distribution of the Debt Settlement Fund (V. 111, p. 336); $624,143.87 in cash and $12,190,857.03 par value State of West Virginia 3½% 20-year gold bonds were delivered to Brown Brothers & Co., depositary of the Committee, and on Oct. 4 1920 the exchange was begun. The relative value of the certificates, after deducting the 5% commission of the Debt Settlement Committee, was as follows: 1871, .908949824; 1879, .876947728; 1882, .752542281; 1892, .668119068; scrip, .168683662 (V. 111, p. 1390).

HIGHWAY BONDS.—At the general election held Nov. 2 1920 $50,000,000 bonds were voted for road construction. The 1921 Legislature authorized the sale of $15,000,000 of the total issue of $50,000,000.

The amounts in the various State funds and in banks on July 1 1921 aggregated $2,765,537.42. In addition, the State School Fund had invested $994,300 and the Workmen s Compensation Fund $9,265,300.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and public utility property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns or earlier years having been on a much lower basis.

TAX RATE.—State tax rate (per $1,000) for 1920 was $2.00.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State constitution of 1872; the sections pertaining thereto being as follows:

SECTION 4.—No debts shall be contracted by this State, except to meet casual deficits in the revenue; to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years.

SECTION 6.—The credit of the State shall not be granted to, or in aid of, any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation or person, nor shall the state ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

SECTION 7.—County authorities shall never assess taxes in any one year the aggregate of which shall exceed ninety-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon created under the succeeding section, unless such assessment with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

(*Note.*—The legislature of 1904 passed a tax measure limiting county levies after 1905 to 60 cents per $100 of valuation.]

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years; *Provided*, That no debt shall be contracted under this section unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same.

[*Note.*—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 2½ per centum on the value of taxable property. This Act went into effect Jan. 1 1906. See V. 80, p. 1930.]

TAXATION OF MUNICIPAL BONDS.—Bonds of municipalities are assessed as personal property against the person holding them, if he be a resident of the State. Bonds held by banks are not subject to tax. There is no provision regarding the taxation of State bonds.

BONDS TO BE APPROVED BY ATTORNEY-GENERAL.—The 1917 Legislature of West Virginia passed an Act (Chapter 57, approved Feb. 16) requiring that all bonds authorized by a vote of the people of any county, district, school district or independent school district, municipality, or any other political division or divisions, shall be submitted to the Attorney-General for his approval or disapproval of the validity thereof. For full text of this law see V. 105, p. 1728.

SAVINGS BANK INVESTMENTS, &C.—The second extraordinary session of the 1917 Legislature enacted a law providing that in addition to the securities already legal investments for West Virginia savings banks, Federal Farm Loan bonds shall be a lawful investment for such banks. The new Act also provides that Federal Farm Loan bonds are legal investments for all fiduciary and trust funds, for funds of insurance companies and savings and loan associations, and for workmen's compensation fund and that such Federal Farm Loan bonds shall be accepted as security for all public funds. The law in full follows:

Section 1. That Farm Loan bonds issued by Federal Land banks or joint stock land banks, under an Act of Congress approved July 17 1916, entitled, "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgage, to equalize rates of interest upon farm loan, to furnish a market for United States bonds, to create Government depositories and financial agents for the United States and for other purposes," shall be a lawful investment for savings bank deposits, for all fiduciary and trust funds, for the funds of insurance companies and savings and loan associations, and for the workmen's compensation fund. Said Farm Loan bonds shall be accepted as security for all public deposits on the same terms as any bonds for which the faith of the United States is pledged.

Section 17 of the general law regulating the investment of deposits of savings banks of West Virginia was slightly changed by the 1917 Legislature and now reads:

Section 17. The trustees of any such savings bank shall invest the deposits of the bank and the income derived therefrom only as follows:

First. In the first mortgage or deeds of trust on real estate situate in this State, or in States contiguous thereto, such real estate in another State not being situated at a distance exceeding fifty miles from such bank, to an amount not to exceed 60% of the valuation of such real estate; and no loan on real estate security shall be made except upon the report of not less than two members of the board of trustees who shall certify to the value of the premises to be encumbered, according to their best judgment, and such report shall be filed and preserved with the records of the corporation.

Second. In bonds or securities of the United States, or of any State, or of any county, magisterial district, independent school district or other school district, city, town or village in this State, or in any bonds for which the faith of the United States is pledged; or in the notes of any citizen of this State, with a pledge of any of the aforesaid securities at no more than 90% of the market value and not exceeding the par value thereof.

Third. In the notes of any citizen of this State with a pledge as collateral of the stock of any bank or banking association incorporated under the authority of this State or of the United States at no more than 80% of the market value and not exceeding the par value thereof; provided, that such corporation shall not hold as security for loans more than one quarter of the capital stock of any one bank or banking association. Savings banks may deposit not to exceed 20% of their deposits, on call, in such banks or banking associations, and may receive interest for the same.

Fourth. In loans upon personal notes of the depositors of the corporation, but not exceeding the amount of his deposit to a depositor; and in such cases the deposit and book of the depositor shall be held by the corporation as collateral security for the payment of the loan.

Fifth. If such deposit and income can not be conveniently invested, not exceeding one-third part thereof may be invested in bonds or other personal securities, payable at a time not exceeding one year, with at least two sureties, if the principal and sureties are all citizens of this State and resident therein.

Sixth. 15% of the deposits of any such corporation, but not exceeding $100,000, may be invested in the purchase of a suitable site and the erection or preparation of a suitable building for the convenient transaction of its business; and from portions of which, not required for its own use, a revenue may be derived.

Seventh. Any such corporation may take real estate, stocks, bonds and securities in payment in whole or in part of any debt bona fide owning to it, or may purchase the same if deemed necessary to secure or obtain payment of any such debt in whole or in part; and may manage, use and dispose of what has been taken or purchased as a natural person might do; but all taxes, foreclosure expenses and costs of maintenance shall be paid out of the income of the bank.

POPULATION OF STATE.—The population of the State has been as follows:

1920	1,463,701	1890	762,794	1860	376,688	1830	176,924
1910	1,221,119	1880	618,457	1850	302,313	1829	136,768
1900	958,800	1870	442,014	1840	224,537	1810	105,469

The proportion of the colored population was 4.19% in 1880, 4.39% in 1890, 4.5% in 1900, 5.2% in 1910 and 5.9% in 1920. In number blacks were 17,980 in 1870, 25,886 in 1880, 33,508 in 1890, 43,499 in 1900, 64,173 in 1910 and 86,345 in 1920.

STATE DEBT.—Bonded debt on Dec. 1 1921 was $2,787,021 Outstanding warrants on May 1 1920 amounted to $3,485,499.34. The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, $1,327,000; county bonds, issued Jan. 1 1885, $381,986; new school bonds, issued March 12 1892, $606,641. The $165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. The deficit in the sinking fund on Sept. 1 1920 amounted to $23,044.62.

The Legislature in 1917 passed an Act (Chapter 1) creating a State Tax Commission of three members, which shall exercise all the powers and perform all the duties with reference to the assessment or equalization of the assessment of property for purposes of taxation previously exercised or performed by any State Board of Valuation and Assessment, by the Railroad Commission, by the State Board of Equalization, or by any other State Board or Commission. See V. 105, p. 1727.

TAX RATE.—For 1921 the State tax rate (per $1,000) was $4. This tax rate is for all property except live stock and bank deposits, the rate on these being $0.10 on the $100 valuation.

MUNICIPAL BONDS EXEMPT FROM TAXATION.—On Nov. 2 1915 an amendment to the constitution was adopted concerning taxation and exempting therefrom bonds of the State and its subdivisions. See "Chronicle" of Dec. 25 1915, page 2158.

DEBT LIMITATION.—The constitutional provisions relating to the creation of debt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections below:

Section 49. The General Assembly may contract debts to meet casual deficits or failures in the revenue; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed five hundred thousand dollars, and the moneys arising from loans creating such debts shall be applied only to the purpose or purposes for which they were obtained, or to repay such debts: *Provided*, The General Assembly may contract debts to repel invasion, suppress insurrection, or, if hostilities are threatened, provide for the public defense.

Section 50. No act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section 49 unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulated, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it: *Provided*, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon.

[See V. 102, p. 2360 for particulars relative to the decision of the Court of Appeals on June 17 1916 holding invalid an Act passed by the 1916 Legislature authorizing the Sinking Fund Commissioners to refund outstanding warrants.]

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other municipalities are limited by sections 157, 157*a* and 158 of the constitution. Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year *unless* authorized by a two-thirds vote of those voting at an election held for the purpose. See "Chronicle" of May 20 1916, page 1913, and June 3 1916 page 2094, for opinions by Attorney-General relative to this section, and

also "Chronicle" of May 19 1917, page 2028, for decision by Court of Appeals. See also case of Nelson County Fiscal Court vs. McCracklin, 175, Kentucky Reports, 199. Section 157a, an amendment to the Constitution, permits counties to incur an indebtedness for roads not in excess of 5% of the value of taxable property therein, provided said indebtedness is approved by the voters. Provision is also made for the levying of a tax of 20 cents on each $100 of assessed valuation for the payment of such debt. See "Chronicle" of May 6 1916, page 1733, for opinion by Court of Appeals concerning this section. In Section 158 we find the following limits to the debt-making power of municipalities. Cities having over 15,000 population, 10% of the taxable property; cities and towns of 3,000 or more inhabitants, but less than 15,000, 5%; cities and towns of less than 3,000 population, 3%; counties, taxing districts and other municipalities, 2%. Some exceptions are made to these limits. For instance, indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prior to the adoption of the constitution (September 28 1891), or when necessary for the completion of a public improvement undertaken but not finished at the time of the adoption of the constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the constitution went into effect. In such instances permission is given to further increase debt in an amount not exceeding 2% in the case of cities and towns and not exceeding 1% in the case of counties, taxing districts or other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency the public health or safety should so require. Nothing herein shall prevent the issue of renewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality."

The Legislature in 1917 passed an Act (Chapter 2, approved April 25) providing that the fiscal court of any county in the State may submit to the voters at a special election to be held for that purpose the question of voting a tax of not exceeding 20 cents on the $100 on all property subject by law to local taxation, under Section 157*a* of the Constitution, for the improvement of roads. Provision is also made for borrowing money in any year in advance of the collection of the tax for that year, not exceeding 80% of the estimated tax, and for the issuance of bonds therefor. The Act in part follows:

Section 1. The fiscal court of any county in the State may submit to the voters at a special election to be held for that purpose, the question of voting a tax of any sum not exceeding 20 cents on the hundred dollars on all property subject by law to local taxation, under Section 157a of the Constitution, for the improvement or construction of the public roads and bridges of the county, either or both, as the fiscal court may direct. The order of the fiscal court calling the election shall specify the amount of the tax to be levied each year and the number of years for which the tax may be imposed, not exceeding 10 years, and shall also provide that no amount of money in excess of the amount that can be raised by the levy in any one year shall be expended in that year. It may also borrow money in any year in advance of the collection of the tax for that year, not exceeding 80% of the estimated tax, and issue bonds therefor, the amount of the tax to be estimated, according to the assessment and collection of the preceding year, but any money so borrowed shall be paid out of the money raised from the tax in the year in which the money is borrowed. So that all indebtedness created in any one year shall be paid out of the fund raised in that year.

Section 2. The fiscal court shall also in the order calling the election specify the amount of ad valorem tax to be levied each year, which shall be any sum not exceeding 20 cents on the one hundred dollars of assessed property.

CONSOLIDATED SCHOOL DISTRICTS.—The 1920 Legislature passed an Act (Chapter 45, Laws 1920) authorizing Consolidated School Districts and County Boards of Education to issue bonds, subject to the approval of the voters, for school purposes. The Act reads as follows:

Sec. 1. That any county board of education may provide funds for purchasing suitable grounds and buildings, or for erecting and repairing suitable buildings, and for other expenses needful in conducting a consolidated school in their county; and to this end they may use such part of the proceeds of said tax as they deem necessary, and it shall be the duty of said board of education, and if, in their opinion, it be necessary, they are hereby authorized and empowered to order an election and submit to the voters of any consolidated school district the question whether or not they shall issue bonds of their respective consolidated school districts, in any amount not exceeding the limit provided by Section 157 and 158 of the present Constitution of this State, for the purpose of providing suitable grounds, school buildings, furniture and apparatus for their respective consolidated district; Provided, that due notice of said election shall be given by the county board of education, by written or printed posters not less than one foot square, signed by the chairman and secretary of the county board of education, stating the time and place and hours of said election, posted at not less than six public, conspicuous places in the district for ten days previous to the day of the election, and by one insertion thereof in the newspaper, if any, published in said county.

Sec. 2. The board shall appoint two judges, a clerk and a sheriff, to hold such election, who shall be first duly sworn before acting, and shall be housekeepers and taxpayers, resident in the district for which they are appointed, and one of the judges shall ask of each voter: Are you in favor of the issue of bonds by the county board of education for this district, for the purpose of providing suitable grounds, school buildings, furniture and apparatus for this district?" and the clerk shall record the answer, "yes" or "no" as given by the voter. If two-thirds of the voters voting at said election vote in favor of the issue of the bonds, then the county board of education of such consolidated district may issue the bonds of said district for an amount not exceeding the constitutional limit and in conformity with the Constitution of this State. And for the purpose of meeting the interest on such bonds and creating a sinking fund for the payment of the principal thereof, the county board of education, acting for the district where the issue of such bonds is voted, is authorized and empowered to levy annually a tax in addition to that already voted, which shall not increase the tax rate for school purposes in such district to more than one dollar ($1.00) on each one hundred dollars ($100) worth of taxable property within the district.

Approved March 22 1920.

SAVINGS BANKS INVESTMENTS.—Laws do not specify particular securities. Investments are made at discretion of officials of savings banks

INVESTMENT OF TRUST FUNDS.—Section 4168 of the Statutes of 1909 provides as follows:

SEC. 4168.—*Investment of Funds by Fiduciary.*—That it shall be lawful for persons or corporations holding funds in a fiduciary capacity for loan or investment to invest the same in real estate, mortgage notes or bonds, or in such other interest-bearing or dividend-paying securities as are regarded by prudent business men as safe investments, and to make loans with such securities as collateral; but such funds shall not be invested in the bonds or securities of any railroad or other corporation, unless such railroad, or other corporation, has been in operation more that ten years, and, during that time, has not defaulted in the payment of principal or interest on its bonded debt, or be invested in the bonds of a county, district, town or city that, within ten years, has defaulted in the payment of the interest or principal of its bonded debt; and a fiduciary shall account for all interest or profit received.

a Constitution says term of office shall be computed from the 15th of January, but these officials, being elected by the Legislature, are usually allowed to serve a full term from the date of their appointment.

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are not limited, "but no member shall be paid for more than 75 days of a regular session."

* The unusual increase in 1920 was due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature. Pre-

viously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

a The State Tax Comm'r under date of Nov. 21, 1921 advises us that "there has been a very material decline in values during the last year in this State, due partly to the natural return to a normal base of values, and partly to a distinct demoralization of the markets on farm products; hence the reduction in the assessment in 1921. The assessment in 1921, especially so far as real estate is concerned, represents a very conservative value of the property."

The State tax rate (per $1,000) for 1921 was $3.50.

DEBT LIMITATION.—*State.*—Under Section 31, Article 2, State Constitution, 1870, the credit of this State shall not be hereafter loaned or given to or in aid of any person, association, company, corporation or municipality; nor shall the State become the owner in whole or in part of any bank or a stockholder with others in any association, company, corporation or municipality.

Section 33, Article 2. No bonds of the State shall be issued to any rail road company which at the time of its application for the same shall be in default in paying the interest upon the State bonds previously loaned to it or that shall hereafter and before such application sell or absolutely dispose of any State bonds loaned to it for less than par.

Section 29, Article 2. *Counties, Cities and Towns.*—The General Assembly shall have power to authorize the several counties and incorporated towns in this State to impose taxes for county and corporation purposes respectively in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in regard to State taxation. But the credit of no county, city or town shall be given or loaned to or in aid of any person, company, association or corporation, except upon an election to be first held by the qualified voters of such county, city or town, and the assent of three-fourths (¾) of the voters cast at said election. Nor shall any county, city or town become a stockholder with others in any company, association or corporation except upon a like election and the assent of a like majority.

CITIES TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding $250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advises us under date of Nov. 22 1921 that the Legislature in 1919 passed an Act (Chapter 114, Public Acts 1919) exempting bonds issued by the State from taxation by the State, county or municipality. This Act was assailed as being in conflict with the decision of the State Supreme Court in the case of Keith vs. the Funding Board in 127 Tenn., 441, "that the Legislature could not constitutionally exempt State bonds from taxation." The title of the action was Foster vs. Roberts, and it is reported in 142 Tenn., page 350. The Court held that the credit of the State was an instrumentality of government, and that it could exempt that instrumentality of government from taxation. Recently, in the case of Greenwood vs. Rickman, the Supreme Court sustained the numerous opinions of the Attorney-General to the effect that the principles in the case of Foster vs. Roberts would also apply to county, city and district bonds. The Supreme Court held that the bonds of a county, city or district, when exempt by statute, were valid, and that the Legislature had the constitutional right to so exempt the same.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that there are "no legal restrictions" as to investments for savings banks.

POPULATION.—The population of Tennessee has been as follows:

1920	2,337,885	1880	1,542,359	1840	829,210	1800	105,602
1910	2,184,789	1870	1,258,520	1830	681,904	1790	35,691
1900	2,020,616	1860	1,109,801	1820	422,771		
1890	1,767,518	1850	1,002,717	1810	261,727		

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900, 21.7% in 1910 and 19.3% in 1920. In number, blacks were 245,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900, 473,088 in 1910 and 451,758 in 1920.

Knoxville is county seat of Knox County. In 1897 Knoxville, North Knoxville and West Knoxville consolidated. In 1917 the Legislature authorized the extension of corporate boundaries by annexing Park City, Mt. View, Lonsdale and Oakwood. V. 104, p. 1513. Commission government adopted Aug. 26 1911. V. 93, p. 607. City has purchased plant of Knoxville Water Co. City assumed $639,000 bonds of water company and in addition issued $611,000 4½% bonds in payment for plant. These issues are not included in *total* bonded debt given below, but are direct obligations of the city. Of the bonds assumed, $150,000 6s were refunded in June 1912 by a like amount of 4½s.

MEMPHIS.
Memphis is the county seat of Shelby County. A yellow fever epidemic in 1878 rendered city unable to meet its obligations, and in 1879 city charter was repealed and Taxing District of Shelby County was organized for purpose of securing a compromise with bondholders on such terms as city felt able to make. The courts, however, held that Taxing District was liable for entire debt of city, and a compromise of 50% was then arranged for under Act. of March 1883. **This Act was amended in 1885. These compromise bonds matured July 1 1915. Old debt has been all retired. In 1891, by Act of Legislature, district was again incorp.as city** now governed under commission form provided for in amended city charter passed by 1909 Legislature (V. 89, p. 1297), and which has been declared constitutional. V. 90 p. 387, and V. 91, p. 49. **Bonds are** free from local tax.

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the issuance of (1) consol. 4% bonds due in 1910 (now replaced by refund. bonds due in 1950) to fund old ante-war bonds at 40% of face value. "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consol. 6% bonds (which fell due in 1919), for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 was given in full in V. 98, p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904. North Carolina on April 1 1905 paid to the State of South Dakota $27,400, representing the judgment obtained by the latter State on $10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject V 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the $250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined. V 86 p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused. The Republic of Cuba brought suit in the U. S. Supreme Court to force payment of $985,000 of these bonds, which were donated to it, but this suit was subsequently withdrawn. See "Chronicle" of Jan. 13 1917, page 178.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds Special tax bonds, $11,366,000; bonds to Chatham RR., 1868 $1,030 000 and to Williamston & Tarboro RR., $150,000; penitentiary bonds of 1868 $44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct 1869; class 3 bearing the coupon of April 1870.

A law of 1917 authorizing semi-annual issues of State bonds for highways was declared unconstitutional in part on Sept. 26 1917. The law was amended in 1919 by striking out the provisions which had been held to be unconstitutional. (Public Laws 1919, Chap. 115.) The 1921 Legislature passed an Act (Chapter 2, Public Laws 1921) authorizing the State Treasurer to issue $50,000,000 "State of North Carolina Highway Serial Bonds." The Act provides that not more than $10,000,000 of these bonds may be sold in 1921 and not more than $10,000,000 in 1922 and the remainder may be issued at the rate of $10,000,000 per annum. The interest rate is limited to 5%. Section 43 of the Act exempts the said bonds and coupons, and notes issued in anticipation of the sale of the bonds, from all State, county and municipal taxation, direct or indirect. Another Act passed in 1921 provides that, for the purpose of providing "a Special Building Fund" to be loaned to the county boards of education, the Treasurer is authorized and directed to issue bonds of the State of North Carolina, payable in the manner and on the date hereinafter described, to an amount not to exceed $5,000,000. All of said bonds shall bear interest at a rate not to exceed 5% per annum, payable semi-annually on the first days of January and July of each year, and the said bonds shall bear date as of the first day of January of each and every year in which they may be issued under the provisions of this Act.

The recognized debt which had been adjusted up to Dec. 1921 amounted to $27 172 500. All bonds are exempt from taxes; see remarks below on taxation of bonds.

INTEREST on the bonds and notes dated 1921, with the exception of one marked (*a*), is payable at the First National Bank, N. Y. The one marked (*a*) is payable at the National Park Bank, N. Y. On the issues of other years in New York at the National Park Bank and at any bank in Raleigh.

The State holds three millions (par value) in the stock of the North Carolina RR. In addition the State holds $12,666 shares of stock in the Atlantic & North Carolina RR., valued at $1,266,600. also $645,247 56 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value; in 1903, however, the attempt was made to assess at true value. Chapter 84 of the Public Laws of 1919 provides for a revaluation of all taxable properties and establishes a 100% basis of value. This accounts for the great rise in valuations in 1920. Previously property had been valued at anywhere from 40% to 80% of its value.

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—*State Indebtedness.*—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

Article 5, Section 6.—*Taxes Levied for Counties.*—The total of the State and county tax on property shall not exceed fifteen cents on the one hundred dollars value of property, except when the county property tax is levied for a special purpose and with the special approval of the General Assembly, which may be done by special or general Act. Provided, this limitation shall not apply to taxes levied for the maintenance of the public schools of the State for the term required by article 9, section 3, of the Constitution. *Provided, further, the State tax shall not exceed five cents on the one hundred dollars value of property.*

Article 7, Section 7.—*Counties, Cities, Towns, &c.*—No county, city, town or other municipal corporation shall contract any debt pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereof, unless by a vote of the majority of the qualified voters therein.

Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected for the payment of any debt, or the interest upon any debt, contracted directly or indirectly in aid or support of the rebellion.

Article 8, Section 4.—It shall be the duty of the Legislature to provide *by general laws* for the organization of cities, towns and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporations. (Words in italics added by amendment of 1916.)

In compliance with a constitutional amendment adopted in 1916, the Legislature of 1917 passed a general law known as the Municipal Finance Act (now constituting Sub-Chapter III, Chapter 56, Consolidated Statutes, as amended and re-enacted at the special session of the Legislature in December 1921), which authorizes and regulates the issuance of all bonds and notes of all cities and towns (but not counties, townships, &c.), and supersedes all previous laws on the same subjects, except local or private Acts passed in 1921. The Act is similar to the Pierson Bond Act of New Jersey, but of broader scope, covering the subjects of appropriations, expenditures, contracts and all temporary loans, as well as long-term bonds. The Act contains the following provisions in regard to loans:

POWER TO ISSUE BONDS AND NOTES.—Power is given to issue bonds for (1) any purpose for which the municipality may raise or appropriate money, except for current expenses; and (2) also for funding any or refunding any indebtedness incurred before Dec. 5 1921, except serial bonds maturing as provided in the Municipal Finance Act. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals) predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (*a*) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a) period ranging from 5 to 50 years; or (b) if issued to fund floating debt incurred before Dec. 5 1921, either 15 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (c) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued for more than one such purpose, within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments beginning not more than three years after the date of tae bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

SALE OF BONDS.—Bonds must be sold at not less taan par, and, unless the sale is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring such debts except for meeting appropriations of revenues of the current fiscal year or appropriations of the proceeds of permanent bonds actually authorized or for paying judgements or debts not otherwise provided for; and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a sworn debt statement filed before the passage of the ordinance that the net bonded debt outstanding or authorized or about to be authorized, plus any outstanding floating debt incurred before Dec. 6 1921, does not exceed 8% of the assessed valuation of property as last fixed for municipal taxation, or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding. In computing net debt subject to the 8% limit, the following items are to be deducted, viz.: (*a*) unissued bonds for funding or refunding debt outstanding; (*b*) sinking funds or other funds held for the payment of bonds not deducted; (*c*) uncollected special assessments levied or to belevied; and (*d*) bonds included in the gross debt and incurred for water, gas, electric light or power purposes.

PROCEDURE.—Permanent bonds must be authorized by an ordinance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds reciting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

COUNTY BONDS.—Section 3767 et seq. of the Consolidated Statutes authorized all counties to issue bonds for roads and bridges and to levy a sufficient tax to pay such bonds. The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

INVESTMENT OF TRUST FUNDS.—Sec. 1792, Statutes of 1908.—*Funds Invested by Fiduciaries.*—Guardians, trustees and others acting in a fiduciary capacity, having surplus funds of their wards and *cestui que trustent* to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiduciary capacity, such bonds or other security of the United States, and such bonds of the State of North Carolina, shall be deemed cash to the amount actually paid for the same, including the premium, if any, paid for such bonds or other securities, and may be paid as such by the transfer thereof to the persons entitled.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 $1,800,000 of this scrip had been issued. V. 80, p. 725. Thirty South Carolina bonds 6% of $1,000 each, issued in 1869, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545. The State debt at present consists of the following items:

TOTAL FUNDED DEBT.—The total funded bonded debt on Dec. 31 1920 was $5,382,308.35. Past-due bonds, long over-due, are omitted. the total issue of 4½% Redemption Brown Consols under Act of 1892 was $5,622,745.97, of which $891,025.97 were retired by the Sinking Fund, exhausting the assets of the fund; but $4,731,969 4% gold bonds issued under an Act of 1912 were sold April 1 1916, and the remaining outstanding 4½% Redemption Brown Consols redeemed. The assets of the ordinary sinking fund on Oct. 1 1921 amounted to $124,782.65. On the same date the refunding sinking fund amounted to $139,911.82.

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to $37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer to remove from the books all wholly invalid 6% Greene Consolidated bonds, amounting to $224,640.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by $14,500.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

DEBT LIMITATION.—*State.*—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

Section 6 states that the credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation, &c. This section was amended in Nov. 1910 and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, through which, in whole or in part the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. two thirds vote necessary to authorize.

Counties, Cities, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund shall be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. In 1910, however, an amendment was adopted to Section 5 whereby such bonds were exempted when issued by *any municipal corporation.*

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein."

The following municipalities have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Aiken, Anderson, Bishopville, Camden, Charleston School District, Cheraw, Chester, Clinton, Darlington, Edgefield, Florence, Kershaw Co. Sch. Dist. No. 1, St. Matthews, Sumter and Yorkville School District.

An amendment to Section 6 of Article X adopted in Nov. 1910 allows townships in Greenwood County and Saluda County to issue railroad aid bonds provided the amount of such bonds shall not exceed the 8% limit—see Sec. 6 above.

[Ten amendments to the Constitution were submitted to the voters on Nov. 5 1918, all of which were adopted. Among them were:

Amendment to Section 7, Article VIII, of the constitution, relating to municipal bonded indebtedness, by adding a proviso thereto as to the city of Orangeburg; amendment to Section 17 of Article VIII of the constitution, relating to municipal bonded indebtedness; amendment to Section 7 of Article VIII and Section 5 of Article X of the constitution, so as to exempt the cities of Rock Hill and Florence from the provisions thereof; amendment to Section 7 of Article VIII of the constitution, relating to bonded indebtedness by adding a proviso thereto as to the city of Abbeville; amendment to Section 5, Article XI, of the constitution, relating to school districts, by adding a special proviso as to Greenville County.

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Previously the only bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

DRAINAGE LAW CONSTITUTIONAL.—State Supreme Court on Feb. 28 1916 rendered a decision declaring the drainage law of 1912 constitutional. See "Chronicle" of Mar. 4, 1916, page 906.

TRUST FUNDS.—The General Assembly at its 1919 session passed the following Act permitting trust funds to be invested in farm loan bonds issued by Federal Land Banks:

Be it enacted by the General Assembly of the State of South Carolina, that trust funds, unless it is otherwise provided in the instrumental creating the trust, may be loaned on the security of, or invested in, farm loan bonds issued by Federal Land Banks under and by virtue of the powers conferred upon the same in and by a certain Act of the Congress of the United States known as the Federal Farm Loan Act, approved July 17 1916.

SAVINGS BANK INVESTMENTS.—There are no special regulations in South Carolina regulating the investments of savings institutions.

BONDED DEBT.—The valid bonded debt of the State of Georgia Oct. 1 1921 was $5,530,000, of which $5,524,500 was interest bearing and $5,500 was past-due and non-interest bearing. In addition to the above the State pays the University trustees 7 per cent interest annually on $90,202 of Land Scrip Fund not funded.

STATE PROPERTY.—The State owns the Western & Atlantic R. R., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 50 years from December 27 1919 to the Nashville Chattanooga & St. Louis RR. Co. at a rental of $540,000 per annum and payment of all taxes, which, under the former lease, they were not required to pay. Also owns two pieces of property in the heart of Chattanooga formerly included as part of the Western & Atlantic RR. lease, but now leased independently

for 50 years at an average rental of $12,000 per annum. It also holds 186 shares of the Georgia RR. & Banking Co. and 440 shares of the Southern & Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENT—LIMITING TAX LEVY.—An amendment to the constitution was adopted Oct. 5, 1904 limiting the State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars (amount raised by constitutional amendment in Oct. 1912 from $200,000 to $500,000) and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

COUNTIES, CITIES, &c.—The State Constitution of 1877, Article VII. Section VII, as amended in 1918 and 1920, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows, the parts printed in italic having been added in 1920:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof voting at an election for that purpose, to be held as prescribed by law, *provided said two-thirds so voting shall be a majority of the registered voters, and provided further that all laws, charter provisions and ordinances heretofore passed be enacted providing special registration of the voters of the counties, corporations and other political divisions of this State to pass upon the issuance of bonds of such counties, municipal corporations and political divisions are hereby declared to be null and void; and the General Assembly shall hereafter have no power to pass or enact any law providing for such special registration, but the validity of any and all bond issues by such counties, municipal corporations or other political divisions made prior to January 1st 1918 shall not be affected hereby,* but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation. *Provided, any municipality having a population of 150,000 or more can issue and sell "street improvement bonds" without the said assent of two-thirds of the qualified voters at an election called thereon, but upon a two-thirds vote of the members of its governing body, with these limitations: First, the term of such bonds shall in no case exceed ten years. Second, the amount of each issue shall be limited to the amount assessed by such municipality upon each improvement. Third, these bonds shall be issued only for the grading and paving or reparing of streets or portion of streets. Fourth, the interest thereon shall not exceed six per centum per annum. Fifth, these bonds can be issued without regard to the amount of other outstanding debts or bonds of said municipality. "Sixth, these bonds not to be issued except in case such pavement or reparement has been petitioned for in writing by the owners of more than fifty per cent of the property abutting on the street or portion of street paved or repaved."*

Paragraph 2 of the same article and section is as follows: Paragraph 2 "County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any County thereof. V. 85, p. 676.

SAVINGS BANK INVESTMENTS.—Savings banks in Georgia are governed as regards their investments by Article 19 of the Banking Law enacted by the 1919 Legislature and effective Jan. 1 1920. We publish Sections 12, 13, 15, 17, 21, 22, 23 and 24 of Article 19 in full below:

SEC. 12.—*Loans to Officers.*—No banks shall lend any officer, director, agent, or employee any amount whatever except upon good collateral or other ample security; and no such loan shall be made until after it has been approved by a majority of the directors, or by the members of a committee of the board of directors authorized to act, as in the preceding section provided.

SEC. 13.—*Loans by Bank, Limit of.*—No bank shall be allowed to lend to any one person, firm, or corporation more than thirty (30) per cent of its capital, unimpaired surplus and undivided profits. And no loan shall be made in excess of ten (10) per cent of the capital except upon good collateral or other ample security and with the approval of a majority of the directors, or of a committee of the board of directors authorized to act, which approval shall be evidenced by the written signatures of said directors or the members of said committee. In estimating loans to any person, all amounts loaned to firms and partnerships of which he is a member shall be included: Provided, however, that a bank may buy from or discount for any person, firm, or corporation, bills of exchange drawn in good faith against actually existing values, or commercial or business paper actually owned by the person negotiating the same, in addition to loans, directly made to the person, firm or corporation selling the same, such purchase or discount, if in excess of ten (10) per cent of the capital, to be approved in writing by a majority of the directors, or by a committee of such board authorized to act; and provided, that the limit of loans herein fixed shall not apply to bona fide loans made upon the security of agricultural, manufactured, industrial products or live stock, having a market value and for which there is ready sale in the open market, title to which by appropriate transfer shall be taken in the name of the bank, and which shall be secured by insurance, against loss by fire with policies made payable to the bank, where no more than eighty (80) per cent of the market value of such products shall be loaned or advanced thereon. In all such cases a margin of twenty (20 per cent) between the amount of the loan and the market value of the products shall at all times be maintained (except where products are intended for immediate shipment); and the bank shall have the right to call for additional collateral when the difference between the market value and the amount loaned shall be less than twenty (20) per cent, and in the event of the failure to comply with such demand, to immediately sell all or any part of such products in the open market and pay the amount of the loan and the expenses of sale, and the balance to the borrower; and provided that the limit herein fixed shall not apply to loans fully secured by bonds or certificates of indebtedness of the United States or of this State, or of the several counties, districts or municipalities thereof which have been duly and regularly validated as provided by law. Liabilities arising to the makers and endorsers of checks, drafts, bills of exchange, received by the bank on deposit cashed or purchased by it, shall not in any way be considered as borrowed money or loans.

It shall be the duty of the Superintendent of Banks to order any loan in excess of the amount herein fixed reduced to the legal limit, or the excess charged to profit and loss, provided in his opinion such excess is not well secured, and if such reduction shall not be made within thirty (30) days after such notification, to proceed as in other cases provided for violation of the orders of the Superintendent.

SEC. 15.—*Loans on Real Estate, Limit of.*—No bank doing a commercial business and receiving deposits subject to check, shall lend upon real estate held as an investment, or for the purchase of real estate, or the improvement thereof, more than fifty (50) per cent of the fair market value of such real estate; and the aggregate amount of such loans shall at no time exceed the amount of its savings and time deposits; provided that this section shall not apply to temporary loans or regular commercial transactions secured in whole or in part by real estate, nor to any loan which shall have been made prior to the approval of this Act.

SEC. 17.—*Loans upon Collateral.*—No bank shall lend more than thirty (30) per cent of its capital and unimpaired surplus on the stock of any corporation, although such stock may be pledged to it by several separate borrowers, and where loans are made direct to the corporation, without ample security, these direct loans shall be included in such total of thirty (30) per cent. No bank shall make a loan secured by the stock of another corporation if by the making of such loan the total stock of such corporation held by it as collateral will exceed in the aggregate twenty (20) per cent of the capital stock of such corporation.

SEC. 21.—*Loans upon or Purchase of Bank Stock.*—No bank shall make any loan or discount on the security of the shares of its capital stock, nor be the purchaser or holder of any such shares, unless such security or purchase shall be necessary to prevent loss upon a debt previously contracted in good faith, and said stock so purchased or acquired shall within six (6) months of the time of its purchase be sold and disposed of at public or private sale. The limit of time, however, may be extended by the Superintendent of Banks, if in his judgment it is for the best interest of the bank that such extension be granted, but in no cashs shall such time be extended longer than twelve (12) months from the time of the purchase of the same by the bank.

SEC. 22.—*Unauthorized Investments.*—No bank shall employ or invest its funds in the purchase or holding of the stock of any industrial, mercantile or mining corporation, or in the purchase or handling of merchandise, farm or manufactured products, except to secure a debt previously contracted in good faith, and if any such stocks, merchandise, or products are purchased to protect the bank from loss, the same shall be disposed of at public or private sale within six (6) months after receiving the same, or the same shall be charged to profit and loss and not carried as assets by the bank. The limit of time, however, may be extended by the Superintendent of Banks, if in his judgment it is for the best interest of the bank that such extension should be granted. Nothing in this section is to be construed as applying to trust companies or savings banks doing a trust or savings business.

SEC. 23.—*Purchase of Stocks or Bonds.*—No bank shall subscribe for or purchase any stocks (except stock in the Federal Reserve Bank or in any State Bank hereafter organized with functions applicable to its members similar in character and effect to the functions of the Federal Reserve Bank to its members, necessary to qualify for membership therein, in which case the purchase of stock in said State Bank shall not be made unless the purchase has first been approved by the State Superintendent of Banks and the amount of stock bought shall not exceed that permitted in the Federal Reserve Bank) or bonds, except bonds of the United States, of the State of Georgia, or of the several counties, districts, including drainage districts, or municipalities thereof, which have been duly and regularly validated as provided by law, or of the other States of the United States, or, with the approval of the Superintendent of Banks, good interest-bearing bonds of foreign governments; provided that nothing herein contained shall limit or interfere with regularly authorized trust companies, doing a trust company business, advancing or lending money on syndicate underwritings, upon which such trust companies are authorized to charge such commissions, in addition to interest, as may be agreed upon by the parties, or from subscribing, purchasing or holding stocks, bonds, or other securities; Provided that this section shall not apply to securities actually owned at the date of the approval of this Act. Provided, further, that any bank of this State may invest not exceeding five per centum of its capital and surplus in the stock of a corporation engaged in the business, in whole or in part, of holding, marketing or exporting cotton from the United States, or any of its dependencies, or insular possessions, to any foreign country. But no bank shall subscribe to the capital stock of more than one such corporation, and shall first receive the approval of the Superintendent of Banks; Provided, further, that nothing contained in this section shall apply to savings banks doing only a saving business.

SEC. 24.—*Purposes for Which Banks May Hold Real Estate.*—Any bank may purchase, hold and convey real estate for the following purposes only: first, such as shall be necessary for the convenient transaction of its business, the amount of which, including its furniture and fixtures, shall not exceed one-third (1-3) of the paid-in unimpaired capital and surplus; provided that the Superintendent of Banks may, upon application by any bank, in his discretion, allow a greater sum invested; second, such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its business; third, such as it shall purchase at sales under judgments, decrees, or mortgage foreclosures under securities held by it; but a bank shall not bid, at any such sale, a larger amount than sufficient to satisfy its debts, costs and expenses. No real estate acquired in the cases contemplated in the second and third sub-sections above shall be held for a longer period than five (5) years unless the time shall be extended by the Superintendent for cause shown: Provided, that this section shall not apply to any banking house furniture or fixtures actually owned at the date of the approval of this Act. Provided, further, that nothing contained in this section shall apply to avings banks doing only a savings business.

INVESTMENTS OF TRUST FUNDS.—The following sections of the Code of 1911 relate to this subject:

SEC. 3763.—*Investments.*—Any trustee holding trust funds may invest the same in stocks, bonds, or other securities issued by this State, making a true return of the price paid and time of purchase. Such investments shall be free from taxation so long as held for the trust estate. Any other investments of trust funds must be made under an order of the Superior Court, either in term or granted by the Judge in vacation, or else at the risk of the trustee.

SEC. 3764.—*May Invest in State Securities at Less Than Seven Per Cent.*—Executors, administrators, guardians and trustees may invest trust funds in stocks, bonds and other securities issued by this State, bearing a lower rate of interest than seven per cent per annum, and shall, in the settlement of their accounts on the funds so invested, be chargeable with no greater interest then received from the State; Provided, that such executor, administrator, guardian or trustee shall, within thirty days after such investment, make a return to the Ordinary of the amount and character of the bonds purchased and the price paid.

SEC. 3765.—*Investments in Validated County or Municipal Bonds.*—Executors, administrators, guardians and trustees are authorized to invest trust funds in any county or municipal bonds of this State, which have been validated as required by law for the validation of county and municipal bonds, upon the same terms and conditions as they are now authorized to invest trust funds in State bonds and securities.

SEC. 4011.—*Investments by Administrators.*—When from any cause an administrator is compelled to hold the funds of the estate in his hands, he is authorized to invest the same in stocks, bonds or other securities issued by this State, or (by leave of the Ordinary) in bonds issued by the proper authorities of the cities of Savannah and Augusta. In such case he shall, within twelve months thereafter, make a legal return thereof, in which he shall set forth the price paid, the time of the purchase, and the name of the seller. If any executor or trustee has in his hands money as the separate estate of a married woman, absolutely or for life, he may, under the direction of the Superior Court, invest such funds in land.

POPULATION.—The population of Georgia has been as follows:

1920	2,895,832	1870	1,184,109	1820	340,985

DEBT LIMITATION.—*State.*—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corporation or association, nor shall the State become a joint owner or stockholder in any company, association or corporation

Cities and Towns.—Chapter 5645, Laws of Florida, Acts of 1905, provides "that cities and towns may issue bonds for the purpose of building or repairing public buildings, or water-works of the city or town, widening or extending streets or parks, purchasing or establishing gas or electric-light plants for the city or town, or for any other municipal purpose, to an amount not exceeding ten per cent (10%) of the assessed value of the real and personal property within its incorporated limits. But this limitation shall not operate to prevent the issue by any city or town of additional bonds which, with the existing bonded indebtedness, shall not exceed ten per cent (10%) of the assessed value of the real and personal property within its corporate limits: Provided, That no bonds shall be issued by any city or town until the question of issuing same shall have been decided in favor of such bond issue by an election held for that purpose in the manner now provided by law: Provided, This Act shall not apply to cities and towns which have special charters from the Legislature."

Counties —Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters. A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

TAXATION OF MUNICIPAL BONDS.—Under Chapter 5596 Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by residents.

SAVINGS BANK INVESTMENTS.—The provisions regulating investments by savings banks in Florida are contained in Section 2733 of the Banking and Trust Laws, 1915, which are as follows:

Investment of Funds.—The capital and deposits and the income derived therefrom shall be invested only as follows:

1. On the first mortgages of real estate situated in this State to an amount not to exceed 60% of the valuation of such real estate, but not exceeding 75% of the whole amount of deposits shall be so invested; and no loan or mortgage shall be made except upon the report of not less than two members of the board of investment, who shall certify to the value of the premises to be mortgaged, according to their best judgment, and such report shall be filed and preserved with the records of the corporation.

2. In the public funds of the United States, or bonds of any of the United States, or in the bonds or notes of any city, town or county of the United States whose actual indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes, or in the notes of any citizen of this State with a pledge of any of the aforesaid securities at no more than the par value thereof

3. In the first mortgage bonds of any railroad company incorporated under authority of any of the United States, and whose road is located wholly in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment. Or in the first mortgage bonds guaranteed by any such railroad company or any railroad company so incorporated whose road is thus located; or in the bonds or notes of any railroad company incorporated under the laws of this State, which is unencumbered by mortgage, and which has paid a dividend of not less than 5% per annum for the two years next preceding such investment; or in the notes of any citizen of this State, with a pledge as collateral of any of the aforesaid securities at no more than 80% of the par value thereof.

4. In the stock of any bank incorporated under the authority of this State, or the stock of any banking association incorporated under the authority of the United States, or in the notes of any citizen of this State with a pledge as collateral of any of the aforesaid securities at no more than 80% of the market value and not exceeding the par value thereof.

Savings banks may deposit sums not exceeding 30% of the amount of their deposits on call in such banks, banking associations or in any trust company incorporated under the laws of this State or of the United States, and may receive interest for the same.

5. In loans upon the personal notes of the depositors of the company, but not exceeding three-fourths of the amount of his deposit to a depositor, and in each such case the deposit and the book of the depositor shall be held by the company as collateral security for the payment of such loan.

6. If such deposits and income cannot be conveniently invested in the mode hereinbefore prescribed, not exceeding one-third part thereof may be invested in bonds or other personal security, payable at a time not exceeding one year, with at least two sureties, if the principal and sureties are all citizens of this State and resident therein.

7. Ten per cent of the deposits of any such corporation, but not exceeding $25,000, may be invested in the purchase of a suitable site and the erection or preparation of a suitable building for the convenient transaction of its business.

2734. *Application for Loan, How Made.*—All applications for loans shall be made in writing to the Treasurer of the corporation, who shall keep a record thereof, showing date, name of applicant, amount asked for and the security offered, and he shall cause the same to be presented to the board of investment.

a This is the date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and State Government for that part of the Mississippi Territory ying west of the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadriennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. The last regular session was held in 1919.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was $185,400. By another Act also approved Feb. 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series "A," "B" and "C") with new securities.

HIGHWAY BONDS.—At a special election held Feb. 16 1920 $25,000,000 5% 40-year highway bonds were voted. The Supreme Court on Feb. 3 1921 ruled the amendment unconstitutional. Defects in the amendment were corrected by the Legislature and the proposition will be re-submitted to the voters on Jan. 30 1922.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28 1901 The new instrument made radical changes in relation to debt and taxation an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, though being limited to $300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in *Sections* 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualified voters of the county, city, town, village or other political sub-division desiring to issue such securities. There are exceptions to this however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 3½ per cent either created or authorized by existing laws to be created. Such counties already indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

CITIES, TOWNS, &c., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric-light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN ENSLEY, DECATUR and NEW DECATUR, are limited in their debt-making powers to 7 per cent of the assessed valuation. The following described classes of indebtedness are not to be considered in figuring the debt limit; temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues; bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements, where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. The Section is not to apply to the cities of SHEFFIELD AND TUSCUMBIA.

An amendment to Sec. 1436, Code of 1907, approved Feb. 17 1919, makes it lawful for the municipal authorities of any city or town, which may have outstanding a bonded indebtedness of any kind, to settle, adjust and refund the same, and in order to carry into effect the settlement, adjustment and refunding of such bonded indebtedness, the municipal authorities of any such corporations may issue bonds for such an amount as may be necessary to pay the indebtedness of such corporation. Bonds issued under authority of this amendment may run for a period of time not exceeding thirty years, and may bear interest at a rate not exceeding 6% per annum, payable annually, or semi-annually, at a place to be designated by the municipal authorities. The Act also provides that the authorities may levy and collect a tax to pay the interest and principal of such bonds, provided that such tax shall not exceed the constitutional limitation on the rate of taxation applicable to such city or town. It is further provided that such bonds shall not be sold at less than par except upon a vote of three-fourths of the members elected to the Council or the governing body of the municipality, nor without the written assent of the Mayor filed and spread upon the minute of the governing body.

Section 226 provides that no city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this constitution until such indebtedness shall be reduced within such limit; provided, however, that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

At the general election on Nov. 7 1916 an amendment was adopted to Article XIX of the Constitution relating to the taxing power of the several counties and school districts in the State. The law now reads as follows:

Section 1. The several counties in the State shall have power to levy and collect a special tax not exceeding 30 cents on each $100 worth of taxable property in such counties in addition to that now authorized or that may hereafter be authorized for public school purposes; provided, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the county, and voted for by a majority of those voting at such election.

Section 2. The several school districts of any county in the State shall have power to levy and collect a special tax not exceeding 30 cents on each $100 worth of taxable property in such district for public school purposes; provided, that a school district under the meaning of this section shall include incorporated cities or towns, or any school district of which an incorporated city or town is a part, or such other district now existing or hereafter formed, as may be approved by the county board of education provided, further, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the district and voted for by a majority of those voting at such election; provided, further, that no district tax shall be voted, levied or collected except in such counties as are levying and collecting at least a three-mill special county school tax.

Section 3. The funds arising from the special school tax levied and collected by any county shall be apportioned and expended as the law may direct; and the funds arising from the special school tax levied in and district which votes the same independently of the county shall be expended for the excessive benefit of the district as the law may direct.

Another amendment adopted on Nov. 7 1916 provides that the city of Selma shall be empowered to levy and collect annually an additional tax of two-tenths of 1% upon the value of property therein as fixed for State taxation, to be applied exclusively to the maintenance of public schools therein, and levy and collect annually a further additional tax of one-tenth of 1% upon the value of the property therein as fixed for State taxation, to be applied exclusively to public school buildings therein and improvements and repairs thereon, or to the payment of indebtedness contracted for the same by the city of Selma; provided that these taxes shall be in lieu of all other city taxes required to be levied or appropriated by the city of Selma for the support of schools or for school purposes

CONSTITUTIONAL AMENDMENT INCREASING TAXING POWERS OF CITIES AND TOWNS.—An amendment to the Constitution authorizing 42 cities and towns in Alabama to increase their tax rates was adopted Dec. 29 1919. We print this amendment below:

The municipalities of Tuscambia, Sheffield, Hurtsboro, Russellville, Lanett, Demopolis, Pell City, Heflin, Columbiana, Carrollton, Opelika, Fair Hope, Pine Hill, Scottsboro, Stevenson, Ashland, Brewton, Pollard, Flomaton, Atmore, Inglenook, Tuskegee, Aliceville, Gordo, Reform, Livingston, Camden, Monroeville, Phoenix and Girard, Birmingham, Bessemer, Florence Huntsville and Selma, Anniston, Athens, Auburn, Carbon Hill, Jacksonville, Fairfield and LaFayette, in the State of Alabama, shall have the power and the right to levy and collect a tax of one-half of one per centum in any one year on property situated therein, based on the valuation of such property as assessed for State taxation for the tax year ending on the 30th day of September next succeeding the levy; provided that for the purpose of paying bonds issued and outstanding at the time of the adoption of this amendment and the interest thereon, and for the purpose of paying bonds which may be issued after the adoption of this amendment and the interest thereon, an additional tax of one-half of one per centum may be levied and collected by said corporations provided further, that a majority of the qualified electors of any of said municipal corporations voting at an election called for the purpose may vote a special tax not to exceed one-half of one per centum in any one year for any special purpose or purposes, which tax shall be used only for the purpose or purposes for which the same was levied and collected; provided, however, that the total tax to be levied by any municipal corporations shall not exceed one and one-half (1½) per centum in any one year. Each election held under the provisions hereof shall be ordered, held, canvassed and may be contested in the same manner as is or may be provided by the law applicable to the municipal corporation for elections to authorize the issuance of municipal bonds . . . Elections to authorize the levy of such special tax may be held as often as ordered by the governing body of the municipality, but when a proposition is submitted to the electors to levy a special tax for a specific purpose, and such proposition is defeated, no second election for the same purpose shall be held in one year thereafter. This amendment shall be self-executing and no Act of the Legislature shall be required to put the same, or any part thereof, in force. This amendment shall not apply to counties.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that "there is no law in Alabama regulating the way in which savings institutions of this State are permitted to invest their funds. The same is not in any manner controlled by law."

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the Code of 1907 provide as follows:

SEC. 6076.—*Trustees May Invest in State or United States Securities.*—A trustee, having moneys to invest or lend, may invest them in the purchase of the interest-bearing securities of the State, or of the United States; but for such investment his liability is governed by the general rules of the law.

SEC. 6077.—*Investment Without the State.*—If the *cestuis que trust*, or any of them, reside without the State, and the trustee has funds to lend or invest, the loan or investment whereof in the State of their residence is desirable, the trustee may there lend and invest them, under the authority of a decree of the Court of Chancery.

BONDS TAX-FREE.—By Section 13 of an Act approved March 31 1911, entitled "To further provide for the revenues of the State of Alabama," the following securities are exempted from taxation: "All bonds of the United States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

BIRMINGHAM.
Birmingham is in Jefferson County. Incorp. 1871. The new State constitution, which went into effect Nov.28 1901, provides that this city may levy and collect a tax not to exceed ½ of 1% in addition to the tax of ½ of 1% (as provided in the 1889 amendment to the old constitution), *to be applied exclusively* to the payment of interest on bonds of this city *issued prior* to Nov. 28 1901 (or which at that time were authorized to be issued), and for a sinking fund to pay off said bonds at maturity.
Greater Birmingham Act declared constitutional by State Supreme Court in 1910 (V. 90, p. 249 and 644). In 1911 Legislature authorized a commission form of government for this city. V. 92, p. 1049.

INTEREST is payable at office of State Treasurer and at the National Bank of Commerce in New York City.

TOTAL DEBT.—Mississippi's bonded debt on Dec. 1 1921 amounted to $9,518,750. On Oct. 1 1920 the various trust funds of the State aggregated $2,356,061.47. These funds were moneys taken over by the State, and only the interest is paid on them. Cash on hand and in depositaries Oct. 1 1919, $1,397,647.04. The net revenues of the State amount annually to about $3,500,000.

The constitution of the State interdicts the payment of the so-called 'Union Bank" and "Planters' Bank" bonds. For readjustment movement see V. 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 on $600,000 bonds sold in July 1910, on the ground that should the bondholders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of $600,000 bonds, $336,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining $264,000 were exchanged for new bonds.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows:

*Real estate is assessed every two years. This accounts for the fact that the totals for 1919 and 1920 are the same, and for the similarity at previous biennial periods.

STATE DEBT.—Section 258 of Article 14 of State Constitution, adopted Nov. 1 1890, provides that the credit of the State shall not be pledged or loaned in aid of any person, association, or corporation; and the State shall not become a stockholder in any corporation or association, nor assume, redeem, secure, or pay any indebtedness or pretended indebtedness alleged to be due by the State to any person, association, or corporation whatsoever, claiming the same as owners, holders, or assignees of any bond or bonds, now generally known as "Union Bank" bonds and "Planters Bank" bonds.

MUNICIPAL BORROWING POWERS.—Chapter 147, Laws of 1914 approved March 12 1914, fixes the limit upon the debt which may be incurred by municipalities for the construction or purchase of public utilities, and for public improvement, purchase of land for municipal buildings, and for parks, cemeteries and the protection of the municipality from overflows, the control of streams, establishment of harbors, landing docks, wharves and the construction of certain municipal buildings and liquidation of debts of municipalities. Sections covering this subject are as follows:

Section 2. The amount of the bonds to be issued, including all outstanding bonds, shall not exceed in amount 7% of the assessed value of the taxable property of the municipality, unless in an election held for that purpose a two-thirds majority of the qualified electors voting shall have voted for the issuance of the bonds, but in no case shall the amount exceed 10% of the assessed value.

Section 3. The amount that may be issued by cities having 10,000 or more inhabitants for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water-works, gas, electric plants, and for the improvement, repair and extension thereof, may exceed 10%, but in no case to exceed 15% of the assessed value which shall be submitted to an election as above.

Section 4. The limit on the amount of bonds that may be issued shall not apply to bonds or other obligations issued for liquidation, or to raise funds to liquidate any indebtedness when this Act becomes operative, or to bonds the proceeds of which have been invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on these bonds.

Section 5. The municipalities operating under the commission government laws are authorized to issue bonds for the foregoing purposes by a majority vote, as provided in the commission government laws, and the requirement of a two-thirds majority shall not apply to such municipalities.

Section 7. That this Act shall in no way affect the validity of any bonds heretofore issued, or of any bonds which may have been heretofore authorized at an election held under existing law, whether the bonds so authorized have been issued or not, and shall not affect or repeal any private or local laws now in force authorizing the issuance of bonds for any purpose.

It is also provided that whenever bonds shall be issued for the construction or purchase of water-works, gas or electric plants, they may be secured by the pledge of the revenue of such plants. This law is given in V. 99, p. 1312.

Another Act passed by the 1914 Legislature authorizes cities of 20,000 or over operating under commission government laws to issue, outside the debt limit, not exceeding $500,000 bonds for street improvements. This Act was given in full in V. 99, p. 1312.

INITIATIVE AND REFERENDUM UPHELD.—The State Supreme Court has declared that the initiative and referendum amendment to the State constitution adopted by the voters in 1914, together with eight other amendments, was properly phrased, properly submitted and ultimately adopted by the voters of the State.—V. 104, p. 1824

ACT PASSED VALIDATING ALL MUNICIPAL BONDS, &C., REGARDLESS OF DEFECTS.—Chapter 151, Laws of 1916, approved March 23 1916, validates all municipal bonds, notes, certificates of indebtedness and other obligations regardless of defects or informalities in their issuance. V. 103, p. 862.

BOND ISSUES FOR PERMANENT ROADS.—The 1916 Legislature passed an Act providing for the issuance of serial coupon bonds for permanent roads in an amount which will not exceed 20% of the assessed value of taxable property of said district, based on the assessment roll of the then current year V. 103, p. 862.

TAXATION OF MUNICIPAL AND DRAINAGE BONDS.—All bonds issued by this State are non-taxable under the law authorizing their issuance. Municipal bonds are taxable.

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, laws of 1908), and approved Feb. 20 1908, providing that "in addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

SAVINGS BANK INVESTMENTS.—The Bankin Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manne an other State bank, no separate law governs them."

§ INTEREST is payable at the office of the General Manager of State Penitentiary, Baton Rouge; on all other bonds at State Treasury or at fiscal agency in New York City (Harris, Forbes & Co.).

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt in Jan. 1 1920:

Total bonded debt bearing int. (incl. Port Commission bonds) $44,588,500
Floating Debt Mar. 1 1918—
Baby bonds (3s) and certificates (Act of 1880), exclusive of coupons 910,728
Floating debt, warrant and interest account 222,413

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but $308,500 consols so issued ($303,500 being consols of 1874 and $5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also $421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to $3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, $875,000; 8% State bonds issued to said road, $2,500,000 8% bonds issued to the N. O. Mobile & Chattanooga RR., $70,000; 7.30% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., $260,000, &c.

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of $364,295 bonds disposed of the same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

ASSESSED VALUATION.—The assessed valuation is estimated at about 50% of the actual value. The State tax (per $1,000) for 1917 was $5.00. In addition to the 1917 State tax there was a special Confederate veteran pension fund tax of $1.00 and a special road tax of 25 cents.

DEBT LIMITATIONS, STATE AND MUNICIPAL.—The debt-incurring powers and limitations of the State and its subdivisions are contained in Sections 2 and 12 of Article 4, Sections 16-22-23 and 24 of Article 6, Section 3 of Article 10, Article 14 and Article 20 of the Constitution adopted June 18 1921. Sections 2 and 12 of Article 4 read as follows:

Section 2. The Legislature shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State; or to issue bonds or other evidence of indebtedness thereof, except for the purpose of repelling invasion or for the suppression of insurrection. Nor shall the Legislature alienate, or authorize the alienation of, the fee of the bed of any navigable stream, lake or other body of water, except for purposes of reclamation. In all cases the mineral rights on any and all property sold by the State shall be reserved, except where the owner or other person having the right to redeem may buy or redeem property sold or adjudicated to the State for taxes. This, however, shall not prevent the leasing of such lands and rights for mineral or other purposes.

Section 12. The funds, credit, property or things of value of the State or of any political corporation thereof, shall not be loaned, pledged or granted to or for any person or persons, association or corporation, public or private; nor shall the State, nor any political corporation, purchase or subscribe to the capital or stock of any corporation or association whatever, or for any private enterprise. Nor shall the State, nor any political corporation thereof, assume the liabilities of any political, municipal, parochial, private or other corporation or association whatsoever, except as otherwise provided in this Constitution; nor shall the State undertake to carry on the business of any such corporation or association, or become a part owner therein; provided, the State, through the Legislature, shall have power to grant the right of way through its public lands to any railroad or canal; and provided, police juries and municipal corporations may, in providing for destitute persons, utilize any charitable institutions within their corporate limits for the care, maintenance and asylum of such persons; and all appropriations made to such institutions for the purpose aforesaid shall be accounted for by them in the manner required of officials entrusted with public funds.

The rate of State taxation on property for all purposes, as limited by Section 3, Article 10, shall not exceed, in any one year 5¼ mills on the dollar of its assessed value; provided, the Legislature may by a vote of two-thirds of the members elected to each house, increase such rate to not more than 5¾ mills. Sub-division (f) of Section 12 of Article 14 provides that, no debt shall be incurred and bonds issued therefor by any subdivision hereunder for any one of the purposes herein provided, which, including the existing bonded debt of such subdivision for such purpose, excepting bonds issued and secured by an acreage tax, and bonds issued under Section 14 (e) hereof, shall exceed in the aggregate ten per centum of the assessed valuation of the taxable property of such subdivision, to be ascertained by the last assessment for parish, municipal or local purposes previous to incurring such indebtedness. This does not apply to the City of New Orleans, as to which there are special provisions (Sections 20 to 28 of Article XIV). We have not space to set forth the numerous provisions of the Constitution concerning municipal debt and taxation.

Section 16 of Article 6 provides the the Board of Commissioners of the Port of New Orleans may, with the approval of the Governor and State Auditor, borrow on temporary loans, payable within one year, an amount not to exceed $500,000 at any one time outstanding and may in addition borrow money in anticipation of the collection of charges for wharfage, &c., which have been actually earned, but not yet received; with the approval of the Governor it may, for public purposes other than the payment of current expenses or funding of indebtedness incurred, or to be incurred for current expenses, borrow money and issue bonds to the amount of $6,500,000 (these bonds have all been placed and are in the table of State debt). Section 16 further provides that no bonds shall be sold for less than par and accrued interest or bear a greater rate of interest than 6%, nor shall the total bonded indebtedness of the Board of Commissioners of the Port, for all purposes exclusive of the bonds for the construction of the Navigation Canal ever exceed the sum of $35,000,000. Section 16 also provides that Act 244 of 1914, adopted as an amendment to the Constitution, is continued in force for the purpose of completing the construction and authorizing the maintenance and operation of the Navigation Canal, and which limits the amount of bonds to be issued for such purpose to $25,000,000. Sub-section (c) of Section 22 of Article 6 provides that no debt shall be created, or certificates of indebtedness or bonds issued, to be paid in the future out of the proceeds realized from any State tax or license to be collected under and by virtue of this section, or imposed thereunder by the Legislature, but the said licenses and taxes shall be collected from year to year and expended for the purpose of the construction and maintenance of the system of State highways and bridges.

Sections 23 and 24 of Article 6 also relate to highway construction and read as follows:

"Section 23. All constitutional provisions, or laws, now in force relative to the construction and maintenance of highways, shall remain in force until the Legislature shall enact legislation to carry into effect the provisions of this Constitution.

"Section 24. Nothing in this Constitution shall affect the bonds issued under Act No. 18 of the special session of the Legislature of 1918 for the building of the 'New Orleans-Chef Menteur' and the 'New Orleans-Hammond' highways, and said bonds thus issued in principal and interest shall be paid as provided in said Act."

Article 20 of the new Constitution gives authority to the General Manager of the State penitentiary, with the approval of the Governor, to issue $1,000,000 for the purpose of acquiring approximately 5,000 acres of land adjacent to Angola Plantation in the Parish of West Feliciana. Interest on these bonds must not exceed 6%.

TAXATION OF MUNICIPAL BONDS.—Section 4 of Article 10 of the Constitution, adopted June 18 1921, provides that "obligations of the State or its political subdivisions shall be exempt from taxation."

MUNICIPAL BONDS AS SECURITY FOR POSTAL SAVINGS BANKS.—Regulations eliminating special assessment bonds as security for deposits held not to apply to bonds supported by a general tax limited in amount. See item under *Shreveport, La.*, in V. 98, p. 1179.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the *exemption from taxation*, under prescribed conditions, *of loans made upon mortgages of real estate* and the notes evidencing such loans and loans made by life insurance companies. V. 87, p. 1434.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26 1912 and April 22 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

SAVINGS BANK INVESTMENTS.—Savings banks are empowered to invest in United States bonds and bonds of the State of Louisiana and of the various levee districts, school districts and drainage districts of Louisiana and of the parishes and of such municipal corporations of Louisiana as shall not have defaulted in the payment of interest on their bonds for five years preceding the investment.

LEGAL INVESTMENTS FOR SAVINGS BANKS.—On Oct 22 1913 the Attorney-General of New York State rendered an opinion holding that bonds of the State of Louisiana are legal investments for New York State savings banks. See item under *New York State* in V. 97, p. 1227 and 1444; also item under *Louisiana* in V. 97, p. 1367.

INT. on bonds of 1917 is payable at office of Board of Liquidation, City Hall, and in N. Y. City at Harris, Forbes & Co.; on other bonds at City Hall by Board of Liquidation, at the fiscal agency of the Board in New Orleans and in New York by Winslow, Lanier & Co.

TOTAL DEBT—

	June 30 '21.	*June* 30 '20.
Tot. bd. dt.	$36,295,880	$36,563,660

In addition to the figures of total debt given above, there are outstanding $1,400,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer. Neither do the figures of bonded debt include the amount of accrued interest on premium bonds, which on June 30 1921 was $1,959,324, June 30 1920 it was $2,366,235, and June 30 1919 $2,738,956.
On June 30 1921 the city had outstanding $4,741,143.30 "Public Improvement Certificates." These certificates are issued by authority of Act No. 56 of 1908 and bear interest at the rate of 5%. The City Council was limited to the issue of not exceeding $400,000 of these certificates payable out of the revenues of any one year. They were issued for various public improvements.
PREMIUM BONDS.—The premium bonds ($20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2,352 prizes, aggregating $100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value $420,000) were paid each year, in two installments of 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Jan. 31 and April 15 next preceding. The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.
The drawings to determine which bonds shall receive prizes (ranging from $20 to $5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.
At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Ory, who holds five of the bonds, which are for $20 each. See V. 94, p. 223.

LEGISLATURE meets biennially in odd years on the second Monday in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3% 30-year bonds, denominations $500 and $1,000, except $15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to $24,300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void.

The total amount of bonds outstanding Oct. 1 1921 was $2,008,166.67, of which $1,314,500 are held by the State's School Fund and $123,666.67 by the permanent endowment fund of the University of Arkansas. The total cash balance of all funds on Sept. 30 1920 was $5,514,937.74.

TOTAL DEBT, &c.—The indebtedness of the State Oct. 1 1921 was as follows:

	Interest.	*Payable.*	*Maturity.*	*Amount.*
Refunding bonds	5	*Sept.*	1947	$1,258,166.67
Funding notes	c 4¼	M-S	Sept 1 1922-1936	750,000
Notes	c 6	J-D	June 1 1926-1941	350,000

DEBT NOT RECOGNIZED.—The State has never recognized the $1,986,773 7% Levee bonds which fell due Jan. 1 1900, claiming that the Act authorizing the issue of these bonds was never legally passed by the Legislature, in that roll-call was not had on the bill, which is contrary to the Constitution. A great many of these bonds, however, were used for the purchase of State lands. The Holford funding bonds of 1870, to amount of $1,370,000, which fell due Jan. 1 1900, also have not been recognized by the State. Certain railroad bonds such as the Little Rock & Fort Smith, the Little Rock Pine Bluff & N. O., the Miss. Ouachita & Red River and the Arkansas Central, which the State had also declined to recognize, were taken care of in the settlement perfected by the bondholders with the Missouri Pacific Ry. on its reorganization.

DEBT LIMITATION.—The provisions of the Constitution concerning State, county and municipal indebtedenss, are contained in Sections 1, 2 and 9 of Article 16. This section does not prohibit the State from issuing interest-bearing bonds or notes, but does prohibit the issuance of interest-bearing evidences of indebtedness by counties or municipalities. The issuance of bonds by improvement districts, such as school, levee, bridge, drainage, road and other improvement districts is not prohibited by the Constitution, and the Supreme Court of the State of Arkansas, in a series of decisions extending over a period of 25 years, has held, without qualification, that the above sections of the Constitution have no application to bonds issued by improvement districts, and that such districts have the right to borrow money, issue bonds or other interest-bearing evidences of indebtedness. Section 27, Article 19, authorizes the organization of improvement districts within the corporate limits of cities and towns. Bonds issued by the various improvement districts accordingly have a recognized standing, the taxes being collected by the county and municipal officials and the proceeds paid into the treasury of the districts.

Sections 1, 2 and 9, Article 16, and Section 27, Article 19, referred to above, follow:

Section 1. Neither the State nor any city, county, town or other municipality in this State shall ever loan its credit for any purpose whatever; nor shall any county, city, town or municipality ever issue any interest-bearing evidences of indebtedness, except such bonds as may be authorized by law to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall from time to time provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed ½ of 1% for all purposes, but may levy an additional ½ of 1% to pay indebtedness existing at the time of the ratification of this Constitution.

Section 27. Nothing in this Constitution shall be so construed as to prohibit the General Assembly from authorizing assessments on real property for local improvements in towns and cities under such regulations as may be prescribed by law, to be based upon the consent of a majority in value of the property holders owning property adjoining the locality to be affected; but such assessments shall be ad valorem and uniform (21).

(At the general election Sept. 14 1914 a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 1185.)

(An amendment to the Constitution providing that the credit of the State might be loaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the November 1918 election.)

The State Supreme Court upheld the road-building law passed by the Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

TAXATION OF MUNICIPAL BONDS.—Bonds or other interest-bearing evidences of indebtedness issued by the State, or political subdivisions thereof, are subject to taxation as personal property, but only when owned or held by residents of the State.

FEDERAL FARM LOAN BONDS AUTHORIZED FOR FINANCIAL INSTITUTIONS, TRUSTEES, &C.—The 1921 General Assembly passed an Act authorizing the investment by financial institutions, trustees, &c., in bonds issued under the Federal Farm Loan Act. The Act reads as follows:

ACT. 564.—*Be it enacted by the General Aasembly of the State of Arkansas*

Section 1. That hereafter it shall be lawful for all banks, banking companies, trust companies, savings banks, building and loan associations, insurance companies, doing business in the State of Arkansas, all trustees and guardians of the estates of minors and insane presons, executors or administrators, to invest their funds in bonds issued under the Act of Congress, dated July 17 1916, entitled the "Federal Farm Loan Act," or any Act amendatory thereof.

Sec. 2. That hereafter it shall be lawful for any person, firm or corporation, now or hereafter required by law to maintain a cash deposit as public security, or in lieu thereof to file a bond of approved security in favor of the State of Arkansas, to deposit with the officer of the State of Arkansas now or hereafter designated as the custodian of such funds, in lieu of such cash deposit, an amount of bonds issued under the Act of Congress, dated July 17 1916, known as the "Federal Farm Loan Act," which, at the market value thereof, shall equal or be in excess of the amount required as such cash deposit.

Sec. 3. That all laws and parts of laws in conflict with this Act be, and the same are, hereby repealed, and this Act being necessary for the immediate preservation of the public peace, health and safety, shall take effect and be in force from and after its passage.

Approved March 26 1921.

POPULATION.—The population has been as follows:

1920	1,752,204	1880	802,525	1840	97,574
1910	1,574,449	1870	484,471	1830	30,388

§ This includes valuation of railroads, &c.

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which requires that property be assessed at its full value.

DEBT LIMITATION.—*State.*—Section 49, Article 3 of the State Constitution reads "No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed, in the aggregate at any one time, two hundred thousand dollars."

Section 50 of the same Article prohibits the Legislature from giving or lending, or authorizing the giving or lending of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other; or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation.

Counties, Cities, Towns, &c.—Section 52 of Article 3 of the State Constitution states that the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association, or company; provided however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State, and which may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds (2-3) majority of the resident property taxpayers voting thereon, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth (¼) of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize and in such manner as it may authorize the same for the following purposes: Improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes, construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof; construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof. Sec. 4 of Article XI relates to cities and towns of 5,000 or less population and limits the annual tax which may be levied by such municipalities to defray the current expenses of local government for any one year to 1½%*. Sec. 5 of Art. XI stipulates that in cities of over 5,000 inhabitants no tax for any purposes in any one year must exceed two and one-half per centum of the taxable property, and provides that "no debt shall ever be created by any city or town unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and create a sinking fund for at least two per cent (2%) thereon. By Sec. 6, Art. XI, counties, cities and towns are authorized to levy taxes necessary to pay the interest and provide a sinking fund to satisfy any indebtedness heretofore legally made and undertaken; but all such taxes shall be assessed and collected separately from that levied, assessed and collected for current expenses of municipal government, and shall, when levied, specify in the act of levying, the purpose therefor. Sec. 7, Art. XI, provides that all counties and cities bordering on the coast of the Gulf of Mexico are hereby authorized, upon a vote of two-thirds (2-3) of the taxpayers therein, to levy such tax for construction of sea-walls breakwaters or sanitary purposes, and may create a debt for such works and issue bonds in evidence thereof. But no debt for any purpose shall ever be incurred in any manner by any city or county unless provision is made, at the time of creating the same, for levying and collecting a sufficient tax to pay the interest thereon and provide at least two per cent (2%) as a sinking fund. *As amended Nov. 2 1920.

School Districts.—Section 3 of Article VII of the constitution authorizes the Legislature to provide for the formation of school districts by general or special law and the same section provides that, with the approval of a majority of the qualified tax-paying voters, such districts may levy a tax of not to exceed (as amended Nov. 2 1920) $1.00 on the $100 valuation, this limitation, however, not to apply to incorporated cities or towns constituting separate and independent school districts.

Seawall Building Bonds.—A joint resolution, amending Article XVI of the Constitution of Texas, authorizing the city and county of Galveston to issue $5,000,000 seawall bonds, passed by the 1919 Legislature, was approved by the voters at the November 1919 election.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out *prior* to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city"; also excepting bond issues for less than $2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued"] to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's Department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. V. 97, p. 310.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's Department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts, drainage and levee districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788 V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503. 719, 1520, 1578; V. 97, p. 310 V. 103, p. 863; V. 103, p. 2445; V. 109, p. 2374, and V. 110, p. 783.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the Department of Insurance and Banking wrote us in part as follows concerning the law regulating the investment of funds of savings institutions in Texas

"* * * While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unmingled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds of the State of Texas, or of any State of the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.

5. In bonds or notes secured by first mortgage, deed of trust or other valid lien on unincumbered, improved real estate to run for a term of not longer than ten years, situated in the State, worth at least twice the amount loaned thereon, such bonds or notes to be always accompanied by a complete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the laws of this State, certifying said bonds or notes to be the first lien on the land mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described."

The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See item under *Cameron County Irrigation District No. 1*, on page 1312, of the "Chronicle" for Oct. 31 1914.

POPULATION.—The population of Texas has been as follows:

1920	4,663,228	1890	2,235,523	1860	604,215
1910	3,896,542	1880	1,591,749	1850	212,592
1900	3,048,710	1870	818,579		

Of the total population in 1920, 741,694 were blacks, which compares with 690,020 in 1910, 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1920 being only 15.9% and for 1910 only 17.7%, against 20.4% in 1900, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.
This is the capitol of the State and the county seat of Travis County. First incorp. Dec. 27 1839. On Dec. 29 1908 a new charter was favorably voted providing for a commission form of government.
The Austin dam, water-works, electric-light and power houses, for the building of which bonds were issued, were destroyed by the disastrous flood that visited Texas in April 1900 (V. 70, p. 755), but a new, larger and better dam has now been completed at a cost to the city of $1,720,000. An adjustment of the old debt on the basis of new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee in August 1901. For details see V. 73, p. 459. All these bonds have been refunded. See table below.

§ INT. at Irving Nat. Bank, N. Y.
Under the terms of an ordinance passed by the City Council and ratified by popular vote, an agreement was authorized between the City Water Power Co. and the City of Austin, dated Sept. 22 1911, under which the entire property of the water company will be owned by the city upon the completion of the required payment of $64,800 per annum for 25 years and $100,000 cash upon the completion of the new dam. The annual payment mentioned above is made one-half every six months directly to the trustee (New York Trust Co.), which pays the interest and redeems bonds therefrom. The payments by the city are derived from the gross income of the city's water, light and power department, and the city is required by the ordinance to maintain water, light and power rates sufficient and adequate to pay the installments as they mature. The gross earnings of the water company in 1914 were $324,940.24 and the operating expenses $118,324.07.

FORT WORTH.
This city is county seat of Tarrant Co. Incorp. 1873. The validity of some of the city bonds was the subject of litigation, but decisions of the Court of Civil Appeals have confirmed their legality. See V. 66, p.775; V. 67, p.1072, and V.76, p. 223. The city failed to pay its interest due in September and November 1899 (see V. 69, p. 711), but in January 1900 paid all arrears. In December 1900 an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a resolution to aid in the process was passed by the City Council. See "Chronicle," V. 72, p. 100. The Legislature of 1901 authorized $1,883,000 4% 40-year bonds to take up the old issues and $754,000 were refunded; remainder of new issue was then canceled and all further efforts to refund stopped

GALVESTON.
Galveston, the leading seaport of Texas, is the county seat of Galveston County, and was inc. in March 1839. It is the Eastern terminus of both the Atchison and Southern Pacific transcontinental railway systems. At a cost of over $5,000,000 the grade of the city has been raised and the beach front has been protected by a seawall and breakwater twenty-one feet above sea level; the seawall has proven its efficiency.

INT. on bonds payable in N. Y. City or in Galveston.
The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston. Bonds were issued aggregating $2,000,000 This donation, with a nominal tax, has been sufficient to pay the interest on all said bonds and retire $754,000 of the bonds. There is now in the nterest and sinking fund of these bonds $112,000.
In addition to the sinking fund as given above, the city owns $622,200 wharf company stock. Also owns a water-works plant valued at $2,042,-512, an electric-light plant, sewer plant, &c. The conservative value of its public property at present is $4,371,901.50.
Sink. fd. receives yearly an amount equal to 2% of outstanding bonds.
The city holds as a reserve fund $6,404 set aside by its charter.
